## **Monastic Journey:**

**The Monastic Journey** Thomas Merton, 1977 The writings of Thomas Merton on the monastic journey      **The Life of the Vows** Thomas Merton, 2012 As novice master of the Cistercian Abbey of Our Lady of Gethsemani in Kentucky Thomas Merton presented weekly conferences to familiarize his charges with the meaning and purpose of the vows they aspired to undertake In this setting he offered a thorough exposition of the theological canonical and above all spiritual dimensions of the vows Merton set the vows firmly in the context of the anthropological moral soteriological and ecclesial dimensions of human Christian and monastic life He addressed such classical themes of Christian morality as the nature of the human person and his acts the importance of justice in relation to the Passion of Christ to friendship and to love and self surrender as the key to grace prayer and the vowed life Merton's words on these topics clearly spring from a committed heart and often flow with the soaring intensity of style that we have come to expect in his more enthusiastic prose The texts of these conferences represent the longest and most systematically organized of any of numerous series of conferences that Merton presented during the decade of his mastership They may be the most directly pastoral work Merton ever wrote      *Monastic Perspectives on Temporality* Riitta Hujanen, 2023-08-07 In this book Riitta Hujanen explores temporality in the context of Catholic enclosed contemplative traditions It investigates based on literature and other sources what enclosed contemplatives might say about temporality through their monastic journeys What makes a young person decide to dedicate their life inside a cloister Do contemplatives have a preference for eternity over temporal time How does the enclosed contemplative life impact one's concept of time How is time perceived towards the end of one's monastic journey What is seen when looking back to the years in the enclosed contemplative life What is experienced at the hour of death The answers to these questions illustrate a paradoxical dynamic in monastic journeys that cover a broad historical scope from the earliest monastic writers to contemporary sources      **A Monastic Introduction to Sacred Scripture** Thomas Merton, 2022-10-27 Thomas Merton gave numerous conferences during his decade 1955-1965 as novice master at the Cistercian Abbey of Gethsemani In *A Monastic Introduction to Sacred Scripture* Patrick F O Connell presents one of these a wide ranging introduction to biblical studies Drawing on church tradition teaching of recent papal documents and scholarly resources of the time Merton reveals the central importance of the Scriptures for the spiritual growth of his listeners For Merton at the heart of any meaningful reading of the Scriptures not only for monks but for all Christians is the invitation to respond not just intellectually but with the whole self to recognize the gospel as good news as a saving liberating consoling challenging word reflecting his fundamental belief that the Holy Spirit enlightens us in our reading to see how our own lives are part of these great mysteries how we are one with Jesus in them O Connell's extensive introduction situates this reflection in the context of Merton's evolving engagement with the Bible from his own days as a student monk through the mature reflections from his final years on the biblical renewal in the wake of the Second Vatican Council      *New Monasticism* Rory McEntee, Adam

Bucko,2015-03-31     Forms of Devotion Everett Ferguson,1999 First published in 1999 Routledge is an imprint of Taylor Francis an informa company     *The Cistercian Fathers and Their Monastic Theology* Thomas Merton,2016 These conferences presented by Thomas Merton to the novices at the Abbey of Gethsemani in 1963 1964 focus mainly on the life and writings of his great Cistercian predecessor St Bernard of Clairvaux 1090 1153 Guiding his students through Bernard s Marian sermons his treatise On the Love of God his controversy with Peter Abelard and above all his great series of sermons on the Song of Songs Merton reveals why Bernard was the major religious and cultural figure in Europe during the first half of the twelfth century and why he has remained one of the most influential spiritual theologians of Western Christianity from his own day until the present As James Finley writes in his preface to this volume Merton is teaching us in these notes how to be grateful and amazed that the ancient wisdom that shimmers and shines in the eloquent and beautiful things that mystics say is now flowing in our sincere desire to learn from God how to find our way to God     Living the Hours Anthony Grimley,Jonathan M. Wooding,2009-10-01 Living the Hours explores what makes the monastic tradition so appealing to ordinary people today who may be discovering a world of spirituality previously hidden from them or perhaps questioning the balance priorities and focal points of their lives Since its beginnings in the fourth century monasticism s alternative vision for living has in different ways always inspired men and women in the secular world to step outside the routine of everyday life and to give time to reflection and exploration The monastic day is measured in hours with times for prayer physical work study and rest all contributing to a balanced holistic life This book looks at different expressions of monastic life through history and at the new monastic movements emerging today and asks how they can teach us in today s consumerist world to live more fully more consciously aware of how we choose to fill our hours and days     **In Search of the Healing Spirit** Nass Cannon Jr.,2023-06-29 The late Dr Nass Cannon Jr MD was a physician for the indigent poor for over forty years and an internationally renowned scholar of the theologian and monk Thomas Merton In Search of the Healing Spirit follows a narrative arc across several essays of Dr Cannon s analysis and reflections on life and Thomas Merton s theological contributions First articulated by Dr Cannon at the outset of his journey to serve the poor the guiding principle of the book is an exploration of what it means to be broken and called to heal each other ourselves and the world As Dr Cannon writes I am a physician who views his root identity as one called to heal Yet I experience myself as broken as one admonished by the phrase Physician heal thyself Perhaps you too experience yourself as a broken healer Let us together explore some notions regarding the healer as broken examine the nature of healing and consider the relationship of the healer to one healed From this position as a broken healer which implicitly embodies Merton s contemplative spirituality Dr Cannon s meditations over the course of his life of service increasingly weave in Merton s contributions in search of the true self on such pressing and universal topics as grief and loss the eternal nature and healing power of love and to do what we can for each other with the time we are given Dr Cannon s writings engage a twenty first century audience with insights drawn from fifty years of study

