My Years In The Ussr Recollections And Revelations Interpretation:

Foreign Policies of India's Prime Ministers Harish Kapur, 2013-11-01 The book is on the Prime Ministers of India since Jawaharlal Nehru A chapter is devoted to each of them with a focus on their foreign policies The broad organisational framework designed and deployed in this publication begins with a brief analysis of their formative years their perceptions of the international system and the architecture of their foreign policies before delving into their decisional process and before concluding with an evaluation of their role All the Prime Ministers were obviously not interested in international affairs Though the dimensional size of the country had unavoidably pushed all of them to deal with foreign affairs their role was variegated and their performance was unequal While the Nehru Gandhi family were the icons of Indian diplomacy there were others like Morarji Desai V P Singh H D Deve Gowda Chandra Shekar etc who were really marginal either because their mandate was limited by time or by interest The uniqueness of the book lies in the fact that the author has dealt with all the Prime Ministers including the ones for whom foreign policy was not crucial

Memories and Meanings B. E. White, Jr., 2017-01-02 In this book Dr White discusses all kinds of things relating to life and religion as well as the church and the ministry But the book is really about people all kinds of people especially religious ones His stories about them go all the way from Kinston to Wilmington through Thomasville Morganton Wake Forest Wilson Granite Falls Snow Hill Durham Elizabeth City and Hillsborough all places where he has lived in his native state Brightie White writes just like he is sitting down with you in your home and telling you something interesting that you will enjoy hearing about He has a knack for taking his personal experiences and turning them into lessons for life Often in his stories he is like a bystander watching what is happening because they're not so much about him as about other people and what we can learn from their behavior The result is often humorous frequently inspirational regularly instructional and sometimes controversial

Popular Memories of the Mao Era Sebastian Veg, 2019-01-10 The present volume provides an overview of new forms of popular memory in particular critical memory of the Mao era Focusing on the processes of private production public dissemination and social sanctioning of narratives of the past in contemporary China it examines the relation between popular memories and their social construction as historical knowledge The three parts of the book are devoted to the shifting boundary between private and public in the press and media the reconfiguration of elite and popular discourses in cultural productions film visual art and literature and the emergence of new discourses of knowledge through innovative readings of unofficial sources Popular memories pose a challenge to the existing historiography of the first thirty years of the People's Republic of China Despite the recent backlash these more critical reflections are beginning to transform the mainstream narrative of the Mao era in China Public discussions of key episodes in the history of the People's Republic in particular the Anti Rightist Movement of 1957 the Great Famine of 1959 1961 and the Cultural Revolution have proliferated in the last fifteen years These discussions are qualitatively different from previous expressions of traumatic or nostalgic memories of Mao in the

1980s and the 1990s respectively They reflect a growing dissatisfaction with the authoritarian control over history exercised by the Chinese state and often they make use of the new spaces provided for counter hegemonic narratives by social media and the growing private economy in the 2000s Unofficial or independent journals self published books social media groups independent documentary films private museums oral history projects and archival research by amateur historians all of which analyzed in this collection have contributed to these embryonic public or semi public dialogues An excellent guide to the independent journalism cultural production and amateur histories that are transforming the mainstream narrative of the Mao era in China Rich in detail and sound in analysis these studies document the emergence of critical memory in Chinese society A valuable resource for students and scholars Timothy Cheek University of British Columbia author of *The Intellectual in Modern Chinese History* Popular memories of the Mao era are signposts of contemporary politics and culture This volume features exciting new research by distinguished scholars Extremely rich and readable the chapters in this collection illuminate both China's past and present A timely and important contribution Guobin Yang University of Pennsylvania author of *The Red Guard Generation and Political Activism in China*

My Years in the USSR Shiela Gujral, 2002 This is a riveting first person account of life behind the iron curtain The intriguing anecdotes about people the author encountered

during her visits to the erstwhile USSR offer an insight into their lives

Stories of the Soviet Experience Irina Paperno, 2011-01-15 Beginning with glasnost in the late 1980s and continuing into the present scores of personal accounts of life under Soviet rule written throughout its history have been published in Russia marking the end of an epoch In a major new work on private life and personal writings Irina Paperno explores this massive outpouring of human documents to uncover common themes cultural trends and literary forms The book argues that diverse as they are these narratives memoirs diaries notes blogs assert the historical significance of intimate lives shaped by catastrophic political forces especially the Terror under Stalin and World War II Moreover these published personal documents create a community where those who lived through the Soviet era can gain access to the inner recesses of one another's lives This community strives to forge a link to the tradition of Russia's nineteenth century intelligentsia thus the Russian intelligentsia emerges as an additional implicit subject of this book The book surveys hundreds of personal accounts and focuses on two in particular chosen for their exceptional quality scope and emotional power Notes about Anna Akhmatova is the diary Lidiia Chukovskaia a professional editor kept to document the day to day life of her friend the great Russian poet Anna Akhmatova Evgeniia Kiseleva a barely literate former peasant kept records in notebooks with the thought of crafting a movie script from the story of her life The striking parallels and contrasts between these two documents demonstrate how the Soviet state and the idea of history shaped very different lives and very different life stories The book also analyzes dreams most of them terror dreams recounted in the diaries and memoirs of authors ranging from a peasant to well known writers a Party leader and Stalin himself History Paperno shows invaded their dreams too With a sure grasp of Russian cultural history great sensitivity to the men and women who wrote and a command of European and American scholarship on life writing Paperno places diaries and memoirs of the Soviet experience in a rich historical and conceptual frame An important and lasting contribution to the history of Russian culture at the end of an epoch Stories of the Soviet Experience also illuminates the general logic and specific uses of personal narratives

