Books Abridged, 1956 **Fin-de-Siècle Splendor** Dewei Wang, 1997 The reigning view of literary historians has been that the May Fourth movement of 1919 marks the division between the traditional and the modern in Chinese literature This book argues that signs of reform and innovation can be discerned long before May Fourth and that as China entered the arena of modern international history in the late Qing it was already developing its own complex matrix of incipient modernities It demonstrates that late Qing fiction nurtured a creative innovative poetics one that was spurned by the reformers of the May Fourth generation in favor of Western style realism The author recognizes that a full account of modern Chinese fiction needs to ask why so many genres styles themes and figures found in late imperial fiction were repressed by modern Chinese literary discourse He focuses on four genres of late Qing fiction that have been either rudely dismissed in pejorative terms or simply ignored depravity romances court case and chivalric cycles grotesque exposés and scientific fantasies The author shows that in spite of the realist orthodoxy that has dominated Chinese literature since the May Fourth movement these unwelcome genres have continually found their way back into mainstream discourse their influence being increasingly evident in recent decades This first comprehensive study of late Qing fiction discusses more than sixty works at least half of which have rarely or never been dealt with by Western or Chinese scholars Richly informed by contemporary literary theory this book constitutes a polemical rethinking of the nature of Chinese literary and

cultural modernity The Animal Picture-Book. Abridged from "The Illustrated Natural History" [by J. G. Wood]. With ... Plates, Etc ,1876 **The History of the English Novel** Ernest Albert Baker,1924 **The Gothic's Gothic (Routledge Revivals)** Benjamin Franklin Fisher IV,2016-05-05 First published in 1988 this book aims to provide keys to the study of Gothicism in British and American literature It gathers together much material that had not been cited in previous works of this kind and secondary works relevant to literary Gothicism biographies memoirs and graphic arts Part one cites items pertaining to significant authors of Gothic works and part two consists of subject headings offering information about broad topics that evolve from or that have been linked with Gothicism Three indexes are also provided to expedite searches for the contents of the entries This book will be of interest to students of literature The Works of Schopenhauer, Abridged Arthur Schopenhauer,1928 The translations of the Essays are by T Bailey Saunders the selections from The world as will and idea are taken from the translation by R B Haldane and J Kemp **The Saturday Review of Politics, Literature, Science and Art** ,1911 The Cambridge Companion to 'Robinson Crusoe' John Richetti,2018-04-26 An instant success in its own time Daniel Defoe s The Adventures of Robinson Crusoe has for three centuries drawn readers to its archetypal hero the man surviving alone on an island This Companion begins by studying the eighteenth century literary historical and cultural contexts of Defoe s novel exploring the reasons for its immense popularity in Britain and in its colonies in America and in the wider European world Chapters from leading scholars discuss the social economic and political dimensions of Crusoe s island story before examining the after life of Robinson Crusoe from the book s multitudinous translations to its cultural migrations and transformations into other media such as film and television By considering Defoe s seminal work from a variety of critical perspectives this book provides a full understanding of the perennial fascination with and the enduring legacy of both the book and its iconic hero Abridged Index Medicus ,1997-10 *The Anthology and the Rise of the Novel* Leah Price,2003-07-17 The Anthology and the Rise of the Novel first published in 2000 brings together two traditionally antagonistic fields book history and narrative theory to challenge established theories of the rise of the novel Leah Price shows that far from leveling class or gender distinctions as has long been claimed the novel has consistently located them within its own audience Shedding new light on Richardson and Radcliffe Scott and George Eliot this book asks why the epistolary novel disappeared how the book review emerged why eighteenth century abridgers designed their books for women while Victorian publishers marketed them to men and how editors reproduction of old texts has shaped authors production of new ones This innovative study will change the way we think not just about the history of reading but about the genealogy of the canon wars the future of intellectual property and the role that anthologies play in our own classrooms

Poverty and Leadership in the Later Roman Empire Peter Brown,2002 A preeminent classical scholar on the emergence of one of our most familiar social divisions **The Lasting of the Mohicans** Martin Barker,1995 Why does this book that everyone knows but that few have read continue to be perennially attractive for the media In answer to this
