Recollections Of An Old 52nd Man:

Recollections of an Old 52nd Man John Dobbs,1859 *Wellington's Men Remembered Volume 1* Janet Bromley,David Bromley,2012-04-19 Wellington's Men Remembered is a reference work to be published in two volumes which has been compiled on behalf of the The Waterloo Association containing over 3 000 memorials to soldiers who fought in the Peninsular War and at Waterloo between 1808 and 1815 together with 150 battlefield and regimental memorials in 28 countries world wide Dead Men Telling Tales Matilda Greig,2021 Dead Men Telling Tales is an original account of the lasting cultural impact made by the autobiographies of Napoleonic soldiers over the course of the nineteenth century Focusing on the nearly three hundred military memoirs published by British French Spanish and Portuguese veterans of the Peninsular War 1808 1814 Matilda Greig charts the histories of these books over the course of a hundred years around Europe and the Atlantic and from writing to publication to afterlife Drawing on extensive archival research in multiple languages she challenges assumptions made by historians about the reliability of these soldiers direct eyewitness accounts revealing the personal and political motives of the authors and uncovering the large cast of characters from family members to publishers editors and translators involved in production behind the scenes By including literature from Spain and Portugal Greig also provides a missing link in current studies of the Revolutionary and Napoleonic Wars showing how the genre of military memoirs developed differently in south western Europe and led to starkly opposing national narratives of the same war Her findings tell the history of a publishing phenomenon which gripped readers of all ages across the world in the nineteenth century made significant profits for those involved and was fundamental in defining the modern soldier's tale **The British Soldier in the Peninsular War** G. Daly,2013-07-23 Combining military and cultural history the book explores British soldiers travels and cross cultural encounters in Spain and Portugal 1808 1814 It is the story of how soldiers interacted with the local environment and culture of their attitudes and behaviour towards the inhabitants and how they wrote about all this in letters and memoirs **Voices from the Peninsula** Ian Fletcher,2016-03-30 The Peninsular War was one of the most successful campaigns ever fought by the British Army Between 1808 when British troops landed in Portugal and 1814 when Wellington's Army advanced into the south of France British soldiers were involved in countless battles and sieges against Napoleon's vaunted French veterans Drawing on rare letters diaries and memoirs Ian Fletcher presents a superb insight into the daily lives of British soldiers in this momentous period and evokes such key battles and sieges as Vimiero Talavera Badajoz Salamanca Vittoria and San Sebastian Ian Fletcher's skillful compilation of accounts placed in context by important background detail make this the story of the Peninsular War in the words of the men who marched fought and triumphed with Wellington Although there have been many accounts of soldiering in Wellington's army Voices from the Peninsula throws new light on the experience of Napoleonic warfare and brings to life what Wellington called the finest military machine in existence *England in the Nineteenth Century Volume 2* A. F. Fremantle,2024-11-01 Originally published in

1929 this volume discusses the early effects of the industrial revolution the condition of the cotton spinners the hardships for labouring children the overcrowded prisons and other brutal punishments At this time the principle branch of local government was the Poor Law and this book discusses how in the monumental task of providing workhouses for the destitute the England of the eighteenth century had completely failed As well as social history the book also covers military and political history

The Military Memoir and Romantic Literary Culture, 1780-1835 Neil Ramsey,2016-12-05 Examining the memoirs and autobiographies of British soldiers during the Romantic period Neil Ramsey explores the effect of these as cultural forms mediating warfare to the reading public during and immediately after the French Revolutionary and Napoleonic wars Forming a distinct and commercially successful genre that in turn inspired the military and nautical novels that flourished in the 1830s military memoirs profoundly shaped nineteenth century British culture s understanding of war as Romantic adventure establishing images of the nation s middle class soldier heroes that would be of enduring significance through the nineteenth and twentieth centuries As Ramsey shows the military memoir achieved widespread acclaim and commercial success among the reading public of the late Romantic era Ramsey assesses their influence in relation to Romantic culture s wider understanding of war writing autobiography and authorship and to the shifting relationships between the individual the soldier and the nation The memoirs Ramsey argues participated in a sentimental response to the period s wars by transforming earlier impersonal traditions of military memoirs into stories of the soldier s personal suffering While the focus on suffering established in part a lasting strand of anti war writing in memoirs by private soldiers such stories also helped to foster a sympathetic bond between the soldier and the civilian that played an important role in developing ideas of a national war and functioned as a central component in a national commemoration of war

Nursing the English from plague to Peterloo, 1660-1820 Alannah Tomkins,2025-01-21 This book studies the negative stereotypes around the women who worked as sick nurses in this period and contrasts them with the lived experience of both domestic and institutional nursing staff Furthermore it integrates nursing by men into the broader history of care as a constant if little recognised presence It finds that women and men undertook caring work to the best of their ability and often performed well despite multiple threats to nurse reputations on the grounds of gender norms and social status Chapters consider nursing in the home in general hospitals in specialist institutions like the Royal Chelsea Hospital and asylums plus during wartime illuminated by multiple accounts of individual nurses In these settings it employs the sociological concept of dirty work to contextualise the challenges to nurses and nursing identities

