Hundley, Stephanie Wendt**

## **Monkey Town The Summer Of The Scopes Trial:**

**Monkey Town** Ronald Kidd,2030-12-31 A Simon Schuster eBook Simon Schuster has a great book for every reader

**Monkey Town** Ronald Kidd,2007-10-23 When her father hatches a plan to bring publicity to their Tennessee town by arresting a high school teacher for teaching about evolution the resulting 1925 Scopes trial prompts fifteen year old Frances to rethink her beliefs

**Monkey Town** Ronald Kidd,2006 When her father hatches a plan to bring publicity to their small Tennessee town by arresting a local high school teacher for teaching about evolution the resulting 1925 Scopes trial prompts fifteen year old Frances to rethink many of her beliefs about religion and truth as well as her relationship with her father

**The Scopes Monkey Trial** Jim Whiting,2020-02-04 One of the most famous trials in U S History took place in a tiny town in Tennessee in 1925 Dayton was the site of what became known as the Scopes Monkey Trial The defendant John T Scopes was accused of violating a recently passed state law This law made it illegal to teach the theory of evolution Under most circumstances few people would have paid any attention to the trial Several of Daytons leading citizens saw a chance to put their town on the map They were successful Two of the countrys top lawyersWilliam Jennings Bryan and Clarence Darrowsoon became involved Dozens of reporters poured into Dayton from all over the country It was the first trial to receive live media coverage Scopes was found guilty He had to pay a small fine But the issues about evolution that the trial raised are still debated today

**Faith Unraveled** Rachel Held Evans,2014-04-08 From New York Times bestselling author Rachel Held Evans a must read for anyone on the journey of doubt deconstruction and ultimately faith reborn Eighty years after the Scopes Monkey Trial made a spectacle of Christian fundamentalism and brought national attention to her hometown Rachel Held Evans faced a trial of her own when she began to have doubts about her faith In Faith Unraveled Rachel recounts growing up in a culture obsessed with apologetics struggling as her own faith unraveled one unexpected question at a time In order for her faith to survive Rachel realizes it must adapt to change and evolve Using as an illustration her own spiritual journey from certainty to doubt to faith Evans challenges you to disentangle your faith from false fundamentals and to trust in a God who is big enough to handle your tough questions In a changing cultural environment where new ideas seem to threaten the safety and security of the faith Faith Unraveled is a profoundly moving fearlessly honest and relentlessly hopeful story of survival This book was previously titled Evolving in Monkey Town

**Experiencing America's Story through Fiction** Hilary Susan Crew,2014-07-11 Historical fiction helps young adults imagine the past through the lives and relationships of its protagonists putting them at the center of fascinating times and places and the new Common Core Standards allow for use of novels alongside textbooks for teaching history Perfect for classroom use and YA readers advisory Crew s book highlights more than 150 titles of historical fiction published since 2000 that are appropriate for seventh to twelfth graders Choosing award winners as well as novels which have been well reviewed in Booklist The Horn Book Multicultural Review History Teach Journal of American History and other periodicals this resource assists librarians and

educators bySpotlighting novels with a multiplicity of voices from different cultures races and ethnicitiesFeaturing both YA novels and novels written for adults that are appropriate for teensOffering thorough annotations with an examination of each novel s historical contentProviding discussion questions and online resources for classroom use that encourage students to think critically about the book and compare ideas and events in the story to actual historyThis book will help teachers of history as well as school and public librarians who work with youth to promote a more inclusive understanding of America s story through historical fiction     Appalachian Children's Literature ,2010-04-13 This comprehensive bibliography includes books written about or set in Appalachia from the 18th century to the present Titles represent the entire region as defined by the Appalachian Regional Commission including portions of 13 states stretching from southern New York to northern Mississippi The bibliography is arranged in alphabetical order by author and each title is accompanied by an annotation most of which include composite reviews and critical analyses of the work All classic genres of children s literature are represented     Exploring Science through Young Adult Literature Paula Greathouse,Melanie Hundley,Stephanie Wendt,2023-03-20 Giving students opportunities to read like scientists has the potential to move their thinking and understanding of scientific concepts in monumental ways Each chapter presented in this volume provides readers with approaches and activities for pairing a young adult novel with specific science concepts Chapters include instructional activities for before during and after reading as well as extension activities that move beyond the text Through the reading and study of the spotlighted young adult novels in this volume students are guided to a deeper understanding of science while increasing their literacy practices     The Scopes Trial Michael Burgan,2011 In 1925 John T Scopes was found guilty of teaching evolution to his high school biology class in Dayton Tennessee In a legal battle between conventional and contemporary beliefs the trial of the century unfolded In The Scopes Trial Faith Science and American Education explore the clash between supporters and opponents of the teaching of human evolution and their conflicting perspectives Book jacket

The Scopes Trial Randy Moore,Susan E. Brooks,2022-12-16 The 1925 trial of John Scopes in tiny Dayton Tennessee remains a defining moment in American history This trial of the century a media event before the term was coined addressed issues that still affect our society today such as control of the school curriculum the ongoing tensions between science and faith in public schools and the ramifications of teaching evolution and human origins This book is the first encyclopedic treatment of the Scopes Trial The text draws on media reports family interviews and Scopes personal correspondence providing new information and perspectives The book includes previously unseen photos and information about Scopes and his relatives as well as insights about the trial s instigators participants and issues all organized in a concise and easily accessible format     **Summer for the Gods** Edward J Larson,2020-06-16 The Pulitzer Prize winning history of the Scopes Trial and the battle over evolution and creation in America s schools In the summer of 1925 the sleepy hamlet of Dayton Tennessee became the setting for one of the twentieth century s most contentious courtroom dramas pitting William Jennings

