Montanas Continental Divide:

Montana and Idaho's Continental Divide Trail Lynna Howard,2000 This book picks up the Continental Divide Trail in Idaho at the western border of Yellowstone National Park and takes the reader some 900 miles all the way to the Canadian border From the Beaverhead Mountains in the Bitterroot Range to the Scapegoat and Bob Marshall Wildernesses Idaho and Montana s most spectacular and remote wild lands fill page after page in a book that fits into your backpack or makes for great reading anytime You ll have no better companion than the lively and humorous voice of Lynna Howard and the dramatic breathtaking photography of Leland Howard Aspects of history wildlife geology and biology are explained along the way For day hikes destination hikes or longer treks for the avid backpacker this book is a must This trail is rougher and more challenging than the Pacific Crest Trail or the Appalachian Trail Lynna writes A spirit of adventure is the best thing you can pack

Along Montana & Idaho's Continental Divide Trail Lynna Howard,2000 Nearly 1 000 miles of rugged scenery along the Continental Divide Trail link Yellowstone National Park to the border of Canada and the story of that trek is exhilarating Leland Howard s photographic tribute to this beautiful part of the Continental Divide combined with Lynna Howard s reflective and insightful account of their experiences along the trail itself lead the reader into parts of the country that remain for the most part wild and unexplored On the Continental Divide summer is a chimera whose light hand quickly releases its hold Lynna writes It is this fleeting beauty the changeable nature of the land and the weather and the threat of danger behind it that defines Idaho and Montana s Continental Divide National Scenic Trail
