Red Chinas Cultural Revolution:

China's Cultural Revolution Gargi Dutt, Vidya Prakash Dutt, 1970 **Red China's Cultural Revolution** Yin Tso Hsiung, 1968 **Blood Red Sunset** Ma Bo, 1996-07-01 A searing first hand account of China's Cultural Revolution that joins the ranks of great memoirs such as *Life and Death in Shanghai* *Wild Swans* and *A Chinese Odyssey* First banned in its native land this earthy unflinching memoir has become one of the biggest bestsellers in the history of China In 1968 a fervent young Red Guard joined the army of hotheaded adolescents who trekked to Inner Mongolia to spread the Cultural Revolution After gaining a reputation as a brutal abuser of the local herd owners and nomads Ma Bo casually criticized a Party Leader Denounced as an active counterrevolutionary and betrayed by his friends the idealistic youth was brutally beaten and imprisoned Charged with passion never doctrinaire *Blood Red Sunset* is a startlingly vivid and personal narrative that opens a window on the psyche of totalitarian excess that no other work of history can provide This is a tale of ideology and disillusionment a powerful work of political and literary importance A deceptively straightforward story carried forward by deep currents of insight The Washington Post A genuine no holds barred unadorned piece of writing echoing the realities of contemporary China Liu Binyan The New York Times Book Review **Red Memory** Tania Branigan, 2023-05-09 Winner of the Cundill History Prize Shortlisted for the Dayton Literary Peace Prize Shortlisted for the Baillie Gifford Prize for Non Fiction Shortlisted for the Kirkus Prize in Nonfiction Shortlisted for the British Academy Book Prize for Global Cultural Understanding One of the Wall Street Journal's Ten Best Books of 2023 One of Time's 100 Must Read Books of 2023 A Kirkus Reviews Best Nonfiction Book of 2023 Masterful and crystalline It feels as if Joan Didion turned her powers of observation on China Evan Osnos National Book Award winning author of *Age of Ambition* An indelible exploration of the invisible scar that runs through the heart of Chinese society and the souls of its citizens It is impossible to understand China today without understanding the Cultural Revolution Tania Branigan writes During this decade of Maoist fanaticism between 1966 and 1976 children turned on parents students condemned teachers and as many as two million people died for their supposed political sins while tens of millions were hounded ostracized and imprisoned Yet in China this brutal and turbulent period exists for the most part as an absence official suppression and personal trauma have conspired in national amnesia *Red Memory* uncovers forty years of silence through the stories of individuals who lived through the madness Deftly exploring how this era defined a generation and continues to impact China today Branigan asks What happens to a society when you can no longer trust those closest to you What happens to the present when the past is buried exploited or redrawn And how do you live with yourself when the worst is over **Red Legacies in China** Jie Li, Enhua Zhang, 2020-10-26 What has contemporary China inherited from its revolutionary past How do the realities and memories aesthetics and practices of the Mao era still reverberate in the post Mao cultural landscape The essays in this volume propose red legacies as a new critical framework from which to examine the profusion of cultural productions and afterlives of the communist revolution in order to

understand China's continuities and transformations from socialism to postsocialism Organized into five parts red foundations red icons red classics red bodies and red shadows the book's interdisciplinary contributions focus on visual and performing arts literature and film language and thought architecture museums and memorials Mediating at once unfulfilled ideals and unmourned ghosts across generations red cultural legacies suggest both inheritance and debt and can be mobilized to support as well as to critique the status quo *The Red Mirror* Chihua Wen, 2018 **Red Flower of China** Zhai Zhenhua, 2003-07 The Cultural Revolution had transformed me into a devil writes Zhai In 1966 at age 15 she led a Red Guard brigade that tortured Chinese citizens branded counterrevolutionaries She beat innocent people to death and had others exiled her squad raided homes and murdered people Now a professor of engineering in British Columbia Zhai expresses remorse and guilt rather perfunctorily and her cool confession is tinged with rationalizations She blames the flourishing of her evil barbaric side on her blind faith in Chairman Mao Her fervor gave way to bitter disillusionment when she herself was banished to the countryside in 1969 to do three years of hard labor and be re-educated by peasants This is a grisly account of how political brainwashing can induce converts to commit monstrous acts **The Red Mirror** Chihua Wen, 2018-02-12 These evocative stories bring to life the tragic personal impact of the Cultural Revolution on the families of China's intellectuals Now adults survivors recall their childhood during the tumultuous years between 1965 and 1976 when Mao's death finally drew a curtain on a bitterly failed social and political experiment A series of first person narratives eloquently describes the life long influence of this seminal period on China's children Those who were teenagers in the late 1960s joined the Red Guards and the revolutionary rebel groups following Mao's directives to make revolution often to their own undoing Those who were too young to participate directly were even more vulnerable Although they had little understanding of the political firestorm that engulfed their parents they were old enough to understand and feel the terror it brought Vividly capturing the emotional intensity of the time these stories explore what it was like to be caught up in revolutionary fervor to be sent to the countryside to be separated either ideologically or physically from one's parents often forever By undermining families and family structure the Cultural Revolution created a generation of Chinese who view politics the Communist Party and life itself with deep cynicism Presenting a spectrum of individual stories of people who saw the Cultural Revolution through the eyes of a child *The Red Mirror* offers rare insights for understanding the crippling legacy of the Cultural Revolution **China's Cultural Revolution, 1966-1969** Michael Schoenhals, 1996-08-28 Mao Zedong launched the Great Proletarian Cultural Revolution thirty years ago This important new documentary history of that calamitous event presents a selection of key primary documents many of which are made available here for the first time dealing with the Cultural Revolution's massive and bloody assault on China's political and social systems Comprehensive in scope this detailed work covers inter alia the launching of the movement the Red Guards the inquisition of party members accused of taking the capitalist road and the devastating impact of these events on traditional culture the economy and China

