Reclaiming The Native Home Of Hope:

Reclaiming the Native Home of Hope Robert B. Keiter, 1998 The outgrowth of two symposiums sponsored by the University of Utah College of Law s Wallace Stegner Center for Land Resources and the Environment Ack Colorado Plateau 3 Charles Van Riper, Mark K. Sogge, 2008 Roughly centered on the Four Corners region of the southwestern United States the Colorado Plateau covers an area of 130 000 square miles The relatively high semi arid province boasts nine national parks sixteen national monuments many state parks and dozens of wilderness areas With the highest concentration of parklands in North America and unique geological and ecological features the area is of particular interest to researchers Derived from the Eighth Biennial Conference of Research on the Colorado Plateau this third volume in a series of research on the Colorado Plateau expands upon the previous two books This volume focuses on the integration of science into resource management issues summarizes what criteria make a successful collaborative effort outlines land management concerns about drought provides summaries of current biological sociological and archaeological research and highlights current environmental issues in the Four Corner States of Arizona New Mexico Colorado and Utah With broad coverage that touches on topics as diverse as historical aspects of pronghorn antelope movement patterns through calculating watershed prescriptions to the role of wind blown sand in preserving archaeological sites on the Colorado River this volume stands as a compendium of cuttingedge management oriented research on the Colorado Plateau The book also introduces for the first time tools that can be used to assist with collaboration efforts among landowners and managers who wish to work together toward preserving resources on the Colorado Plateau and offers a wealth of insights into land management guestions for many readers especially people interested in the natural history biology anthropology wildlife and cultural management Wallace Stegner's Unsettled Country Mark Fiege, Leisl Carr Childers, Michael J. Lansing, 2024-02 This issues of the region collection shows that Wallace Stegner's work however flawed remains a useful tool for assessing the past present and future of the American West LifePlace Robert L. Thayer Jr., 2003-04-22 Robert Thayer brings the concepts and promises of the growing bioregional movement to a wide audience in a book that passionately urges us to discover where we are as an antidote to our rootless stressful modern lives LifePlace is a provocative meditation on bioregionalism and what it means to live work eat and play in relation to naturally rather than politically defined areas In it Thayer gives a richly textured portrait of his own home the Putah Cache watershed in California's Sacramento Valley demonstrating how bioregionalism can be practiced in everyday life Written in a lively anecdotal style and expressing a profound love of place this book is a guide to the personal rewards and the social benefits of reinhabiting the natural world on a local scale In LifePlace Thayer shares what he has learned over the course of thirty years about the Sacramento Valley's geography minerals flora and fauna its relation to fire agriculture and water and its indigenous peoples farmers and artists He shows how the spirit of bioregionalism springs from learning the history of a place from participating in its local economy from living in housing

designed in the context of the region He asks How can we instill a love of place and knowledge of the local into our education system How can the economy become more responsive to the ecology of region This valuable book is also a window onto current writing on bioregionalism introducing the ideas of its most notable proponents in accessible and highly engaging prose At the same time that it gives an entirely new appreciation of California's Central Valley LifePlace shows how we can move toward a new way of being thinking and acting in the world that can lead to a sustainable harmonious and more Animals and the Human Imagination Aaron S. Gross, Aaron Gross, Anne Vallely, 2012 This interdisciplinary and cross cultural collection reflects the growth of animal studies as an independent field and the rise of animality as a critical lens through which to analyze society and culture on par with race and gender Literature .1998 Denver University Law Review ,1996 Correction Lines Curt Meine, 2013-04-10 The last fifteen vears have been a period of dramatic change both in the world at large and within the fields of ecology and conservation The end of the Cold War the dot com boom and bust the globalizing economy and the attacks of September 11 among other events and trends have reshaped our worldview and the political environment in which we find ourselves At the same time emerging knowledge needs and opportunities have led to a rapid evolution in our understanding of the scientific foundations and social context of conservation Correction Lines is a new collection of essays from one of our most thoughtful and eloquent writers on conservation putting these recent changes into perspective and exploring the questions they raise about the past present and future of the conservation movement The essays explore interrelated themes the relationship between biological and social dimensions the historic tension between utilitarian and preservationist approaches the integration of varied cultural perspectives the enduring legacy of Aldo Leopold the contrasts and continuities between conservation and environmentalism the importance of political reform and the need to retool conservation to address twentvfirst century realities Collectively the essays assert that we have reached a critical juncture in conservation a correction line of sorts Correction Lines argues that we need a more coherent and comprehensive account of the past if we are to understand our present circumstances and move forward under unprecedented conditions Meine brings together a deep sense of history with powerful language and compelling imagery yielding new insights into the origins and development of contemporary conservation Correction Lines will help us think more clearly about the forces that have changed and are changing conservation and inspire us to address current realities and future needs **Voices of the American West** Corinne Platt, Meredith Ogilby, 2009 This documentary style collection of photographs and narratives profiles a wide range of prominent figures of the West as they engage in candid discussions about the region and its identity A diverse group of visionary men and women they may differ in politics but remain united in their belief that the West requires inspired action if it is going to endure challenges posed by political cultural and environmental pressures Allowing those on each side of the issues to speak freely this important work tackles such topics as education recreation immigration ranching alternative

energy wildlife habitat protection oil and gas extraction urban development and water conservation Exemplifying photography and journalism at its best the book provides a panoramic view of today s evolving West The collection features Terry Tempest Williams Stewart Udall Katie Lee Dave Foreman and many others Journal of Land, Resources & Environmental Law, 1997 America, History and Life, 2001 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide
