**Creative Intuition in Art and Poetry** Jacques Maritain,2023-10-17 The classic work on the sublime interplay between the arts and poetics This book explores the rich and complex relationship between art and poetry shedding invaluable light on what makes each art form unique yet wholly interdependent Jacques Maritain insists on the part played by the intellect as well as the imagination showing how poetry has its source in the preconceptual activity of the rational mind As Maritain argues intellect is not merely logical and conceptual reason Rather it carries on an exceedingly more profound and obscure life one that is revealed to us as we seek to penetrate the hidden recesses of poetic and artistic activity Incisive and authoritative this illuminating book is the product of a lifelong reflection on the meaning of artistic expression in all its varied forms

*Poetic Argument* Jonathan Kertzer,1989-10-01 Beginning with an essay on the history and theory of poetic argument he traces its patterns through Romantic and Modernist literature He divides his subject into three areas the paradoxes of reason language and argument Poetic Argument surveys the writings of the five poets in light of what has to be proved and identifies the characteristic styles of proof for each For example in the chapter on Marianne Moore Kertzer studies two expressions of poetic argument The first regards poetry as a waking dream combining the powers of sleep and calculation The second derived from Imagism treats poetry as a special way of seeing Kertzer suggests that the combination of these two elements produces Moore s characteristically intricate but inconclusive forms of argument