that can aid lay persons clergy and academics to better understand what it means to be a broken person and through that brokenness to heal themselves and the world      *Lovers of the Place* Francis Kline, 2012 Originally published Collegeville Minn Liturgical Press c1997 With new foreword      *Research in the Social Scientific Study of Religion, Volume 16* Ralph L. Piedmont, 2005-12-01 Research in the Social Scientific Study of Religion RSSSR publishes reports of innovative studies that pertain empirically or theoretically to the scientific study of religion including spirituality regardless of their academic discipline or professional orientation The articles included in this volume report studies on the role of religion and spirituality in relationship to many topics of current popular interest among them well being self esteem emotional intelligence substance abuse social mobility positive psychology coping with medical decision making and images of God

**Encyclopedia of Monasticism** William M. Johnston, 2013-12-04 The two volume Encyclopedia of Monasticism describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places surveys of countries and localities and topical essays covering a wide range of issues e g art behavior economics liturgy politics theology and scholarship Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life Recent upheavals in certain countries are highlighted Korea Russia Sri Lanka etc Topical essays subtitled Christian Perspectives and Buddhist Perspectives explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism Encyclopedia of Monasticism also includes more than 500 color and black and white illustrations covering all aspects of monastic life art and architecture      *Thomas Merton and the Noonday Demon* Donald Grayston, 2015-05-19 How did Thomas Merton become Thomas Merton Starting out from any one of his earlier major life moments wealthy orphan boy big man on campus fervent Roman Catholic convert new and obedient monk we find ourselves asking how by his life's end he had grown from who he was then into a transcultural and transreligious spiritual teacher read by millions This book takes another such starting point his attempt in the mid 1950s to move from his abbey of Gethsemani in Kentucky a place that had become in his view noisy beyond bearing to an Italian monastery Camaldoli which he idealized as a place of monastic peace The ultimate irony Camaldoli at that time bucolic and peaceful outwardly was inwardly riven by a pre Vatican II culture war whereas Gethsemani which he tried so hard to leave became when he was given his hermitage there in 1965 his place to recover Eden In walking with Merton on this journey and reading the letters he wrote and received at the time we find ourselves asking as he did with so much energy and honesty the deep questions that we may well need to answer in our own lives      **The Story of Monasticism** Greg Peters, 2015-08-11 Some evangelicals perceive monasticism as a relic from the past a retreat from the world or a shirking of the call to the Great Commission At the same time contemporary evangelical spirituality desires historical Christian manifestations of the faith In this accessibly written book Greg Peters an expert in monastic studies who is a Benedictine oblate and spiritual director offers a historical survey of monasticism from its origins to current manifestations Peters recovers the riches of the monastic

tradition for contemporary spiritual formation and devotional practice explaining why the monastic impulse is a valid and necessary manifestation of the Christian faith for today's church

### **Liturgical Feasts and Seasons** Thomas

Merton, 2023-11-30 Liturgical Feasts and Seasons in this third volume of paper from Thomas Merton's conferences during his decade 1955-1965 as novice master at the Cistercian Abbey of Gethsemani his insight into the liturgical pattern of the Christian year and beyond is presented in fresh detail Merton's own commitment to this central dimension of Christian life is clear and nowhere more so than in his work introducing students to the patterns that would mark their lives as monks

Though dating from the period just before the liturgical reforms of Vatican II Merton's commentaries remain pertinent The thoroughly annotated text is preceded by an extensive introduction situating this material in the context of Merton's lifelong writing on liturgy Moreover as his former student Br Paul Quenon notes in his foreword this context is one deeply rooted in Merton's understanding of Scripture These notes take us into one man's lifetime of reflection and seasoned experience of the Church Year

In the Liturgical Feasts and Seasons Novitiate Conferences on Scripture and Liturgy 3 Patrick F O Connell

deeply rooted in Merton's understanding of Scripture

### **Thomas Merton's Encounter with Buddhism and Beyond** Jaechan

Anselmo Park, 2019-03-07 Thomas Merton recognized the value and possibility of contemplative dialogue between monastics and contemplatives of other religious traditions and hoped that through such dialogue monastics would strive for inter-monastic communion and a bonding of the broader spiritual family He held out hope that this bond would demonstrate the fundamental unity of humanity to a world that was becoming ever more materialistic and divided Among other themes and topics this book explores Thomas Merton's role as a pioneer of Buddhist-Christian dialogue and monastic interreligious dialogue It delves into the process of Merton's self-transformation through contemplative experiences explores his encounter with Zen and Tibetan Buddhists and his pioneering engagements in Buddhist-Christian dialogue and presents and responds to the criticisms of those who raise questions about Merton's understanding of Buddhism Fr Jaechan Anselmo Park OSB articulates and analyzes the influences of Buddhist theory and practice on Thomas Merton's contemplative spirituality and shows how Merton's legacy has influenced and continues to inspire interreligious and inter-monastic dialogue particularly in an Asian monastic context
