*The Recorder and Its Music* Edgar Hunt,1962      *The Recorder and Its Music* Edgar Hunt,1982-02      **The Recorder and Its Music, by Edgar Hunt. [Foreword by Carl Dolmetsch. Second Printing].** Edgar Hunt,Carl Frederic Dolmetsch,1964      The Recorder Richard W. Griscom,David Lasocki,2003-12-16 A Choice Best Academic book in its first edition The Recorder remains an essential resource for anyone who wants to know about this instrument This new edition is thoroughly redone takes account of the publishing activity of the years since its first publication and still follows the original organization      **Recorder for Beginners** Susan Lowenkron,2005-05-03 This book teaches everything you need to know to get started playing the recorder Beginning with how to hold the instrument and make a sound through reading music and basic technique you ll be guided all the way to articulation dynamics and composing With pieces in styles ranging from ethnic folk tunes to Renaissance dances and classical symphonic melodies this book is a fun method for learning to play this very accessible and enjoyable instrument      **The Recorder and Its Music** ,1977      **Recorder and Music Magazine** ,1972

*The Physics of Musical Instruments* Neville H. Fletcher,Thomas D. Rossing,2012-12-06 The history of musical instruments is nearly as old as the history of civilization itself and the aesthetic principles upon which judgments of musical quality are based are intimately connected with the whole culture within which the instruments have evolved An educated modern Western player or listener can make critical judgments about particular instruments or particular performances but to be valid those judgments must be made within the appropriate cultural context The compass of our book is much less sweeping than the first paragraph might imply and indeed our discussion is primarily confined to Western musical instruments in current use but even here we must take account of centuries of tradition A musical instrument is designed and built for the playing of music of a particular type and conversely music is written to be performed on particular instruments There is no such thing as an ideal instrument even in concept and indeed the unbounded possibilities of modern digital sound synthesis really require the composer or performer to define a whole set of instruments if the result is to have any musical coherence Thus for example the sound and response of a violin are judged against a mental image of a perfect violin built up from experience of violins playing music written for them over the centuries A new instrument may be richer in sound quality and superior in responsiveness but if it does not fit that image then it is not a better violin      **The Early Music Revival** Harry Haskell,1996-01-01 First comprehensive historical study going back to 18th century Influence of Schola Cantorum instrument builders performers such as Wanda Landowska Alfred Deller others Includes 46 illustrations Well informed Christopher Hogwood      Reader's Guide to Music Murray Steib,2013-12-02 The Reader s Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3 20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major

composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology     The Chinese Recorder and Missionary Journal ,1880     **University of Michigan Official Publication** ,1955     **Chinese Recorder and Missionary Journal** ,1880     *Proceedings of the Musical Association* Musical Association (Great Britain),1894     **Billboard** ,1967-04-01 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends     *Billboard* ,1963-03-09 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends     **Billboard** ,1954-06-05 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends     *Billboard* ,1967-10-07 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends     The Monthly Musical Record ,1907 Includes music     **Painting Music in the Sixteenth Century** H. Colin Slim,2024-10-28 Professor Slim deals here with the several roles that music can play in the artworks of the Renaissance looking in particular at Italian painting of the 16th century For understandable reasons art historians sometimes neglect the role of music and especially that of musical notation when studying works of art These studies not only identify musical compositions wholly or partially inscribed in paintings and tapestries ceramics prints as well but also seek reasons why these particular musical compositions were included and analyse their relevance to the scene depicted Furthermore as many of these studies show identifying a musical composition especially if it has a text leads to the formation of ideas about iconographical functions and thus augments interpretations of the visual art
