Parish Priests Their People In The M:

A People of Hope John L. Allen, Jr., 2011-11-01 One of the world's most respected religion journalists profiles New York's Archbishop Timothy Dolan one of the country's and possibly the world's most important Catholic leaders through lengthy exclusive interviews Unique among the current leadership of the Catholic Church Archbishop Dolan shares his insightful perspective in this series of conversations on the present and future of Catholicism In these pages Dolan shares a perspective which is typically not part of the information an average person would know through today's media This omission often leaves outsiders with a terribly flawed grasp of what's actually happening in the Church Legitimate stories on for example abuse and Church authority can't be dissolved by reactive conspiracy theories about how the media is out to get the Catholic Church That said if these scandals are all there is to the Catholic Church why would anyone bother being Catholic It may not be surprising that there are an estimated 22 million ex Catholics out there yet it is revealing that even more people have chosen to remain with the Church Tens of millions of Americans and hundreds of millions more around the world still turn to the Church for inspiration for its sacramental life for its experience of community and service In every diocese in America you can find parishes that are flourishing The faith represented there is not an exaggerated religious frenzy that feeds an uncritical view of the Church Catholics are nothing if not sober realists about the humanity of their institutions and leaders They see the Church not as a debating society or a multinational enterprise but a family with all the flaws and dysfunction but also all the joy and life of families everywhere This is why Archbishop Dolan is such an important part of the Church's emerging landscape In *A People of Hope* Dolan is seen at his best capturing an upbeat hopeful affirming Catholicism that's the untold story about the Church today As readers spend time with Dolan here they may find that his love for people and zest for friendship is what's truly fundamental about the man not a PR device calculated to conceal some other agenda Dolan can and does draw lines in the sand when he believes that core matters of Catholic identity are at stake He's well aware that we live in a deeply secular world in the West in which powerful pressures both subtle and overt seek to blur the counter cultural message of Catholicism on many fronts One key to Dolan's character however is that changing hearts not knocking heads is always his first instinct John Allen draws out a picture of future trends by exploring where Dolan wants to lead and how will a Church that increasingly bears his imprint look and feel To understand this what's really necessary is to get inside his head and then let him speak for himself To that end Allen frames questions in a way that allows Dolan to expand on the topic himself as much as possible The result is a book more with Dolan than a book about him which is indeed the best way to understand the man At the end one can agree or disagree with Dolan's outlook but one may at least be better equipped to understand why thoughtful modern women and men might still believe there's something worth considering in the Catholic message Whatever the future may have in store for Dolan staying in New York until he dies being called to Rome to work in a senior Vatican post or something else entirely he will be a force in the Catholic Church both nationally and internationally for

some time to come and it's well worth trying to discern what that might mean

Sacramental Theology and the Decoration of Baptismal Fonts Frances Altwater, 2017-06-23

Baptismal fonts were necessary to the liturgical life of the medieval Christian. Baptism marked the entrance of the faithful into the right relation with the Catholic Church, representing the main cultural institution of medieval society. In the period between ca 1050 and ca 1220 the decoration of the font often had an important function to underscore the theology of baptism in the context of the sacraments of the Catholic Church. This period witnessed a surge of concern about sacraments. Just as religious thinkers attempted to delineate the sacraments and define their function in sermons and Sentence collections, sculptural programs visualized the teaching of orthodox ideas for the lay audience. This book looks at three areas of primary concern around baptism: as a sacrament, incarnation, initiation, and the practice of baptism within the institution of the Church, and the images that embody that religious discussion. Baptismal fonts have been recognized as part of the stylistic production of the Romanesque period, and their iconography has been generally explored as moral and didactic. Here the message of these fonts is set within a very specific history of medieval Catholic sacramental theology, connecting erudite thinkers and lay users through their decoration and use.

The Saint of Santa Fe Sirias, Silvio, 2015-03-12

In 1968 a young, recently ordained Colombian priest leaves behind everything to start a new parish in the jungles of Panama. Father Hector Gallego soon discovers that his parishioners live as indentured servants. Inspired by liberation theology, he sets into motion a plan to liberate them. Father Gallego is successful, but his work places him on a collision course with General Omar Torrijos, the

nation's absolute ruler. On January 9, 1971, military operatives abducted the priest. He is never seen or heard from again, but he remains very much alive in the minds of Panamanians who still today clamor for his case to be brought to justice. Although *The Saint of Santa Fe* is a work of fiction, the novel is based on the real-life experiences of Hector Gallego and the campesinos who worked alongside him to create a just society. This sweeping novel tells many stories, including that of Edilma, the priest's sister, who since age eleven has been searching for the meaning of his death. *The Saint of Santa Fe* is a story of faith, heroism, and sacrifice that's reminiscent of Graham Greene's *The Power and the Glory* and Miguel de Unamuno's *San Manuel Bueno, mrtir*. **The Friend**, 1900 The Evangelical Repository, 1843