Bryan and the anti Darwinists against a teacher named John Scopes represented by Clarence Darrow and the ACLU in a famous debate over science religion and their place in public education That trial marked the start of a battle that continues to this day in cities and states throughout the country Edward Larson s classic *Summer for the Gods* winner of the Pulitzer Prize in History is the single most authoritative account of this pivotal event An afterword assesses the state of the battle between creationism and evolution and points the way to how it might potentially be resolved      **Hidden Tennessee** Marty Olmstead,1999-03-31 Comprehensive in scope and inviting in detail *Hidden Tennessee* describes everything from the down and dirty blues on Memphis s Beale Street to the dark hollows of Great Smoky Mountains National Park Olmstead leads travelers to famous addresses like the Grand Ole Opry and on to local favorites like Eddie s Heart and Soul Cafe Illustrations 16 maps      **Routledge Revivals: Encyclopedia of American Civil Liberties (2006)** Paul Finkelman,2018-04-17 Originally published in 2006 the *Encyclopedia of American Civil Liberties* is a comprehensive 3 volume set covering a broad range of topics in the subject of civil liberties in America The book covers the topic from numerous different areas including freedom of speech press religion assembly and petition The Encyclopedia also addresses areas such as the Constitution the Bill of Rights slavery censorship crime and war The book s multidisciplinary approach will make it an ideal library reference resource for lawyers scholars and students      People's Lawyers Diana Klebanow, Franklin L. Jonas,2003 A collection of biographies of ten American lawyers Some are well known such as Thurgood Marshall and Morris Dees and Ralph Nader others such as Belva Lockwood and Samuel Leibowitz are not Each chapter is accompanied by an annotated bibliography a chronology and a table of cases      **In the Beginning** Michael Lienesch,2007-04-23 The current controversy over teaching evolution in the public schools has grabbed front page headlines and topped news broadcasts all across the United States *In the Beginning* investigates the movement that has ignited debate in state legislatures and at school board meetings Reaching back to the origins of antievolutionism in the 1920s and continuing to the promotion of intelligent design today Michael Lienesch skillfully analyzes one of the most formidable political movements of the twentieth century Applying extensive original sources and social movement theory Lienesch begins with fundamentalism describing how early twentieth century fundamentalists worked to form a collective identity to develop their own institutions and to turn evolution from an idea into an issue He traces the emerging antievolution movement through the 1920s examining debates over Darwinism that took place on college campuses and in state legislatures throughout the country With fresh insights and analysis Lienesch retells the story of the 1925 Scopes monkey trial and reinterprets its meaning In tracking the movement from that time to today he explores the rise of creation science in the 1960s the alliance with the New Christian Right in the 1980s and the development of the theory of intelligent design in our own time He concludes by speculating on its place in the politics of the twenty first century *In the Beginning* is essential for understanding the past present and future debates over the teaching of evolution      *For Younger Readers* ,2008      **Godless** Ann Coulter,2007-06-26 If a martian landed in America and set out to determine

the nation's official state religion he would have to conclude it is liberalism while Christianity and Judaism are prohibited by law. Many Americans are outraged by liberal hostility to traditional religion. But as Ann Coulter reveals in this her most explosive book yet to focus solely on the Left's attacks on our Judeo-Christian tradition is to miss a larger point: liberalism is a religion, a godless one. And it is now entrenched as the state religion of this country. Though liberalism rejects the idea of God and reviles people of faith, it bears all the attributes of a religion. In *Godless*, Coulter throws open the doors of the Church of Liberalism, showing us its sacraments, abortion, its holy writ, *Roe v. Wade*, its martyrs from Soviet spy Alger Hiss to cop killer Mumia Abu Jamal, its clergy, public school teachers, its churches, government schools where prayer is prohibited but condoms are free, its doctrine of infallibility as manifest in the absolute moral authority of spokesmen from Cindy Sheehan to Max Cleland, and its cosmology in which mankind is an inconsequential accident. Then, of course, there's the liberal creation myth, Charles Darwin's theory of evolution. For liberals, evolution is the touchstone that separates the enlightened from the benighted. But Coulter neatly reverses the pretense that liberals are rationalists guided by the ideals of free inquiry and the scientific method. She exposes the essential truth about Darwinian evolution that liberals refuse to confront: it is bogus science. Writing with a keen appreciation for genuine science, Coulter reveals that the so-called gaps in the theory of evolution are all there is. Darwinism is nothing but a gap. After 150 years of dedicated searching into the fossil record, evolution's proponents have failed utterly to substantiate its claims. And a long line of supposed evidence from the infamous Piltdown Man to the evolving peppered moths of England has been exposed as hoaxes. Still, liberals treat those who question evolution as religious heretics and prohibit students from hearing about real science when it contradicts Darwinism. And these are the people who say they want to keep faith out of the classroom. Liberals' absolute devotion to Darwinism, Coulter shows, has nothing to do with evolution's scientific validity and everything to do with its refusal to admit the possibility of God as a guiding force. They will brook no challenges to the official religion. Fearlessly confronting the high priests of the Church of Liberalism and ringing with Coulter's razor-sharp wit, *Godless* is the most important and riveting book yet from one of today's most lively and impassioned conservative voices. Liberals love to boast that they are not religious, which is what one would expect to hear from the state-sanctioned religion. Of course, liberalism is a religion. It has its own cosmology, its own miracles, its own beliefs in the supernatural, its own churches, its own high priests, its own saints, its own total worldview, and its own explanation of the existence of the universe. In other words, liberalism contains all the attributes of what is generally known as religion.
