War and Religion Jeffrey M. Shaw Ph.D., Timothy J. Demy, 2017-03-27 This three volume reference provides a complete guide for readers investigating the crucial interplay between war and religion from ancient times until today enabling a deeper understanding of the role of religious wars across cultures Containing some 500 entries covering the interaction between war and religion from ancient times the three volume *War and Religion An Encyclopedia of Faith and Conflict* provides students with an invaluable reference source for examining two of the most important phenomena impacting society today This all inclusive reference work will serve readers researching specific religious traditions historical eras wars battles or influential individuals across all time periods The A Z entries document ancient events and movements such as the First Crusade that began at the end of the 10th century as well as modern day developments like ISIS and Al Qaeda Subtopics throughout the encyclopedia include religious and military leaders or other key people ideas and weapons and comprehensive examinations of each of the major religious traditions views on war and violence are presented The work also includes dozens of primary source documents each introduced by a headnote that enable readers to go directly to the source of information and better grasp its historical significance The in depth content of this set benefits high school and college students as well as scholars and general readers

A Poetics of Global Solidarity Clemens Spahr, 2015-10-21 Tackling topics such as globalization and political activism this book traces engaged poetics in 20th century American poetry Spahr provides a comprehensive view of activist poetry starting with the Great Depression and the Harlem Renaissance and moving to the Beats and contemporary writers such as Amiri Baraka and Mark Nowak

Hermeneutics and Science Márta Fehér, O. Kiss, L. Ropolyi, 2013-04-17 Hermeneutics was elaborated as a specific art of understanding in humanities The discovered paradigmatic historical characteristics of scientific knowledge and the role of rhetoric interpretation and contextuality enabled us to use similar arguments in natural sciences too In this way a new research field the hermeneutics of science emerged based upon the works of Husserl Merleau Ponty Heidegger and Gadamer A dialogue between philosophers and scientists begins in this volume on hermeneutic approaches to physics biology ethology mathematics and cognitive science Scientific principles methodologies discourse language and metaphors are analyzed as well as the role of the lay public and the legitimation of science Different hermeneutical phenomenological approaches to perception experiments methods discovery and justification and the genesis of science are presented Hermeneutics shed a new light on the incommensurability of paradigms the possibility of translation and the historical understanding of science

Reconstructing Modernism Ashley Maher, 2020-03-12 *Reconstructing Modernism* establishes for the first time the centrality of modernist buildings and architectural periodicals to British mid century literature Drawing upon a wealth of previously unexplored architectural criticism by British authors this book reveals how arguments about architecture led to innovations in literature as well as to redesigns in the concept of modernism itself While the city has long been a focus of literary modernist studies

architectural modernism has never had its due Scholars usually characterize architectural modernism as a parallel modernism or even an incompatible modernism to literature Giving special attention to dystopian classics Brave New World and Nineteen Eighty Four this study argues that sustained attention to modern architecture shaped mid century authors political and aesthetic commitments After many writers deemed modernist architects to be agents for communism and other collectivist movements they squared themselves and literary modernist detachment and aesthetic autonomy against the seemingly tyrannical utopianism of modern architecture literary aesthetic qualities were reclaimed as political qualities In this way Reconstructing Modernism redraws the boundaries of literary modernist studies rather than simply adding to its canon it argues that the responsibility for defining literary modernism for the mid century public was shared by an incredible variety of authors Edwardians modernists satirists and even anti modernists **The American Crucible** Robin

Blackburn,2013-08-06 For over three centuries slavery in the Americas fuelled the growth of capitalism But the stirrings of a revolutionary age in the late eighteenth century challenged this peculiar institution and set the scene for great acts of emancipation in Haiti in 1804 in the United States in the 1860s and Brazil in the 1880s Blackburn argues that the anti slavery movement helped forge the political and social ideals we live by today 5: *Poetry* Kolski Horwitz,2001-12-29 Poems by Kobus Moolman Mphutlane wa Bofelo Clinton du Plessis Gillian Schutte and Lionel Murcott another unholy assemblage of voices and hands and thoughts All five have since matured and continued to publish but these relatively early examples of their work certainly show how well formed they were and that subsequent work has been a relatively natural progression

