Lived Religion and the Long Reformation in Northern Europe c. 1300-1700 Raisa Maria Toivo, Sari Katajala-Peltomaa, 2016-09-27 Lived Religion and the Long Reformation in Northern Europe puts Reformation in a daily life context using lived religion as a conceptual and methodological tool exploring how people lived out their religion in their mundane toils and how religion created a performative space for them This collection reinvestigates the character of the Reformation in an area that later became the heartlands of Lutheranism The way people lived their religion was intricately linked with questions of the value of individual experience communal cohesion and interaction During the late Middle Ages and Early Modern Era religious certainty was replaced by the experience of doubt and hesitation Negotiations on and between various social levels manifest the needs aspirations and resistance behind the religious change Contributors include Kaarlo Arffman Jussi Hanska Miia Ij s Sari Katajala Peltomaa Jenni Kuuliala Marko Lamberg Jason Lavery Maija Ojala P ivi R is nen Schr der Raisa Maria Toivo Martin Luther and the Long Reformation James G Kiecker, 2016-07-01 This helpful book gives you the full story of Martin Luther and the Reformation Have you ever wondered what struggles Martin Luther experienced during the Reformation in the 1500s or how much opposition he faced What challenges attempted to pull him from his path of teaching God s Word to the people Examine the full history of the Reformation in this book From early attempts at reform in the church the scope of Luther s reform to today s present challenges in the church You ll learn about Luther and the Reformation within the wider historical context both the history that preceded the 16th century and the centuries that followed the Reformation all the way to the present Early Modern Literature and England's Long Reformation David Loewenstein, Alison Shell, 2020-12-17 Assessing early modern literature and England s Long Reformation this book challenges the notion that the English Reformation ended in the sixteenth century or even by the seventeenth century Contributions by literary scholars and historians of religion put these two disciplines in critical conversation with each other in order to examine a complex messy and long drawn out process of reformation that continued well beyond the significant political and religious upheavals of the sixteenth century The aim of this conversation is to generate new perspectives on the constant remaking of the Reformation or Reformations as some scholars prefer to characterize the multiple religious upheavals and changes both Catholic and Protestant of the early modern period This interdisciplinary book makes a major contribution to debates about the nature and length of England s Long Reformation Early Modern Literature and England s Long Reformation is essential reading for scholars and students considering the interconnections between literature and religion in the early modern period The chapters in this book were originally published as a special issue of the journal *Reformation* Generations Alexandra Walsham, 2023 Generations examines how the English Reformation was

shaped by the generations that experienced witnessed and participated in it Drawing on a rich array of evidence it highlights the vital part played by families bound by blood and by faith in the religious revolution that stretched across the 16th and 17th centuries     Reformations Carlos M. N. Eire,2016-06-28 This fast paced survey of Western civilization s transition from the Middle Ages to modernity brings that tumultuous period vividly to life Carlos Eire popular professor and gifted writer chronicles the two hundred year era of the Renaissance and Reformation with particular attention to issues that persist as concerns in the present day Eire connects the Protestant and Catholic Reformations in new and profound ways and he demonstrates convincingly that this crucial turning point in history not only affected people long gone but continues to shape our world and define who we are today The book focuses on the vast changes that took place in Western civilization between 1450 and 1650 from Gutenberg s printing press and the subsequent revolution in the spread of ideas to the close of the Thirty Years War Eire devotes equal attention to the various Protestant traditions and churches as well as to Catholicism skepticism and secularism and he takes into account the expansion of European culture and religion into other lands particularly the Americas and Asia He also underscores how changes in religion transformed the Western secular world A book created with students and nonspecialists in mind **Reformations** is an inspiring provocative volume for any reader who is curious about the role of ideas and beliefs in history     **Broken Idols of the English Reformation** ,     *Empires of Religion* H. **Godly Kingship in Restoration England** Jacqueline Rose,2011-07-21 The position of English monarchs as supreme governors of the Church of England profoundly affected early modern politics and religion This innovative book explores how tensions in church state relations created by Henry VIII s Reformation continued to influence relationships between the crown Parliament and common law during the Restoration a distinct phase in England s long Reformation Debates about the powers of kings and parliaments the treatment of Dissenters and emerging concepts of toleration were viewed through a Reformation prism where legitimacy depended on godly status This book discusses how the institutional legal and ideological framework of supremacy perpetuated the language of godly kingship after 1660 and how supremacy was complicated by the ambivalent Tudor legacy It was manipulated by not only Anglicans but also tolerant kings and intolerant parliaments Catholics Dissenters and radicals like Thomas Hobbes Invented to uphold the religious and political establishments supremacy paradoxically ended up subverting them     **God & the Gothic** Alison Milbank,2018-11-10 God and the Gothic Romance and Reality in the English Literary Tradition provides a complete reimagining of the Gothic literary canon to examine its engagement with theological ideas tracing its origins to the apocalyptic critique of the Reformation female martyrs and to the Dissolution of the monasteries now seen as usurping authorities A double gesture of repudiation and