Rashtriya Sahara, 2002 Memoirs of a Media Maverick Boyce Richardson, 2003 An insider's critical account of the modern media by one of Canada's most accomplished journalists and filmmakers

Cosmos and Revelation Peter R. Stork, 2021-09-30 Science and technology have profoundly altered the cosmic and societal perceptions of the world Regrettably the Christian imagination has not kept pace Most believers still adhere to pre scientific views Cosmos and Revelation urges the Christian community to reimagine God's creation by engaging the data of science For if God has indeed brought forth an intelligible world for us to explore through scientific research those who profess this faith ought to as a minimum allow scientific findings to expand their theological horizon Drawing on his scientific qualification and academic background in theology Peter R Stork opens several windows on God's creation from galactic star nurseries to the wonderland of living cells After rereading Genesis 1 and 2 the author interlaces examples and reflections to present a coherent yet provocative sketch of the new landscape that spreads out before us leaving it to his readers to intuit

for themselves the immensities Christians are challenged to embrace in the age of science **Understanding the Cold War** Adam B. Ulam, 2017-09-29 Understanding the Cold War is the story of a man and an epoch Its telling moves between detailed personal history and an Olympian assessment of the origins significant events and outcome of the Cold War Professor Ulam describes his hometown family and early education as well as his departure with his brother for the U S just days before the Nazi invasion of Poland would have trapped them Then follows reminiscences of his college and Harvard years all rich with anecdote and insight and his thoughts as an acknowledged expert on Soviet affairs The volume offers basic antidotes to simplistic explanations Whether discussing the Kirov assassination or the Moscow Trials of the so called Trotskyist Bloc or the nationalist basis of disputes between China and Russia during the Vietnam War period Ulam avoids the sensational and the speculative in favor of the the empirical and the evidentiary The core segments of the work review the Cold War from the belly of the Stalinist and later post Stalinist communist system And in a section entitled The Beginning of the End Ulam discusses the Gorbachev interregnum and the early years of the transition from communism to democracy He well appreciates how the ease of the transition does not betoken a simple movement to the democratic camp In contemplating the changing nature of the new political configuration one could hardly have a better guide to clarity and authenticity than Adam Ulam Reviewing Understanding the Cold War Stephen Kotkin director of Princeton s Russian Studies Program observed And whereas some celebrated analysts such as John Maynard Keynes had dismissed Marxism as illogical and dull Ulam highlighted the doctrine s intricacy and comprehensiveness which he argued explained its attraction not just to peasants but also to intellectuals *Bookseller & Stationer and Office Equipment Journal* ,1924 **China Learns from the Soviet Union, 1949-present** Thomas P. Bernstein, Hua-Yu Li, 2010-01-01 In this book an international group of scholars examines China s acceptance and ultimate rejection of Soviet models and practices in economic cultural social and other realms *The Soviet Past in the Post-Socialist Present* Melanie Ilic, Dalia Leinarte, 2015-07-03 This collection examines practical and ethical issues inherent in the application of oral history and memory studies to research about the Soviet Union and Eastern Europe since the collapse of the Soviet bloc Case studies highlight the importance of ethical good practice including the reflexive interrogation of the interviewer and researcher and aspects of gender and national identity Researchers use oral history to analyze present day recollections of the Soviet past thereby extending our understanding beyond archival records official rhetoric and popular mythology Oral history explores individual life stories but this has sometimes resulted in rather incomplete incoherent inconsistent or illogical narratives Oral history therefore presents the researcher with a number of methodological and ethical dilemmas including the interpretation of silence in biographical accounts This collection links the discussion of oral history ethics with that of memory studies Memories are shaped by factors that may be simultaneously both consecutive and disrupted In written accounts and responses to interview questions respondents sometimes display nostalgia for the Soviet past or conversely may seek to de mythologize the realities of Soviet

rule Case studies explore what to do when interview subjects and memoirists consciously sub consciously or unconsciously forget aspects of their own past or themselves seek to take control of the research process **Creative Writing For**
