Psychopathology James E Maddux, Barbara A Winstead, James E. Maddux, Barbara A. Winstead, 2019-07-11 Psychopathology Fifth Edition is the most up to date text about the etiology and treatment of the most important psychological disorders The chapters are written by leading experts in the field of psychopathology who provide up to date information on theory research and clinical practice The book is unique in its strong emphasis on critical thinking about psychopathology as represented by chapters on such topics as culture race gender class clinical judgment and decision making and alternatives to traditional categorical approaches to understanding psychopathology The contributors have incorporated information about and from the World Health Organization's International Classification of Diseases along with information about and from the DSM 5 As with the previous editions this book remains a true textbook in psychopathology Unlike the many weighty volumes that are intended as reference books Psychopathology Fifth Edition has been designed specifically to serve as a textbook on psychopathology for graduate students in clinical and counseling psychology programs and related programs such as social work It will also serve as an extremely useful reference source for practitioners and researchers

Sex and Gender Hilary M. Lips, 2020-04-10 Are sex and gender really two different things How malleable is gender identity Do both gender and sex have to be conceptualized as binaries as having two distinct but complementary categories Should we emphasize gender differences or is that the wrong question When should we call a gender difference small Are women really nonaggressive or does that label stem from stereotyping How does subtle or modern sexism work on its targets Scholarship on these and other gender related questions has exploded in recent years Hilary Lips synthesizes that research for students in an accessible and readable way Concepts on sex and gender are presented with the social context in which they were developed As in previous editions Lips takes a

multicultural approach discussing the gender experiences of people from a wide range of races cultures socioeconomic statuses and gender and sexual identities She emphasizes empirical research but takes a critical approach to that research
