## **Monitoring Government:**

**Monitoring Government** Paul C. Light, 2011-02-01 Until the Department of Housing and Urban Development scandal in 1989 the public knew little about federal inspectors general IGs Suddenly Congress the press and the public were seeking answers to a scandal that challenged the role of the IGs in ensuring government accountability Within days the IGs were front page news and greater emphasis was placed on fraud waste and abuse as a measure of whether government could be held accountable Monitoring Government offers the first systematic evaluation of the offices of inspector general OIGs and examines the government wide investment in the IG concept Despite their increasingly prominent often controversial role in the internal oversight of government very little is known about their institutional or operational problems To some in the executive branch OIGs exercise too much discretion at the expense of executive control To others in Congress they do not have enough autonomy and responsibility Overall the question is not only how the OIGs have functioned but also what role they soundly play in our system of separation of powers Paul Light begins with a brief history of the IG concept from the passage of the 1978 IG Act to the changes in mission with new administrations He explains the different approaches to accountability discusses the nature of monitoring the political incentives surrounding findings and recommendations made by IGs and looks at the dominance of compliance monitoring as the front line against fraud waste and abuse The book addresses a number of specific issues regarding the policing of government Using detailed interviews with past IGs and senior level officials across government as well as a case study of the Housing and Urban Development scandal Lights examines a series of specific operational issues Envisioning a broader role for the IG in the future he offers recommendations to strengthen the search for accountability

**Monitoring the Government's response to court judgments finding breaches of human rights** Great Britain: Parliament: Joint Committee on Human Rights, 2007-06-28 In the UK s institutional arrangements for protecting human rights both Parliament and the judiciary have a central role When the courts give a judgement finding that a law policy or practice is in breach of human rights it is for Parliament to scrutinise the adequacy of the Government s response and in some cases decide if there needs to be a change in law An important part of the role of the Committee is to help Parliament in this function This report brings together all their monitoring work in relation to both judgements of the European Court of Human Rights and declarations of incompatibility given by UK courts under the Human Rights Act

*Monitoring the Government's Response to Human Rights Judgments* Great Britain. Parliament. Joint Committee on Human Rights, 2008 This is the Committee s second annual report monitoring the Government s response to human rights judgments in the European Court of Human Rights The Committee criticises the Government for its failure to respond to many of its recommendations in its previous report 17th report session 2006 07 HL 128 HC 728 ISBN 9780104011065 The Committee believes the Government should take a consistent and transparent approach across departments to the way in which it responds to declarations of incompatibility and judgments fro the European Court with the Ministry of Justice co

Parliament. House of Commons. Committee of Public Accounts,2015 It is staggering that the government has given over 40 million to Kids Company over the past 13 years and still has no idea what it was getting for taxpayers money It was not part of this inquiry to assess the outcomes of Kids Company s work We object to the obvious unfairness of central government directly funding a charity which operated in only two London boroughs for most of its existence with around 4 million a year at the expense of other charities and young people across the country Despite repeated warnings and concerns about Kids Company s financial situation and the impact it was achieving funding to the charity continued and was never seriously questioned let alone stopped Instead responsibilities were passed between departments like a hot potato All the warning signs of a failed and expensive experiment had long been there but it was not until June 2015 that officials finally stood up to ministers said enough was enough and sought ministerial direction before providing more money By then it was too late *Public Administration in East Asia* Evan M. Berman,2017-09-25 Written by leading experts Public Administration in East Asia Mainland China Japan South Korea Taiwan examines the inner workings of governments in East Asia in particular its public administration and related public policy processes It focuses on the apparatus of government the agencies their values context and policies within which they operate Organized in parallel

sections the book covers the history public policy processes organization HRM ethics corruption intergovernmental relations performance management and e government It discusses each of these topics separately for Mainland China Japan South Korea and Taiwan providing an unusual and important comparative perspective The book includes essential knowledge and facts discussions of emerging issues and useful resources for further reading It addresses questions such as What is the history of public administration in East Asia How are decisions made What is the role of Confucianism in shaping public administration How does the developmental path affect public administration Why is performance management emphasized What is the state of citizen participation How are ethical underpinnings of the civil service different from the West Why are intergovernmental relations an essential issue in East Asia What are the politics behind world class achievements in IT What is the nature of civil service reform What is the nature of efforts to combat government corruption You can find many books on trade policy and politics that sometimes give good insight into the operation of government agencies You can also find a few edited books that contain single chapters on countries in the Asia Pacific region What is missing however is a single resource that provides an overview with depth on matters solely about public administration This state of the art resource brings together the fragments of existing knowledge on East Asian economies filling the need for a comprehensive compendium that showcases the public administration practices in the region and East Asia s innovative approaches to governance and its many challenges

*Seeds, Science, and Struggle* Abby Kinchy,2012-07-20 An examination of how advocates for alternative agriculture confront science based regulation of genetically engineered crops Genetic engineering has a wide range of cultural economic and ethical implications yet it has become almost an article of faith that regulatory decisions about biotechnology be based only on evidence of specific quantifiable risks to consider anything else is said to politicize regulation In this study of social protest against genetically engineered food Abby Kinchy turns the conventional argument on its head Rather than consider politicization of the regulatory system she takes a close look at the scientization of public debate about the contamination of crops resulting from pollen drift and seed mixing Advocates of alternative agriculture confront the scientization of this debate by calling on international experts carrying out their own research questioning regulatory science in court building alternative markets and demanding that their governments consider the social and economic impacts of the new technologies Kinchy focuses on social conflicts over canola in Canada and maize in Mexico drawing out their linkages to the global food system and international environmental governance The book ultimately demonstrates the shortcomings of dominant models of scientific

risk governance which marginalize alternative visions of rural livelihoods and sustainable food production
