Professor Dame Betty Kershaw, University of Sheffield, UK. Alcohol dependency represents an enduring problem for both the individual and wider society. The book will also be of interest to the wider public who have an interest or concern in relation to alcohol dependency. Contents include: Part 1 Identification; Part 2 Medical interventions; Part 3 Psychological interventions; Part 4 Contemporary issues in the identification and treatment of alcohol dependency; Part 5 Clients with complex needs; Part 6 Reproductive and developmental concerns.

Religion and the Social Sciences Jeff Levin, 2018-08-13 In recent years, researchers across the social sciences have made important contributions to the study of religion. Thanks to their inquiry, we have greatly improved our understanding of how religion influences the vital dimensions of our lives, communities and institutions. To give this research the attention it deserves, editor Jeff Levin assembled a panel of preeminent social scientists and gave them a single directive: write the ultimate statement on religion from within their respective social science discipline or field. The result is this single volume, state of the science compendium, a first of its kind for the study of religion. Composed of ten essays, this book details the study of religion within nine basic and applied areas of social science. Along with a critical introduction to this subject, these essays include the expert contributions of Kenneth I. Pargament, Julie J. Exline on psychology, Anthony Gill on political science, Charles M. North on economics, Barry Hankins on history, Annette Mahoney on family studies, Byron R. Johnson on criminology, Linda K. George on gerontology, William H. Jeynes on education, Jeff Levin on epidemiology. Each essay features an introduction to the history of the discipline's or field's religious research, as well as its most important people and published works. A comprehensive overview of key research findings and theories. A detailed research agenda to guide future scholars. An annotated bibliography of seminal works for the reader's further consideration. Broad in scope and essential in focus, *Religion and the Social Sciences* is a significant addition to the field. It will prove indispensable to both new and established scholars looking for a comprehensive treatment of the subject and seeking promising avenues to pursue in their own research.

Research on Alcoholics Anonymous and Spirituality in Addiction Recovery Marc Galanter, Lee Anne Kaskutas, 2008-12-05 It was once taken for granted that peer-assisted groups such as Alcoholics Anonymous had no real value in recovery from addiction. More recently, evidence-based medicine is recognizing a spiritual component in healing, especially

when it comes to addiction The newest edition of Recent Developments in Alcoholism reflects this change by focusing on the 12 step model of recovery as well as mindfulness meditation and other spiritually oriented activity More than thirty contributors bring together historical background research findings and clinical wisdom to analyze the compatibility of professional treatment and nonprofessional support day to day concepts of relapse prevention the value of community building in recovery and much more Among the topics covered 1 How and why 12 step groups work 2 The impact of the spiritual on mainstream treatment 3 The impact of AA on other nonprofessional recovery programs 4 AA outcomes for special populations 5 Facilitating involvement in 12 step programs 6 Methods for measuring religiousness and spirituality in alcohol research Whether one is referring clients to 12 step programs or seeking to better understand the process this is a unique resource for clinicians and social workers Developmental psychologists too will find Volume 18 Research on Alcoholics Anonymous and Spirituality in Addiction Recovery a worthy successor to the series

Real Twelve Step Fellowship History Dick B., 2006 Put Your 12 Step Speakers Sponsors and Counselors to Work You may regularly listen to excellent speakers sponsors and counselors in 12 Step programs Chances are however that they probably rarely if ever talk to you about the origins history and practices of early pioneer recovery programs Why Because there are few histories to inform them few teachers to instruct them and too few people who really

want to change Speakers can get lots of applause if they stick to their drunkalogs and make you laugh cry and maybe identify Sponsors have few resources that connect the dots Counselors feel safer telling you about your disease and taking the safe path handing out a Big Book a Twelve x Twelve and a devotional and sending you to outside groups and meetings What does this our book say It says that it is high time to take these talented and admired people to the schoolroom Three decades ago there was no place to look And if one of these people talked about history he or she usually talked about the party line that left out God left out the Bible left out the sources of the Twelve Steps and pointed to a program that simply said you didn't really have to believe anything at all just choose your own higher power and go to meetings We believe the many fine speakers sponsors and facilitators can and should get cracking They should pick up the accurate history books now available learn from them and talk about them Why Because they can then tell the afflicted exactly how and why the pioneers were cured and had a documented 75% to 93% success rate And those who teach you can also train you to look for yourself think for yourself and place your reliance on the Creator rather than teachers This new book tells you our history how to approach it how to teach it and how to use it