An Old Testament Theology Bruce K. Waltke,2011-04-19 The Old Testament is more than a religious history of the nation of Israel It is more than a portrait gallery of heroes of the faith It is even more than a theological and prophetic backdrop to the New Testament Beyond these the Old Testament is inspired revelation of the very nature character and works of God As renowned Old Testament scholar Bruce Waltke writes in the preface of this book the Old Testament s every sentence is fraught with theology worthy of reflection This book is the result of decades of reflection informed by an extensive knowledge of the Hebrew language the best of critical scholarship a deep understanding of both the content and spirit of the Old Testament and a thoroughly evangelical conviction Taking a narrative chronological approach to the text Waltke employs rhetorical criticism to illuminate the theologies of the biblical narrators Through careful study he shows that the unifying theme of the Old Testament is the breaking in of the kingdom of God This theme helps the reader better understand not only the Old Testament but also the New Testament the continuity of the entire Bible and ultimately God himself **Exporting**

Democracy Sophia Z Kovachevich,2022-05-05 The world is in ferment The situation of today s world is at its worst There is trouble in every part of the world We were supposed to have peace and prosperity at the end of the Great Wars And for a few decades we did The Cold War kept peace of sorts and no major wars were fought But it all changed with the collapse of the USSR We lost the balance of power and only USA dominated At the moment there are wars all over the world on every

continent it is the super powers attacking small nations The excuses are taking democracy to those countries by force through war or war on terror We are terrorising small nations in the name of ending terror by bringing not only terror but also death destruction and annihilation in our wake This book sets out to comprehensively look at the reasons behind the present condition of the world today It looks to uncover if there is any real democracy in the world today and the types of democracy available to us Not everything is suited to everyone We certainly do not want totalitarian rule in the name of democracy But that is the way we are going It is time to stop Take stock and decide do we want a better world or do we want to destroy this world Perhaps we are the final throes of our civilisation and don't even realise it Geo-societal Narratives

How to Reduce Your Weight & Keep It Off J. Maurice Roberts, 2020-07-21 You are in control My hope is that as we travel together I help you SUCCEED Before starting anything whether it's a journey or a project we generally make some preparations jot down steps to take list things we will need You would not ask a builder to build your home without architect's drawings Embarking on this solution to your weight problem is no different Here are Thoughts to ponder on The answer lies within Seek it there The process shown as steps to take Steps can be in a straight line or sometimes random In one situation you might be walking along a path from A to B In other situations like dancing your steps could be forwards backwards sideways and so on **Res: Anthropology and Aesthetics, 53/54** Francesco Pellizzi, 2008-12-15 Among other articles this double volume includes The value of forgery Jonathan Hay Affective operations of art and literature Ernst van Alphen Betty's Turn Stephen Melville **Praxis** Friedrich Kratochwil, 2018-08-16 Presents a shift from the accepted international relations standard of theorizing by analyzing policy decisions made in non ideal conditions within a broader framework of practical choices emphasizing both historicity and contingency as exemplified by changing practices in the international arena Innovations in Global Mental Health Samuel O. Okpaku, 2021-11-02 Over the course of the last decade political and mental entities at large have embraced global mental health the idea that psychiatric health is vital to improved quality of life Physicians globally have implemented guidelines recommended by the National Institute of Mental Health NIMH in 2007 thereby breaking down barriers to care and improving quality of life in areas where these practices have been implemented Programs for training and education have expanded as a result Clinicians benefit more from both local resources in some regions as well as in international collaboration and technological advancements Even amidst all of these positive outcomes clinicians still face some stumbling blocks With worldwide statistics estimating that 450 million people struggle with mental neuropsychiatric and neurological disorders 25 percent of the world's non communicable disease burden rising to these challenges prove to be no small feat even in wealthy Western nations Various articles and books have been published on global mental health but few of them thoroughly cover the clinical research innovative and social implications as they pertain to psychiatry often only one of these aspects is covered A comprehensive text that can keep pace with the rapidly evolving literature grows more and more valuable each day as clinicians struggle to piece together the changes around the world that leave open the possibility for improved outcomes in care This book seeks to

