

A man with a beard, wearing a grey suit jacket over a light blue shirt, is talking on a black smartphone. He is standing in front of a modern building with a large black sign that reads "THE NORTH FACE". The building has a glass facade and a green and yellow striped awning. The man is looking slightly to his left.

THE NORTH FACE

Reclaiming Canadas Sovereignty:

Reclaiming Canada's Sovereignty Jack Biddell,1996 *Reclaiming Indigenous Governance* William Nikolakis,Stephen Cornell,Harry W. Nelson,2019-10-22 Reclaiming Indigenous Governance examines the efforts of Indigenous peoples in four important countries to reclaim their right to self govern Showcasing Native nations this timely book presents diverse perspectives of both practitioners and researchers involved in Indigenous governance in Canada Australia New Zealand and the United States the CANZUS states Indigenous governance is dynamic an ongoing relationship between Indigenous peoples and settler states The relationship may be vigorously contested but it is often fragile one that ebbs and flows where hard won gains can be swiftly lost by the policy reversals of central governments The legacy of colonial relationships continues to limit advances in self government Yet Indigenous peoples in the CANZUS countries are no strangers to setbacks and their growing movement provides ample evidence of resilience resourcefulness and determination to take back control of their own destiny Demonstrating the struggles and achievements of Indigenous peoples the chapter authors draw on the wisdom of Indigenous leaders and others involved in rebuilding institutions for governance strategic issues and managing lands and resources This volume brings together the experiences reflections and insights of practitioners confronting the challenges of governing as well as researchers seeking to learn what Indigenous governing involves in these contexts Three things emerge the enormity of the Indigenous governance task the creative agency of Indigenous peoples determined to pursue their own objectives and the diverse paths they choose to reach their goal **Reclaiming Economic Sovereignty in Africa** Horman Chitonge,2025-04-08 This book has examined the way African countries utilise their natural wealth It has illustrated that weak economic sovereignty accounts for the irony that the most endowed continent on the planet has ended being the most impoverished It is argued in this book that weak economic sovereignty in Africa has several implications including the situation where the continent is unable to make the most out of its abundant natural wealth Weak economic sovereignty on the continent is manifested in the low levels of financial and monetary sovereignty among African countries but most importantly in low productive capabilities The conditions of low productive capabilities prevailing on the African continent have created a situation where most African countries are locked into economically debilitating dependencies including dependence on commodity export such that they only get a tiny proportion of the value generated from natural resources extracted from their territories The book has also argued that the persisting weak economic sovereignty on the continent is a clear indication that while African countries attained political sovereignty six decades ago attaining economic sovereignty has remained an incomplete liberation project that requires a new strategy to accomplish *Canadian Content* Ryan Edwardson,2008-01-01 Canadian Content looks at Canada as an ongoing postcolonial process of not one but a series of radically different nationhoods each with its own valued but tentative set of cultural criteria for orchestrating and implementing a Canadian national experience Reclaim the State Hilary Wainwright,2003-07-17 From England to Brazil

and Norway to China Hilary Wainwright sets out on a quest to discover how people are creating new stronger forms of democracy *Good Taxes* Alex C. Michalos,1997-02 In *Good Taxes* Alex Michalos puts forth an argument in favour of a financial transactions tax **End of Oblivion: The Great Deceit and Why We Need to Reclaim Our Spiritual**

Evolution Aleksandar Ostojic,2019-08-08 *End of Oblivion The Great Deceit and Why We Need to Reclaim Our Spiritual Evolution* is an informal overview of the current state of humanity and the world and delves into how our perceptions of reality have been drastically distorted to the point where the majority of the population cannot perceive distortion any longer Deceit is present in every area of our lives but beneath these secular manifestations deeper metaphysical undercurrents are interlacing with our spiritual evolutionary direction Armed with a wealth of factual evidence as well as personal observations the author puts forth a compelling explanation as to who is really behind this great deceit and offers choices on how to break free for those curious enough to ponder It is time to remove our blindfolds to consciously choose our path and to reclaim the true purpose of our being our spiritual evolution The book reflects on the Law of One material **Reclaiming Anishinaabe Law** Leo Baskatawang,2023-03-31 A manifesto for the future of Indigenous education in Canada In *Reclaiming Anishinaabe Law* Leo Baskatawang traces the history of the neglected treaty relationship between the Crown and the Anishinaabe Nation in Treaty 3 and the Canadian government's egregious failings to administer effective education policy for Indigenous youth failures epitomized by but not limited to the horrors of the residential school system Rooted in the belief that Indigenous education should be governed and administered by Indigenous peoples Baskatawang envisions a hopeful future for Indigenous nations where their traditional laws are formally recognized and affirmed by the governments of Canada Baskatawang thereby details the efforts being made in Treaty 3 territory to revitalize and codify the Anishinaabe education law kinamaadiwin inaakonigewin Kinamaadiwin inaakonigewin considers education wholistically such that it describes ways of knowing being doing relating and connecting to the land that are grounded in tradition while also positioning its learners for success in life both on and off the reserve As the backbone of an Indigenous led education system kinamaadiwin inaakonigewin enacts Anishinaabe self determination and has the potential to bring about cultural resurgence language revitalization and a new era of Crown Indigenous relations in Canada *Reclaiming Anishinaabe Law* challenges policy makers to push beyond apologies and performative politics and to engage in meaningful reconciliation practices by recognizing and affirming the laws that the Anishinaabeg have always used to govern themselves Cultural Industries.ca Ira Wagman,Peter Urquhart,2012-09-26 *Canada's creative industries encompass book periodical and newspaper publishing radio and television broadcasting the music industry video game production filmmaking and video production telecommunications and the new media* These industries represent a major sector in the Canadian economy and exert a profound influence on many aspects of Canadian life In *Cultural Industries.ca* thirteen contributors take a thought provoking look at the industries that form this important sector and the central issues that are currently under debate They also discuss how these industries have adapted

