

MODULE 5 – STAFFING

INTRODUCTION

Have you ever wondered how a person knows that there is a job vacancy? How about how they are selected and hired? People are considered to be the best asset in every organization thus recruitment and selection process are tightly monitored by Human Resource Personnel to ensure that the right people will be hired for the right job. This process is known as Staffing. Staffing is the process of recruiting, selecting, and training of men. It means putting the right men on the right jobs. The managerial function of staffing involves manning the organizational structure through proper and effective evaluation, selection, and development of people to perform the roles and duties on their respective positions.

This module will give an overview on how staffing is done: from the posting of job vacancies, forms of recruitment, process of selection of employees from pool of applicants, evaluation of employees performance and even with the proper trainings needed by the employees to maximize its effectiveness and efficiency in the organization.

LEARNING OUTCOMES:

After reading this module, the learner should be able to:

1. Analyze the concept of staffing as one of management function;
2. Cite different ways of recruitment ;
3. Identify the process of selection and hiring of applicants;
4. Explain the importance of training in maximization of employees' effectiveness and efficiency in the organization.

TIME:

The time allotted for this module is 3 hours.

LEARNER DESCRIPTION

The participants in this module are BSA and BSBA students
