The Romantic Sublime and Middle-Class Subjectivity in the Victorian Novel Stephen Hancock, 2013-10-31 This study follows the aesthetic of the sublime from Burke and Kant through Wordsworth and the Shelleys into Thackeray Dickens Eliot and Hardy Exploring the continuities between the romantic and Victorian periods that have so often been rather read as differences the book demonstrates that the sublime mode enables the transition from a paradigm of overwhelming power exemplified by the body of the king to the pervasive power of surveillance utilized by the rising middle classes While the domestic woman connected with the rise of the middle class is normally seen as beautiful the book contends that the moral authority given to this icon of depth and interiority is actually sublime The binary of the beautiful

and the sublime seeks to contain the sublimity of womanhood by insisting on sublimity's masculine character. This is the book's most important claim rather than exemplifying masculine strength; the sublime marks the transition to a system of power gendered as feminine and yet masks that transition because it fears the power it ostensibly accords to the feminine. This aesthetic is both an inheritance the Victorians receive from their romantic predecessors and more importantly a broad historical phenomenon that questions the artificial boundaries between romantic and Victorian.

A Tree on Fire Alan Sillitoe, 2016-04-19 The second novel in award-winning bestselling author Alan Sillitoe's *William Posters Trilogy* is an existential investigation of protest and revolution in 1960s North Africa and England. Jewish dilettante Myra Bassingfield returns to England from Gibraltar with her four-week-old son Frank Dawley; the child's father and the anarchist antihero of *The Death of William Posters* has disappeared into the African desert where he is fighting with the FLN (Front de Libération Nationale) for Algerian independence against French troops. Greeting Myra quayside as she disembarks from the ship is Frank's friend Albert Handley, an idealistic painter living in a chaotic house in Lincolnshire with seven kids, a bulldog, six cats, and two au-pair girls. Albert's brother John is determined to break from the family and he sets off for Algeria to track Frank down, but not before burning the Handley house to the ground. The Handley brood must then move in with Myra in Buckinghamshire, and by the time Frank finally shows up they have formed a domestic cell of protest that may just plant the seeds of a new English revolution. From ramshackle life in a commune to undercover gunrunning, this is Alan Sillitoe, author of *The Loneliness of the Long Distance Runner*, at his humorous and literary best. This ebook features an illustrated biography of Alan Sillitoe including rare images from the author's estate.
