different examples of learning We all learn differently as the great American humorist Will Rogers expressed There are three kinds of people Those that learn by reading The few who learn by observation The rest have to pee on the electric fence for themselves Have fun with these tales Odell does the peeing As the reader all you have to do is enjoy The design of all five volumes in the Odell Buckenflush Chronicles is consistent Each volume has forty eight tales arranged into four chapters entitled Inventions and Achievements Family Connections Rescue and Survival Philosophy and Life At the end of each tale is a short note entitled Tale of the Tale This section details the real life inspiration of the tale A Glossary of River Terms is included in each volume with accuracy and tongue in cheek definitions Multiple Appendices provide cross references for Rivers and geographic locations Previously published tales Subjects related to outdoor experiences Buckenflush characters in the tale Finally there is no single person who is Dr Odell Buckenflush He is a combination of real folks imagination and folklore Perhaps you may recognize yourself or your common experiences in some of these tales *The Author & Journalist*, 1924 **Author and Journalist**, 1925 [The Face in the Window and Other Alabama Ghostlore](#) Alan Brown, 1996 Alan Brown has done an excellent job of collecting ghostlore from throughout Alabama his book is the most important volume published to date on Alabama ghost traditions W K McNeil The Ozark Folk Center **Cyclopædia of Wit and Humor** Wayne E. Stories Recollections and Collected Tales The purpose of this book like the two previous volumes of Brown County Stories is to share some of the fun and interesting things that happened when I lived in Brown County Most of the stories were told to my five daughters around campfires and at many bedtime sessions as they were growing up After several years of story times I was once obliged to let my youngest daughter Abby Monroe know that I had told her everything I could remember or even make up Her response was OK just start over The various accounts of these uncommon experiences were reinforced for Abby and her older sisters as they visited their grandmother in Nashville the County Seat of Brown County From that base they were able to explore the territory where the stories took place This volume includes some stories that were recently shared with me by friends who felt they would help to illustrate what Brown County was like in the good old days They are as true as creative memories have allowed They also provide additional support for the maxim that truth is often stranger than fiction