Red China Blues (reissue) Jan Wong, 2011-02-04 Jan Wong a Canadian of Chinese descent went to China as a starry eyed Maoist in 1972 at the height of the Cultural Revolution A true believer and one of only two Westerners permitted to enroll at Beijing University her education included wielding a pneumatic drill at the Number One Machine Tool Factory In the name of the Revolution she renounced rock and roll hauled pig manure in the paddy fields and turned in a fellow student who sought her help in getting to the United States She also met and married the only American draft dodger from the Vietnam War to seek asylum in China Red China Blues begins as Wong s startling and ironic memoir of her rocky six year romance with Maoism that began to sour as she became aware of the harsh realities of Chinese communism and led to her eventual repatriation to the West Returning to China in the late eighties as a journalist she covered both the brutal Tiananmen Square crackdown and the tumultuous era of capitalist reforms under Deng Xiaoping In a wry absorbing and often surreal narrative she relates the horrors that led to her disillusionment with the worker s paradise And through the stories of the people an unhappy young woman who was sold into marriage China s most famous dissident a doctor who lengthens penises Wong creates an extraordinary portrait of the world s most populous nation In setting out to show readers in the Western world what life is like in China and why we should care Wong reacquaints herself with the old friends and enemies of her radical past and comes to terms with the legacies of her ancestral homeland *A Generation Lost* Zi-ping

Luo,1991 China's Great Proletarian Cultural Revolution Woei Lien Chong,2002 Treating China's Cultural Revolution as much more than a political event this innovative volume explores its ideological dimensions The contributors focus especially on the CR's discourse of heroism and messianism and its demonization of the enemy as reflected in political practice official literature and propaganda art arguing that these characteristics can be traced back to hitherto neglected undercurrents of Chinese tradition Moreover while most studies of the Cultural Revolution are content to point to the discredited cult of heroism and messianism this book also explores the alternative discourses that have flourished to fill the resulting vacuum The contributors analyze the intense intellectual and artistic ferment in post Mao China that embody resistance to CR ideology as well as the urgent quest for authentic individuality new forms of social cohesion and historical truth Contributions by Anne Marie Brady Woei Lien Chong Lowell Dittmer Monika Gaenssbauer Nick Knight Stefan R Landsberger Nora Sausmikat Barend J ter Haar Natascha Vittinghoff and Lan Yang The Cultural Revolution Michel Oksenberg,Carl Riskin,Ezra F. Vogel,2021-01-19 The Chinese Communist system was from its very inception based on an inherent contradiction and tension and the Cultural Revolution is the latest and most violent manifestation of that contradiction Built into the very structure of the system was an inner conflict between the desiderata the imperatives and the requirements that technocratic modernization on the one hand and Maoist values and strategy on the other The Cultural Revolution collects four papers prepared for a research conference on the topic convened by the University of Michigan Center for Chinese Studies in March 1968 Michel Oksenberg opens the volume by examining the impact of the Cultural Revolution on occupational groups including peasants industrial managers and workers intellectuals students party and government officials and the military Carl Riskin is concerned with the economic effects of the revolution taking up production trends in agriculture and industry movements in foreign trade and implications of Maoist economic policies for China's economic growth Robert A Scalapino turns to China's foreign policy behavior during this period arguing that Chinese Communists in general and Mao in particular formed foreign policy with a curious combination of cosmic utopian internationalism and practical ethnocentrism rooted both in Chinese tradition and Communist experience Ezra F Vogel closes the volume by exploring the structure of the conflict the struggles between factions and the character of those factions The Cultural Revolution: A Very Short Introduction Richard Curt Kraus,2012-01-06 China's decade long Great Proletarian Cultural Revolution shook the politics of China and the world Even as we approach its fiftieth anniversary the movement remains so contentious that the Chinese Communist Party still forbids fully open investigation of its origins development and conclusion Drawing upon a vital trove of scholarship memoirs and popular culture this Very Short Introduction illuminates this complex often obscure and still controversial movement Moving beyond the figure of Mao Zedong Richard Curt Kraus links Beijing's elite politics to broader aspects of society and culture highlighting many changes in daily life employment and the economy Kraus also situates this very nationalist outburst of Chinese radicalism within a global context showing that the Cultural

Revolution was mirrored in the radical youth movement that swept much of the world and that had imagined or emotional links to China's red guards. Yet it was also during the Cultural Revolution that China and the United States tempered their long hostility; one of the innovations in this period sowed the seeds for China's subsequent decades of spectacular economic growth.
