Pub In Literature Englands Altered State:

The Pub in Literature Steven Earnshaw, 2000 Steven Earnshaw traces the many roles of the drinking house in literature from Chaucer's time to the end of the 20th century taking in the better known hostelrys such as Hal's and Falstaff's Boar's Head in Henry IV and the inns of Dickens

Shakespeare and the Mediterranean 1: Romeo and Juliet Silvia Bigliazzi, Emanuel Stelzer, 2022-08-26 The Mediterranean of Shakespeare's dramas is a vast geopolitical space Historically it spans from the Trojan war to Greek mythology and the ancient Roman empire geographically from Venice and Sicily to Cyprus and Turkey from Greece to Egypt the Middle East and North Africa But it is also the Mediterranean of Renaissance Italian cities and Romeo and Juliet is a beautiful example of how exotic frontiers for an English gaze may be replaced by closer yet different cultural Mediterranean frames The volume offers studies on the circulation of the story of Romeo and Juliet and its ancient archetypes in early modern Europe from Greece to Italy France and Spain as well as on contemporary receptions and performances of Shakespeare's play in Sicily the Balkans Israel and Jordan

In Love with Hell William Palmer, 2021-04-22 Sympathetic and wonderfully perceptive a heartbreaking read NICK COHEN Critic Wise witty and empathetic outstanding JIM CRACE A fascinating treatment of the age old problem of writers and drink which displays the same subtle qualities as William Palmer's own undervalued novels D J TAYLOR An enjoyable exploration of an enduringly fascinating subject Palmer is above all a dispassionate critic and is always attentive to and unwaveringly perceptive about the art of his subjects as well as their relationship with alcohol his treatment is even handed and largely without judgement He tries to understand without either condoning or censuring the impulses behind often reprehensible behaviour SOUMYA BHATTACHARYA New Statesman A vastly absorbing and entertaining study of this ever interesting subject ANDREW DAVIES screenwriter and novelist In Love with Hell is a fascinating and beautifully written account of the lives of eleven British and American authors whose addiction to alcohol may have been a necessary adjunct to their writing but ruined their lives Palmer's succinct biographies contain fine descriptions of the writers their work and the times they lived in and there are convincing insights into what led so many authors to take to drink PIERS PAUL READ Why do some writers destroy themselves by drinking alcohol Before our health conscious age it would be true to say that many writers drank what we now regard as excessive amounts Graham Greene for instance drank on a daily basis quantities of spirits and wine and beer most doctors would consider as being dangerous to his health But he was rarely out of control and lived with his considerable wits intact to the age of eighty six W H Auden drank the most of a bottle of spirits a day but also worked hard and steadily every day until his death Even T S Eliot for all his pontifical demeanour was extremely fond of gin and was once observed completely drunk on a London Tube station by a startled friend These were not writers who are generally regarded as alcoholics Alcoholic is in any case a slippery word as exemplified by Dylan Thomas's definition of an alcoholic as someone you dislike who drinks as much as you The word is still controversial and often misunderstood and misapplied What acclaimed

novelist and poet William Palmer's book is interested in is the effect that heavy drinking had on writers how they lived with it and were sometimes destroyed by it and how they described the whole private and social world of the drinker in their work He looks at Patrick Hamilton the feverish magic that alcohol can work Jean Rhys As soon as I sober up I start again Charles Jackson Delirium is a disease of the night Malcolm Lowry I love hell I can't wait to go back there Dylan Thomas A womb with a view John Cheever The singing of the bottles in the pantry Flann O'Brien A pint of plain is your only man Anthony Burgess Writing is an agony mitigated by drink Kingsley Amis Beer makes you drunk Richard Yates The road to Revolutionary Road and Elizabeth Bishop The writer's writer's writer

Alcohol in the Age of Industry, Empire, and War Deborah Toner, 2021-06-03 This book examines alcohol production consumption regulation and commerce alongside the gendered medical religious ideological and cultural practices that surrounded alcohol from 1850 to 1950 Through analyzing major changes in alcohol's place in society contributors demonstrate the important connections between industrialization empire building and the growth of the nation state They also identify the diverse actors and communities that built contested and resisted those processes around the world Overall this book proposes a new global framework that is vital to understanding how deeply alcohol was involved in central processes shaping the modern world It shows how empires were partly built through alcohol in both economic and ideological terms yet alcohol production trade and consumption were also sites for anti colonial resistance Contributors also discuss how alcohol regulations and public health discourses increasingly revealed the intent and reach of state power to monitor and police citizens as well as the legitimization of that power through nationalism Illustrated with over 50 images the book will be a valuable resource for students and researchers studying the history of alcohol as well as the cultural history of the 19th and 20th centuries more broadly