to the rise of new digital technologies that have radically altered how they engage with their audiences and how they produce and distribute content Offering a timely analysis and a wealth of current data Cultural Industries ca offers a unique portrait of this key sector of the economy

Across Currents: Connections Between Atlantic and (Trans)Pacific Studies Nicole Poppenhagen, Jens Temmen, 2020-04-28 This book explores connections between Atlantic studies and trans Pacific studies including the potential discursive topical and historical overlaps of the two fields It carves out mutual concerns and theoretical affinities but also divergent approaches and differences While acknowledging the fundamental differences that characterize the individual fields the essays in this volume examine how both Atlantic and trans Pacific studies are part of global currents of political activist artistic economic and academic exchange This volume brings together voices from Europe North America and the Pacific with disciplinary backgrounds in history culture and literature Directed at scholars with a background in trans Pacific and or Atlantic studies this collection is an attempt to stimulate exchange between the two fields to intensify their impact within the current transnational focus of literary and cultural studies to encourage the questioning of well mapped paths of inquiry and to outline new theoretical approaches to both fields This book was originally published as a special issue of the journal Atlantic Studies

It's Your Money William F. Hixson, 1997 *Celebrating Canada* Mathew Hayday, Raymond B. Blake, 2017-01-06 Holidays are a key to helping us understand the transformation of national regional community and ethnic identities In Celebrating Canada Matthew Hayday and Raymond Blake situate Canada in an international context as they examine the history and evolution of our national and provincial holidays and annual celebrations The contributors to this volume examine such holidays as Dominion Day Victoria Day Quebec s F te Nationale and Canadian Thanksgiving among many others They also examine how Canadians celebrate the national days of other countries like the Fourth of July and how Dominion Day was observed in the United Kingdom Drawing heavily on primary source research and theories of nationalism identities and invented traditions the essays in this collection deepen our understanding of how these holidays have influenced the evolution of Canadian identities

Building Sanctuary Jessica Squires, 2013-09-20 Canada enjoys a reputation as a peaceable kingdom and a refuge from militarism Yet Canadians during the Vietnam War era met American war resisters not with open arms but with

political obstacles and public resistance and the border remained closed to what were then called draft dodgers and deserters Between 1965 and 1973 a small but active cadre of Canadian antiwar groups and peace activists launched campaigns to open the border Jessica Squires tells their story often in their own words Interviews and government documents reveal that although these groups ultimately met with success in the process shaping Canadian identity and Canada's relationship with the United States they had to overcome state surveillance and resistance from police politicians and bureaucrats Building Sanctuary not only brings to light overlooked links between the anti draft movement and Canadian immigration policy it challenges cherished notions about Canadian identity and Canada in the 1960s *Community Organizing* Joan Kuyek, 2014-09-01T00:00:00Z History is full of stories of the oppressed rebelling against the oppressor only to reinstate an equally oppressive system What we learn from oppression is how to oppress If we want a truly transformative politics then we must take up methods that embody the kind of world we want to create we have to change deeply embedded beliefs and behaviours In this engaging and passionate book long time community organizer Joan Kuyek offers important insights and concrete tools to encourage people to get involved in social justice action at the community level In Canada activists are frustrated with their inability to effect change in the global economic system overwhelmed by the number and complexity of issues and too often unaware or dismissive of the efforts of other activists As a result social forces for justice and the environment are fragmented and ineffective and the economic elite grows more powerful Community Organizing argues that it does not have to be this way Suggesting that most of our attempts at change and community building fail because we cannot get along with each other Community Organizing starts at the community level to describe how we can work together and create organizations based on dignity and respect It provides strategies to build movements from the community to assert democratic political power and tools to create a culture of hope in this time of despair This book offers the means to reclaim political power in Canada Handbook of Indigenous Public Policy Sheryl Lightfoot, Sarah Maddison, 2024-02-12 This ground breaking Handbook explores the key legal political and policy questions concerning the implementation of Indigenous rights across the world Expert contributors analyse the complex dynamics of contestation engagement advocacy and refusal between governments and Indigenous Peoples presenting a profound challenge to mainstream policy scholarship **Handbook of Canadian Foreign Policy** Patrick James, Nelson Michaud, Marc O'Reilly, 2006-05-04 Handbook of Canadian Foreign Policy is the most comprehensive book of its kind offering an updated examination of Canada's international role some 15 years after the dismantling of the Berlin Wall ushered in a new era in world politics Tackling recent developments in Canadian foreign policy the authors of this work spotlight Canadian idiosyncrasies within a global context that are defined by wrenching juxtapositions The specialists who have contributed their expertise to this book provide sophisticated analysis conceptual as well as historical rather than simply impressionistic judgments about contemporary events Highlighting both well known and understudied topics this handbook presents a

