particularly interesting to observe Faulkner revising not only his choice of words and the construction of his sentences but also the central design of the story Most notably he changed his mind about having it known from the beginning that Charles Bon was Sutpen s part Negro son and he developed Quentin Compson into the pivotal figure who finally supplies this missing piece of information In the process of revision Absalom Absalom became a kind of detective story and the reader is forced to join the quest and participate in the undertaking which is the basic subject of the book the human attempt to comprehend and deal with the past To trace the process of this revision is to experience a sharp focusing of theme and to witness a demonstration of how the meaning of a fictional work can shape its structure and in turn stand revealed by what has become the outward sign or form of that meaning     Suffolk Words and Phrases Edward Moor,1823     **Hearings** United States.