regret is evident in the consequent search for political aesthetic and religious mediation which characterizes the aftermath of the Glorious Revolution and Whig Providential discourse Part one interprets eighteenth century Gothic novels in terms of this Whig debate about the true heir culminating in Ann Radcliffe's melancholic theology which uses distance and loss to enable a new mediation Part two traces the origins of the doppelgänger in Calvinist anthropology and establishes that its employment by a range of Scottish writers offers a productive mode of subjectivity necessary in a culture equally concerned with historical continuity In part three Irish Gothic is shown to be seeking ways to mediate between Catholic and Protestant identities through models of sacrifice and ecumenism while in part four nineteenth century Gothic is read as increasingly theological responding to materialism by a project of re-enchantment Ghost story writers assert the metaphysical priority of the supernatural to establish the material world Arthur Machen and other Order of the Golden Dawn members explore the double and other Gothic tropes as modes of mystical ascent while raising the physical to the spiritual through magical control and the M R James circle restore the sacramental and psychical efficacy of objects

*The Long Shadow of 9/11* Brian Michael Jenkins, Jenkins/Godges, John Godges, 2011 In a series of essays this book addresses the question of how America has responded in the ten years since the 9/11 terrorist attacks and suggests options for more effectively dealing with the terrorist threat in the future

*The Long European Reformation* Peter G. Wallace, 2019-09-28 In this established textbook Wallace provides a succinct overview of the European Reformation interweaving the influential events of the religious reformation with the transformations of political institutions socio-economic structures gender relations and cultural values throughout Europe Examining the European Reformation as a long-term process he reconnects the classic 16th century religious struggles with the political and religious pressures confronting late medieval Christianity and argues that the resolutions proposed by reformers such as Luther were not fully realised for most Christians until the early 18th century This new edition features a brand new chapter on the Reformation from a global perspective updated historiography a new chronology and updated material throughout including on the interrelationship between religion and politics after 1648 The Long European Reformation provides an even-handed and detailed account of this complex topic providing a clear overview that is perfect for undergraduate and postgraduate students of history and religious studies New to this Edition New chapter on the Reformation in global perspective Incorporates new perspectives and current debates on Luther and the place of the Reformation within Western history including consideration of how people lived with their religious differences Expanded conclusion with references to the 500th anniversary and religious continuities

*Defoe's Footprints* Robert M. Maniquis, Carl Fisher, 2009-01-01 In Defoe's Footprints essays by prominent scholars of eighteenth century literature salute Maximilian E. Novak's influence upon the study of Daniel Defoe Best known today as the author of Robinson Crusoe Defoe was a prolific writer in the late seventeenth and early eighteenth centuries who wrote novels essays pamphlets and poems Widely extending Novak's perspectives this volume explores Defoe's place in the English novel and in literary developments

of mimesis realism and popular mythology The contributors locate Defoe in new ways within the complex symbolism and discourse of a turbulent world of burgeoning capitalism Protestantism imperialism and economic speculation With attention to Defoe's neglected writings as well as to his important works this volume uncovers his distance from and influence on modern literature paying tribute to Maximilian E Novak by presenting new ideas about and new readings of Daniel Defoe

Worship, Civil War and Community, 1638-1660 Chris R. Langley, 2015-10-23 This is the first study of the interaction between warfare and national religious practice during the British Civil Wars Using hundreds of neglected local documents this work explores the manner in which civil conflict invasion and military occupation affected religious practice As Churches elsewhere in Britain and Ireland were dismantled and the country was invaded by a foreign English army mid seventeenth century Scotland provides an important yet neglected point of entry in exploring the intersection between early modern warfare and religious practice The book establishes a fresh way of looking at the conflicts of the mid seventeenth century No other study has explored how soldiers were quartered or marched in close proximity to parish worship how their presence affected worship patterns and how the very idea of conflict in the mid seventeenth century impacted upon the day to day lives of worshippers Using the signing of the National Covenant in 1638 as its starting point this perspective emphasises flexibility in religious practice and the dialogue between local communities religious leaders and troops as a critical element in the experience of war

**Persuasion and Conversion** Torrance Kirby, 2013-08-22 The early modern public sphere emerges out of a popular culture of persuasion fostered by the Protestant Reformation By 1600 religious identity could no longer be assumed as given within the hierarchical institutions and elaborate apparatus of late medieval sacramental culture Reformers insisted on a sharp demarcation between the inner subjective space of the individual and the external public space of institutional life Gradual displacement of sacramental culture was achieved by means of argument textual interpretation exhortation reasoned opinion and moral advice exercised through both pulpit and press This alternative culture of persuasion presupposes a radically distinct notion of mediation The common focus of the essays collected here is the dynamic interaction of religion and politics which provided a crucible for the emerging modern public sphere