marriage of the familiar and the underappreciated that enables readers to grasp much of the complexity of current Canadian foreign policy and appreciate the challenges policymakers must meet in the early 21st century *Reconquering Canada* Andre, 2012-03-23 Fourteen Quebec federalists dare to re imagine the province and its defining role within a stronger Canada Quebecers have been debating their future relative to Canada since before Confederation though the discussions have been most heated during the past four decades In this time the debate has gone around in circles Now instead of presenting the often repeated theme of Quebecois as constantly victimized by Canada 14 Quebec personalities come together to propose a new vision which affirms Quebec s autonomy and includes it in building a strong federal Canada Eschewing traditional arguments which they claim prevent modern Quebec from advancing lead to sterile debates allow Quebecers to shirk responsibility and feed their victim complex the contributors to this volume draw on their varied professional backgrounds as politicians militants intellectuals to invite Quebecers and other Canadians to rediscover the extraordinary potential of a well crafted and properly realized federalism Among the arguments former provincial justice minister Martin Cauchon analyzes the evolution of the Constitution discusses how Quebecois have used it as a tool to feed political debate and makes the argument that Quebec should acknowledge that the document reflects diversity and sign it the sooner the better Law professor Jean Leclair refutes the claim that nationality is exclusive urging Quebecois to consider themselves both Quebecois and Canadian UNESCO ambassador Marie Bernard Meunier critiques the existing Canadian federal structure which she claims denies the provinces an institutionalized role at that level and suggests that an elected Senate and a commitment to unity might solve the problem Although it was largely ignored by the French Canadian media when it was first published in French in 2007 *The Reconquest of Canada* is a breath of fresh air in the ongoing debate regarding Quebec s position relative to Canada In this important book the authors deliver a strong message that federalism provides Quebecers with the opportunity not only to find autonomy but to participate in the building of a united Canada It is a clear conciliatory treatise that paves the way for fresh voices and constructive discussion about the future of Canadian politics *The Governance of Common Property in the Pacific Region* Peter Larmour, 2013-03-01 With the inevitable lessening of the importance of traditional forms of management of land and water resources in Pacific island countries accompanying the development of the state and the internationalisation of these economies common property problems have arisen in many natural resource areas This publication covers many of the problem areas which have arisen and discusses various approaches to better management Foreword *Reclaiming Indigenous Voice and Vision* Marie Battiste, 2011-11-01 This book seeks to clarify postcolonial Indigenous thought beginning at the new millennium It represents the voices of the first generation of global Indigenous scholars and converges those voices their analyses and their dreams of a decolonized world Marie Battiste Author The essays in *Reclaiming Indigenous Voice and Vision* spring from an International Summer Institute held in 1996 on the cultural restoration of oppressed Indigenous peoples The contributors primarily Indigenous unravel the processes of

colonization that enfolded modern society and resulted in the oppression of Indigenous peoples The authors among them Gregory Cajete Erica Irene Daes Bonnie Duran and Eduardo Duran James Youngblood Henderson Linda Hogan Leroy Little Bear Ted Moses Linda Tuhiwai Te Rina Smith Graham Hingangaroa Smith and Robert Yazzie draw on a range of disciplines professions and experiences Addressing four urgent and necessary issues mapping colonialism diagnosing colonialism healing colonized Indigenous peoples and imagining postcolonial visions they provide new frameworks for understanding how and why colonization has been so pervasive and tenacious among Indigenous peoples They also envision what they would desire in a truly postcolonial context In moving and inspiring ways Reclaiming Indigenous Voice and Vision elaborates a new inclusive vision of a global and national order and articulates new approaches for protecting healing and restoring long oppressed peoples and for respecting their cultures and languages
