Reginald, 2009-12-01 This was the first bibliography and guide to the American mass market paperback book and it remains one of the most definitive The major index is by author and lists author title publisher book number year of publication and cover price The title index lists titles and authors only The publisher index provides a history of that imprint with addresses number ranges and general physical description of the books issued This is the place that all study of the American paperback must begin *Just One Catch* Tracy Daugherty, 2025-10-16 The New York Times bestselling writer Tracy Daugherty illuminates his most vital subject yet in this first biography of the *Catch 22* author Joseph Heller Joseph Heller was a Coney Island kid the son of Russian immigrants who went on to great fame and fortune His most memorable novel took its inspiration from a mission he flew over France in WWII his plane was filled with so much shrapnel it was a wonder it stayed in the air Heller wrote seven novels all of which remain in print *Something Happened* and *Good as Gold* to name two are still considered the epitome of satire His life was filled with women and romantic indiscretions but he was perhaps more famous for his friendships he counted Mel Brooks Zero Mostel Carl Reiner Kurt Vonnegut Norman Mailer Mario Puzo Dustin Hoffman Woody Allen and many others among his confidantes In 1981 Heller was diagnosed with Guillain Barré Syndrome a debilitating syndrome that could have cost him his life Miraculously he recovered When he passed away in 1999 from natural causes he left behind a body of work that continues to sell hundreds of thousands of copies a year *Just One Catch* is the first biography of Yossarian's creator

Samuel Beckett Lawrence Graver, Raymond Federman, 1997 Samuel Beckett 1906-1989 Irish dramatist and poet His use of the stage and dramatic narrative and symbolism has revolutionized drama in England *New World Writing* Brenda Jackson, Penguin Books Staff, Ronald L. McDonald, 1960-01-01 **Samuel Beckett** R. Federman, L. Graver, 2003-09-02 This set comprises 40 volumes covering 19th and 20th century European and American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set complements the first 68 volume set of *Critical Heritage* published by Routledge in October 1995 **Catalog of Copyright Entries** Library of Congress. Copyright Office, 1959 **The Upright Thinkers** Leonard Mlodinow, 2015-05-05 A few million years ago our ancestors came down from the trees and began to stand upright freeing our hands to create tools and our minds to grapple with the world around us Leonard Mlodinow takes us on a passionate and inspiring tour through the exciting history of human progress and the key events in the development of science In the process he presents a fascinating new look at the unique characteristics of our species and our society that helped propel us from stone tools to written language and through the birth of chemistry biology

and modern physics to today's technological world. Along the way he explores the cultural conditions that influenced scientific thought through the ages and the colorful personalities of some of the great philosophers, scientists, and thinkers: Galileo who preferred painting and poetry to medicine and dropped out of university; Isaac Newton who stuck needlelike bodkins into his eyes to better understand changes in light and color; and Antoine Lavoisier who drank nothing but milk for two weeks to examine its effects on his body. Charles Darwin, Albert Einstein, Werner Heisenberg, and many lesser-known but equally brilliant minds also populate these pages, each of their stories showing how much of human achievement can be attributed to the stubborn pursuit of simple questions why. How bravely asked. *The Upright Thinkers* is a book for science lovers and for anyone interested in creative thinking and in our ongoing quest to understand our world. At once deeply informed, accessible, and infused with the author's trademark wit, this insightful work is a stunning tribute to humanity's intellectual curiosity. With black and white illustrations throughout.

Salinger's Soul Stephen B. Shepard, 2024-09-10 J D Salinger remains one of America's best-known but least-understood writers. His 1951 book *The Catcher in the Rye* lives on as one of the most iconic American novels of all time. Yet after his commercial and literary success, Salinger soon retreated to a rural town in New Hampshire and lived in seclusion for the rest of his life. He wrote nearly every day but didn't publish any of his work after 1965. He became famous for not wanting to be famous. His story, however, is not over. His son Matt has been sorting through the unpublished writing Salinger left behind after his death in 2010. Most of these stories will be released soon and are heavily influenced by his years in seclusion. *Salinger's Soul* tells of his traumatic experience in World War II as well as his transition from the Judaism of his youth to his embrace of a mystical form of Hinduism known as Vedanta. It was Vedanta that influenced his post-Catcher fiction from *Nine Stories* to *Franny and Zooey*. Yet Salinger veered from Vedanta in one crucial way: he didn't heed its dictum to lead a life of celibacy. Instead, Salinger was obsessed with young women, those in the last minutes of their girlhood. In all his wartime experience, his religious beliefs, and his romantic relationships defined his life in seclusion and influenced his writing. *Salinger's Soul* looks at his little-known personal voyage of discovery.
