**of Full Years (Abridged, Annotated)** Helen Herron Taft, 2016-11-02 As ambitious as her husband William Howard Taft, Helen Herron may be the most underrated of all our First Ladies. She encouraged Taft in all his political accomplishments, and he may not have become president without her. He preferred the judiciary and eventually became Chief Justice of the Supreme Court. Helen Nellie Taft was the first wife of a president to ride down Pennsylvania Avenue with her husband on inauguration day and the only woman who was wife of both a president and a chief justice. She is best known for working with the wife of the Japanese Ambassador to import and plant more than 3,000 cherry trees around the Washington Tidal Basin. Witty, intelligent, open-minded, and curious about the world, she is even today beloved in the Philippines, where her husband served as head of the civil government in 1900. She and her husband courted criticism for including Filipinos in social affairs.      *Inventing a Voice* Molly Meijer Wertheimer, 2004 *Inventing a Voice* is a comprehensive work on the lives and communication of twentieth-century first ladies. Using a rhetorical framework, the contributors look at the speaking, writing, media coverage, and interaction and visual rhetoric of American first ladies from Ida Saxton McKinley to Laura Bush. The women's rhetorical devices varied; some practiced a rhetoric without words, while others issued press releases, gave

speeches and met with various constituencies All used interpersonal or social rhetoric to support their husbands relationships with world leaders party officials boosters and the public Featuring an extensive introduction and chapter on the First Lady as a Site of American Womanhood Wertheimer has gathered a collection that includes the post White House musings of many first ladies capturing their reflections on public expectations and perceived restrictions on their communication

*The Bully Pulpit* Doris Kearns Goodwin, 2013 A dynamic history of the muckracking press and the first decade of the Progressive era as told through the intense friendship of Theodore Roosevelt and William Howard Taft a close relationship that strengthens both men before it ruptures in 1912 when they engage in a brutal fight for the presidential nomination that cripples the progressive wing of the Republican Party causing Democrat Woodrow Wilson to be elected and changing the country's history

Quarterly Bulletin Berkshire Athenaeum and Museum, 1913      **American Monthly Review of Reviews** Albert Shaw, 1909      **The American Review of Reviews** Albert Shaw, 1914      Recollections of a Romanian Diplomat, 1918-1969: Diaries and Memoirs of Raoul V. Bossy , The half century covered by Raoul Bossy's diaries and memoirs was one of major upheaval in the world particularly in Eastern Europe A keen and witty observer Bossy faithfully recorded the reactions of informed people to the then unfolding international events His recollections begin in 1918 when Bossy entered the Romanian diplomatic service as a lowly attach and began his climb through the ranks cabinet chief of the minister of foreign affairs to political director of the prime minister's office to secretary general of the Romanian regency By the early 1940s he achieved what was at that time the most important posting for a Romanian diplomat envoy to Berlin

Helen Taft Lewis L. Gould, 2010-08-24 In this fascinating study Lewis L Gould has brought a shadowy first lady into the light and restored her to a rightful place as a patron of music Helen Herron Taft came to the White House intent on establishing Washington D C as the nation's cultural capital A stroke in May 1909 made her a semi invalid impaired her speech and disrupted her agenda Historians have written her off as a shrewish figure who pushed her portly husband into the presidency Gould challenges this outdated narrative with new information on Helen Taft's campaign to bring the best of classical music to the White House during her four years He draws on prodigious research about the musicians who performed there including violinist Fritz Kreisler pianist Fannie Bloomfield Zeisler and contralto Ernestine Schumann Heink and reveals for the first time how Nellie Taft enlisted a diverse array of top notch artists for her musicales recitals and social events The result is a major contribution to a better understanding of the White House as a cultural center at the turn of the last century Beyond her musical agenda Helen Taft enhanced the appearance of Washington with the planting of the cherry trees from Japan that now bloom each spring Gould also delves with insight into Mrs Taft's role in the politics of her husband's administration He provides the most complete recounting into her part in the dismissal of

Henry White as ambassador to France a key moment in the emergence of her husband's split with Theodore Roosevelt. He discusses the nature of her stroke based on letters from her husband and her doctors and reveals how Mrs Taft her daughter Helen and the journalist Eleanor Egan crafted the first ever memoir of any first lady. Drawing on memoirs and manuscripts not used before Gould re-creates memorable occasions at the Taft White House when dramatist Ruth Draper delivered her monologues. Charles Coburn staged Shakespeare on the White House lawn and Lady Augusta Gregory of the Irish Players dropped by. Gould's path-breaking study of Helen Taft is a significant addition to the literature on first ladies and a tribute to a complex and brave woman who overcame illness and adversity to leave her own special imprint on the history of the White House.

Presidential Wives Paul F. Boller, 1998 At once funny and poignant, dramatic and illuminating, this anecdotal history covers every First Lady from Martha Washington to Hillary Rodham Clinton. A marvelously entertaining work.

*First Ladies* Betty Boyd Caroli, 1995-09-28 As we move toward the year 2000 Americans continue to debate the job of First Lady. How much power does the position actually hold? How publicly should that power be wielded? *First Ladies* tells the story of this curious institution and the evolution of these women's role from ceremonial backdrop to substantive world figure. This expanded edition brings us up to the present, examining the legacies of our three most recent First Ladies: Nancy Reagan, credited with raising the job to that of Associate President; Barbara Bush, who took a more traditional approach; and Hillary Rodham Clinton, widely billed as changing the job completely. Covering all thirty-nine women from Martha Washington to Hillary Rodham Clinton and including the daughters, daughters-in-law, and sisters of presidents who sometimes served as First Ladies, Betty Boyd Caroli explores the background, marriage, and accomplishments and failures in office of each woman. This remarkably diverse lot included Abigail Adams, whose remembrance the ladies became a twentieth-century feminist refrain; Edith Wilson, who alone controlled access to the President when he suffered a stroke; Jane Pierce, who prayed her husband would lose the election; Helen Taft, who insisted on living in the White House although her husband would have preferred a judgeship; and Pat Nixon, who perfected what some have called the robot image. They ranged in age from early 20s to late 60s; some received superb educations for their time while others had little or no schooling. Including the courageous and adventurous, the emotionally unstable, the ambitious, and the reserved, these women often did not fit the traditional expectations of a presidential helpmate. Depicting how these women used the magic wand given to them, Caroli reveals not only how each First Lady altered the role but also how the role changed in response to American culture. Because of their prominence, these women left remarkably complete records, and their stories offer us an insider's view not only of their lives as holders of what

sociologists now call derivative power but also of the history of American women in general *The Publishers Weekly* ,1924
