Leadership Robert P. Vecchio, 2007-06-01 Today there are a growing number of business schools law schools and continuing education programs in executive development and management training that offer leadership classes Despite the growing curricular recognition of this area there is a shortage of strong college level texts Leadership second edition a completely up to date anthology of key writings by well known contributors meets this need for a textbook that encompasses the major theories in the field of leadership Leadership is divided into six sections Part I provides an overview of the subject with readings that examine what leaders actually do as well as the many myths surrounding the notion of leadership Part II focuses on the fundamentals of leadership by taking a close look at the specific tactics people use to get their own way These readings analyze the political games people play and the two way nature of leader subordinate influence Part III considers problems that can arise from leadership gone wrong when power and influence are abused The major formal models of leadership that have been offered over the years are reviewed in Part IV The next section looks at contemporary views of leadership emphasizing reliance on maturity of subordinates for success including leadership in the

context of self directed work teams entrepreneurial leadership the notion of the leader as servant and examples of leaders who are recognized for having empowered others or for providing moral leadership The final section examines the roles of societal and organizational cultures as they pertain to leadership Robert P Vecchio has updated the second edition with six new articles Aimed at upper level undergraduate and graduate level courses Leadership continues to provide classic essays by the major figures in the field of leadership along with topical essays on current and emerging issues **Life Coaching** Michael Neenan,Windy Dryden,2013-06-26 The way we think profoundly influences the way we feel so learning to think differently can enable us to feel and act differently The first edition of Life Coaching successfully showed how to tackle self defeating thinking and replace it with a problem solving outlook providing clear and helpful advice on Dealing with troublesome emotions Overcoming procrastination Becoming assertive Tackling poor time management Persisting at problem solving Handling criticism constructively Taking risks and making better decisions The new edition retains the key features while offering a brand new chapter on the emerging topic of resilience as well updates throughout It will continue to be invaluable to all those who are interested in becoming more personally effective in their everyday lives and also to counsellors in practice and training *Minds, Brains, Souls and Gods* Malcolm Jeeves,2013-05-14 In this hypothetical correspondence Malcolm Jeeves urges Christian students to enter the brave new world of neuroscience ready to have their faith examined and their experiences of God put to the test When we do this he argues being mindful of oversimplifications as we go the integration of Christianity and psychology becomes possible
