

RECONSTRUCTION

A PLEA FOR
A NATIONAL POLICY

BY

Harold Macmillan

M.P.

This book embodies the author's view that a new economic system is required to meet the changed conditions of the modern world. He believes that the Reconstruction aspect of the revolutionary must be supported not by a negative attitude, but by constructive proposals which appeal to the reason and intelligence of the nation. He believes, moreover, that even if the present trade revival should exceed the most optimistic anticipations, some new economic policy is essential to recovery and stability.