Marriage and the British Army in the Long Eighteenth Century Jennine Hurl-Eamon,2014-02-27 The Girl I Left Behind Me addresses a neglected aspect of the history of the Hanoverian army From 1685 to the beginning of the Victorian era army administration attempted to discourage marriage among men in almost all ranks It fostered a misogynist culture of the bachelor soldier who

trifled with feminine hearts and avoided responsibility and commitment The army's policy was unsuccessful in preventing military marriage By concentrating on the many soldiers' wives who were unable to win permission to live on the strength of the regiment entitled to half rations and travel with their husbands this title explores the phenomenon of soldiers who persisted in defying the army's anti-marriage initiatives Using evidence gathered from ballads novels court and parish records letters memoirs and War Office papers Jennine Hurl Eamon shows that both soldiers and their wives exerted continual pressure on the state through evocative appeals to officers and civilians fuelled by wives' pride in performing their own military duty at home Respectable companionate couples of all ranks reflect a subculture within the army that recognized the value in Enlightenment femininity Looking at military marriages within the telescoping contexts of the state their regimental and civilian communities and the couples themselves *The Girl I Left Behind Me* reveals the range of masculinities beneath the uniform the positive influence of wives and sweethearts on soldiers' performance of their duties and the surprising resilience of partnerships severed by war and army anti-marriage policies

The Publishers' Circular and Booksellers' Record of British and Foreign Literature, 1901 Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record, 1898 *The Light Division in the Peninsular War, 1808-1811* Tim

Saunders, Rob Yuill, 2020-03-30 This regimental history chronicles the legendary exploits of the British Army's Light Division against Napoleon in Spain and Portugal From the outset of the Peninsular campaigns in 1808 the Light Division achieved results way beyond their scant numbers But it was during the epic winter retreat to La Corunna that they showed their metal Returning to the Peninsula months later the irascible Brigadier Robert Craufurd led the Light Brigade on a terrible march to meet General Arthur Wellesley the Duke of Wellington at Talavera The Light Division played significant roles in the Battle of the River Coa where the riflemen fought hard to escape Marshal Ney's trap the Battle of Buaco Ridge the Battle of Salamanca and many others More than a simple series of battle scenes however this history of the Light Division provides a wider picture of campaigning during the Napoleonic Wars and sheds light on the life of a 19th century light infantry soldier

The Quiver. Vol.1-6, new ser., vol.1,2, toned paper ser. vol.1-vol.70, no.8, 1862 **The Light Division in the Peninsular War, 1811-1814** Tim Saunders, Rob Yuill, 2023-09-30 this is an excellent partner to the original volume very well presented by experienced military men with a clear tactical eye and it is extremely well illustrated It comes highly recommended The Napoleon Series By the middle of 1811 Brigadier General Robert Craufurd's Light Division was emerging as the elite of the Peninsular Army and Wellington was seeking opportunities to go over to the offensive following the expulsion of Marshal Massena from Portugal After a period of outpost duty for the Light Division on the familiar ground of the Spanish borders Wellington seized the keys to Spain in the epic sieges of Ciudad Rodrigo and Badajoz Still reeling from the loss of General Craufurd The Division led the army against Marshal Marmont and after a protracted period of marching and counter-marching the French were finally brought to battle at Salamanca As a result of King Joseph being driven out of

Madrid the French marshals united and in the autumn of 1812 the British were driven back to Ciudad Rodrigo in another gruelling retreat With news of Napoleon's disaster in Russia and with reinforcements from Britain Wellington prepared his army to drive the French from the Peninsula A lightning march across Spain to cut the Great Road found King Joseph and Marshal Jourdan at Vitoria and the resulting battle in which the Light Division fought their way into the heart of the French position was a triumph of arms for Wellington's light troops The pursuit into the Pyrenees had a sting in the tail when Marshal Soult mounted counter offensives in an attempt to relieve San Sebastian and Pamplona Having thrown the French back and with the Sixth Coalition intact the Light Division fought their way through the mountains and into Napoleon's France With the allies closing in on all sides the French fought on into 1814 and the Light Bobs had further fighting before the spoils of peace in a war weary France could be enjoyed

Walcheren 1809 Martin R. Howard, 2012-10-24 Napoleonic War scholar Martin R Howard presents a revelatory history about a little known British military campaign in Walcheren 1809 In July 1809 with the Dutch coast a pistol held at the head of England the largest British expeditionary force ever assembled over 40 000 men and around 600 ships weighed anchor off the Kent coast and sailed for the island of Walcheren in the Scheldt estuary After an initial success the expedition stalled and as the lethargic military commander John Pitt Lord Chatham was at loggerheads with the opinionated senior naval commander Sir Richard Strachan troops were dying of a mysterious disease termed Walcheren fever Almost all of the campaign's 4 000 dead were victims of disease The Scheldt was evacuated and the return home was followed by a scandalous Parliamentary Inquiry Walcheren fever cast an even longer shadow Six months later 11 000 men were still registered sick In 1812 Wellington complained that the constitution of his troops was much shaken with Walcheren One of the most disastrous campaigns in British military history Walcheren 1809 Scandalous Destruction of a British Army explores every aspect of the mission from the command decisions to the tragic aftermath For anyone with a soldier or sailor at Walcheren this book tells the story well explaining with documentation how details may differ in other histories For researchers the bibliography of official documents and identification of numerous surviving memoirs is excellent FGS FORUM