boldly rectify this situation by identifying innovative models of service delivery training education research funding and payment systems that have proven to be exemplary in implementation and scalability or have potential for scalability Chapters describe specific barriers and challenges illuminating effective strategies for improved outcomes This text is the first peer reviewed resource to gather prestigious physicians in global mental health from around the world and disseminate their expertise in the medical community at large in a format that is updateable making it a truly cutting edge resource in a world constantly changed by medical scientific and technological advances Innovations in Global Mental Health is the ultimate resource for psychiatrists psychologists primary care physicians hospitalists policy makers and all medical professionals at the forefront of global mental health and its implications for the future *Excluded Ancestors, Inventible Traditions* Richard Handler, 2000-11-16 History making can be used both to bolster and to contest the legitimacy of established institutions and canons *Excluded Ancestors Inventible Traditions* seeks to widen the anthropological past and in doing so to invigorate contemporary anthropological practice In the past decade anthropologists have become increasingly aware of the ways in which participation in professional anthropology has depended and continues to depend on categorical boundaries of race class gender citizenship institutional and disciplinary affiliation and English language proficiency Historians of anthropology play a crucial role interrogating such boundaries as they do they make newly available the work of anthropologists who have been ignored *Excluded Ancestors Inventible Traditions* focuses on little known scholars who contributed to the anthropological work of their time such as John William Jackson the members of the Hampton Folk Lore Society Charlotte Gower Chapman and Lucie Varga In addition essays on Marius Barbeau and Sol Tax present figures who were centrally located in the anthropologies of their day A final essay analyzes notions of the canon and considers the place of a classic ethnographic area highland New Guinea in anthropological canon formation *Nineteenth-Century Music* Bennett Zon, 2017-07-05 This selection of essays represents a wide cross section of the papers given at the Tenth International Conference on Nineteenth Century Music held at the University of Bristol in 1998 Sections include thematic groupings of work on musical meaning Wagner Liszt musical culture in France music and nation and women and music

The Culture of Cloth in Early Modern England Roze Hentschell, 2016-03-16 Through its exploration of the intersections between the culture of the wool broadcloth industry and the literature of the early modern period this study contributes to the expanding field of material studies in sixteenth and seventeenth century England The author argues that it is impossible to comprehend the development of emerging English nationalism during that time period without considering the culture of the cloth industry She shows that reaching far beyond its status as a commodity of production and exchange that industry was also a locus for organizing sentiments of national solidarity across social and economic divisions Hentschell looks to textual productions both imaginative and non fiction works that often treat the cloth industry with mythic importance to help explain how cloth came to be a catalyst for nationalism Each chapter ties a particular mode such as pastoral prose

romance travel propaganda satire and drama with a specific issue of the cloth industry demonstrating the distinct work different literary genres contributed to what the author terms the culture of cloth

Lord, I Love You! Homilies Through the Liturgical Year Pope Benedict XVI, 2025-03-07 Pope Benedict XVI was known for his brilliant mind but he also had a heart in love with the Lord In this careful selection from his papal homilies readers can not only learn from his encyclopedic knowledge of the Christian tradition but grow in their own love for God as they journey with Benedict through the seasons and feasts of the liturgical year Lord I Love You Volume 1 includes the holiest days of Lent and Easter as well as other important solemnities such as Trinity Sunday and Corpus Christi making it an excellent choice for spiritual reading and a great Lenten gift idea for those who appreciated the late pope's message of the centrality of Christ and the reliability of the Catholic tradition Pope Benedict was not a charismatic preacher in the mold of his predecessor John Paul II but the texts themselves are gems of Christian exhortation and reflection that are best appreciated on one's knees in a chapel or held in one's hands in a quiet place in one's home that is in a book like this and not scrolling through a website For scholars and students of the late pope the collection also provides a helpful distillation of his main themes and principal concerns into short easily digestible pieces The editor Fr Pietro Rossotti uses the official Vatican translation with only minor spelling modifications and added footnotes with bibliographical references whenever possible