Alcohol in the Early Modern World B. Ann Tlusty, 2021-05-06 This book examines how the profound religious political and intellectual shifts that characterize the early modern period in Europe are inextricably linked to cultural uses of alcohol in Europe and the Atlantic world Combining recent work on the history of drink with innovative new research the eight contributing scholars explore themes such as identity consumerism gender politics colonialism religion state building and more through the revealing lens of the pervasive drinking cultures of early modern peoples Alcohol had a place at nearly every European table and a role in much of early modern experience from building personal bonds via social and ritual drinking to fueling economies at both micro and macro levels At the same time drinking was also at the root of a host of personal tragedies including domestic violence in the home and human trafficking across the Atlantic Alcohol in the Early Modern World provides a fascinating re examination of pre modern beliefs about and experiences with intoxicating beverages

Alcohol Janet Chrzan, 2013-01-17 Alcohol Social

Drinking in Cultural Context critically examines alcohol use across cultures and through time This short text is a framework for students to self consciously examine their beliefs about and use of alcohol and a companion text for teaching the primary concepts of anthropology to first or second year college students Literature and class Andrew Hadfield,2021-08-24 This book explores the intimate relationship between literature and class in England and later Britain from the Peasants Revolt at the end of the fourteenth century to the impact of the French Revolution at the end of the eighteenth century and beginning of the nineteenth The book argues throughout that class cannot be seen as a modern phenomenon that occurred after the Industrial revolution but that class divisions and relations have always structured societies and that it makes sense to assume a historical continuity The book explores a number of themes relating to class class consciousness class conflict commercialisation servitude rebellion gender relations and colonisation After outlining the history of class relations five chapters explore the ways in which social class consciously and unconsciously influenced a series of writers Chaucer Shakespeare Behn Rochester Defoe Duck Richardson Burney Blake and Wordsworth Addiction and Devotion in Early Modern England Rebecca Lemon,2018-03-20 Scholarly addiction in Doctor Faustus Addicted love in Twelfth Night Addicted fellowship in Henry IV Addiction and possession in Othello Addictive pledging from Shakespeare and Jonson to cavalier verse

The Public House in Central Europe Peter Paul Dobek,2024-12-17 Public houses inns taverns and alehouses during the Jagiellonian Dynasty 1385 1572 in the city of Cracow functioned as important establishments in the everyday life of the city While the city continued to grow and prosper as the preferred residence of the dynasty inhabitants travelers and migrants increasingly relied on the public houses of the conurbation to meet their many needs and desires Although scholars have studied these establishments throughout Europe during various epochs they have neglected to analyze the public houses in Cracow during the Jagiellonian era The Public House in Central Europe Inns Taverns and Alehouses in Cracow during the Jagiellonian Dynasty provides a comprehensive examination of a multitude of sources to reconstruct qualitatively and quantitatively the public houses of the city This reconstruction reveals public houses role in the history of the city their locations edifices related activities and people including publicans clients and others This book places the establishments of Cracow at the center of a deeply debated topic about the extent and types of violence in public houses which further addresses their many functions Contrary to some contemporary accounts and some current secondary literature the establishments were fundamental to the everyday life of the city and were not centers of nefarious acts **The ^AOxford**

Handbook of Shakespeare and Music Christopher R. Wilson,Mervyn Cooke,2022-02-11 The Oxford Handbook of Shakespeare and Music showcases the latest international research into the captivating and vast subject of the many uses of music in relation to Shakespeare s plays and poems extending from the Bard s own time to the present day **British Writers and the Approach of World War II** Steve Ellis,2014-10-27 This book considers the literary construction of what E M Forster calls the 1939 State namely the anticipation of the Second World War between the Munich crisis of 1938 and the