The Hunt for Moore's Gold John Grehan, Angel Rodil Perez, 2019-07-30 The author of The Charge of the Light Brigade examines the history behind a treasure of military gold that disappeared during the Peninsula War History abounds with unresolved puzzles and unanswered questions none more so than that of the loss of the British Army's military chest during the retreat to Corunna in 1809 Now with a group of fellow historians the author set off to search the archives and the mountains of Galicia in a bid to find Moore's gold Sir John Moore's small force had dared to attack Marshal Soult's II Corps isolated in the north of Spain But before Moore could pounce on the unsuspecting French corps he learned that the Emperor Napoleon at the head of an overwhelming body of troops was bearing down on the British force hoping to cut it off from the sea and its only avenue of escape A desperate race for the coast then began with the French hard on Moore's heels In subzero temperatures the troops were driven on through the snow clad Galician mountains

at a punishing pace As the men trudged on in deteriorating conditions the bullocks pulling the army s military chest could no longer keep up So in order to prevent the money from falling into enemy hands the entire military chest was thrown down a deep ravine What then happened to all those dollars and doubloons Some were snatched up by the pursuing French cavalry Some also were retrieved by British soldiers who intentionally lagged behind though their greed cost them their lives on the end of a French bayonet But what of the rest of the money **Good for Frightening Horses!** Stuart Fox,2023-07-21

Having survived the Battle of Leipzig the newly created Rocket Brigade has been split with Fin and Thomo briefly returning to England before heading back to the Duke of Wellington where they are to report on this new weapon The new troop have to pass a series of tests and conditions before being allowed to take part in the invasion of France Assisting partisans discovering a wrecked ship being isolated on the wrong side of a river with the garrison of Bayonne approaching providing the only ordnance halfway up the hillside overlooking Toulouse Fin and Thomo have to find a way out of the blunders created by those in command leading them as always into plenty of adventures where they meet old and make new friends along the way **Wellington's Light Division in the Peninsular War** Robert Burnham,2020-12-14

A detailed and riveting account of the Light Division and its three regiments 43rd and 52nd Light Infantry and the 95th Rifles An important book Firetrench In February 1810 Wellington formed what became the most famous unit in the Peninsular War the Light Division Formed around the 43rd and 52nd Light Infantry and the 95th Rifles the exploits of these three regiments is legendary Over the next 50 months the division would fight and win glory in almost every battle and siege of the Peninsular War How the division achieved its fame began on the border of Spain and Portugal where it served as a screen between Wellington s Army and the French When it came time pull back from the border the division endured a harrowing retreat with a relentless enemy at their heels It was during this eventful year it developed an esprit de corps and a belief in its leaders and itself that was unrivaled in Wellington s Army Wellington s Light Division in the Peninsular War uses over 100 primary sources many never published before to recount the numerous skirmishes combats and battles as well as the hardships of a year of duty on the front lines Others are from long forgotten books published over 150 years ago It is through the words of the officers and men who served with it that this major and long anticipated study of the first critical year of the Light Division is told Given the limited scope of the book covering only one year of the Peninsular campaign the depth of the study is truly remarkable An excellent history of the Light Division Warts and All The Napoleon Series **Wellington's Worst Scrape** Carole

Divall,2013-01-19 The disastrous retreat and near disintegration of Sir John Moores army on the road to Corunna in 1809 is traditionally regarded as the low point in the history of the British intervention in the Peninsular War Yet under the Duke of Wellington the British and their allies suffered defeats and retreats that tend to be overshadowed by the series of victories that eventually drove the French from Portugal and Spain None of these setbacks was graver than the retreat that followed the disastrous failure of the siege of Burgos in 1812 It is this less than glorious phase of the Peninsular campaign that is the

subject of Carole Divalls latest study of the British army of the Napoleonic Wars By reconstructing events in close detail and by bringing together many primary sources she gives a vivid account of what happened and why Wellington himself recognized the mistakes and miscalculations that led to the potentially catastrophic situation in which he placed his men He described it as his worst scrape Yet most of the letters journals and memoirs that have survived praise the skill with which he saved Britain s only army from disaster Carole Divall weaves together Wellingtons dispatches with the eyewitness testimony left by British and Portuguese officers and men by civilians and by the French A fascinating multi layered impression emerges of the siege of Burgos itself and the sequence of maneuvers that preceded it She describes in authentic detail the tense decision making and the misjudgments that were made on the allied side and the headlong retreat that followed as the British fled from two French armies that threatened to trap and destroy them Carole Divalls in depth study of a pivotal and neglected episode in the Peninsular War gives a fascinating insight into the character of the fighting at every level and into the strengths and weaknesses of Wellingtons command