end of the Phoney War in the spring of 1940 Steve Ellis investigates not only myriad responses to the imminent war but also various peace aims and plans for post war reconstruction outlined by such writers as T S Eliot H G Wells J B Priestley George Orwell E M Forster and Leonard and Virginia Woolf He argues that the work of these writers is illuminated by the anxious tenor of this period The result is a novel study of the long 1939 which transforms readers understanding of the literary history of the eve of war era The Birmingham Quean S. A. M. Trainor,2010-06 We are to believe there was a time when The Birmingham Quean was just a poem a mock epic burlesque in which a fake pound coin told how she was won in a game of darts by a drag queen called Britannia Spears It parodied Pope s The Rape of the Lock Byron s Don Juan and an anonymous eighteenth century novel The Birmingham Counterfeit The transformation of this bit of picaresque doggerel into the sprawling work barely contained by this cover is the central mystery of a ludic novel It mirrors the unlikely story of a dirty little settlement of nailers and cutlers becoming the principle city of the Industrial Revolution by flooding the Restoration economy with counterfeit coins What remains is an absurd scholarly edition of a poem recast as a futuristic dystopia in which nothing is authentic It is also the tale of an impossible love affair that uncovers an impossible text by an impossible author It is as strange ironic sombre flashy and anarchic as the city to which it owes its existence *Drink in the Eighteenth and Nineteenth Centuries* Barbara Schmidt-Haberkamp,2015-10-06 This collection of essays covers the representation and practice of drinking a variety of beverages across eighteenth and nineteenth century Britain and North America The case studies in this volume cover drinking culture from a variety of perspectives including literature history anthropology and the history of medicine *Shakespeare's Poetics* Sarah Dewar-Watson,2017-09-18 The startling central idea behind this study is that the rediscovery of Aristotle s Poetics in the sixteenth century ultimately had a profound impact on almost every aspect of Shakespeare s late plays their sources subject matter and thematic concerns Shakespeare s Poetics reveals the generic complexity of Shakespeare s late plays to be informed by contemporary debates about the tonal and structural composition of tragicomedy Author Sarah Dewar Watson re examines such plays as The Winter s Tale Pericles and The Tempest in light of the important work of reception which was undertaken in Italy by pioneering theorists such as Giambattista Giraldi Cinthio 1504 73 and Giambattista Guarini 1538 1612 The author demonstrates ways in which these theoretical developments filtered from their intellectual base in Italy to the playhouses of early modern England via the work of dramatists such as Jonson and Fletcher Dewar Watson argues that the effect of this widespread revaluation of genre not only extends as far as Shakespeare but that he takes a leading role in developing its possibilities on the English stage In the course of pursuing this topic Dewar Watson also engages with several areas of current scholarly debate the nature of Shakespeare s authorship recent interest in and work on Shakespeare s later plays and new critical work on Italian language learning in Renaissance England Finally Shakespeare s Poetics develops current critical thinking about the place of Greek literature in Renaissance England particularly in relation to Shakespeare The World of the Tavern Beat Kümin,B. Ann

Thursty, 2017-07-05 The subject of drink received a great deal of attention from early modern Europeans Preachers physicians authorities artists and travellers all addressed it from a range of different perspectives At the same time inns taverns and alehouses served as multifunctional centres in towns and villages throughout Europe This combination resulted in a wealth of sources both institutional and cultural which are only now beginning to be explored This anthology features new research on public houses in England Russia and the German lands In a series of general thematic and regional studies contributors engage with broader debates in early modern history shedding light on such key issues as consumption travel and communication state building confessional identity fiscal practice gender and household relations and the use of public spaces The result is a volume that should appeal to anybody with an interest in early modern cultural history Women in Shakespeare Alison Findlay, 2014-02-27 This is a comprehensive reference guide examining the language employed by Shakespeare to represent women in the full range of his poetry and plays Including over 350 entries Alison Findlay shows the role of women within Shakespearean drama their representations on the Shakespearean stage and their place in Shakespeare's personal and professional lives *Alcohol and Nationhood in Nineteenth-Century Mexico* Deborah Toner, 2015-06 Drawing on an analysis of issues surrounding the consumption of alcohol in a diverse range of source materials including novels newspapers medical texts and archival records this lively and engaging interdisciplinary study explores sociocultural nation building processes in Mexico between 1810 and 1910 Examining the historical importance of drinking as both an important feature of Mexican social life and a persistent source of concern for Mexican intellectuals and politicians Deborah Toner's *Alcohol and Nationhood in Nineteenth Century Mexico* offers surprising insights into how the nation was constructed and deconstructed in the nineteenth century Although Mexican intellectuals did indeed condemn the physically and morally debilitating aspects of excessive alcohol consumption and worried that particularly Mexican drinks and drinking places were preventing Mexico's progress as a nation they also identified more culturally valuable aspects of Mexican drinking cultures that ought to be celebrated as part of an authentic Mexican national culture The intertwined literary and historical analysis in this study illustrates how wide ranging the connections were between ideas about drinking poverty crime insanity citizenship patriotism gender sexuality race and ethnicity in the nineteenth century and the book makes timely and important contributions to the fields of Latin American literature alcohol studies and the social and cultural history of nation building The Romantic Tavern Ian Newman, 2019-03-28 An examination of taverns in the Romantic period with a particular focus on architecture and the culture of conviviality
