understanding of the real world In an entertaining but frank tone Agin separates fact from conveniently scientific fiction and exposes the data faking reality ignoring fear mongering and outright lying that contribute to intentionally manufactured public ignorance Many factions twist scientific data to maintain riches and power and Agin outs them all in sections like these Buyer Beware genetically modified foods aging and tobacco companies Medical Follies chiropractics health care talk therapy Poison and Bombs in the Greenhouse pollution warfare global warming Religion Embryos and Cloning Genes Behavior and Race We already pay a heavy price for many groups conscious manipulation of the public s understanding of science and Junk Science arms us with understanding cutting through the fabric of lies and setting the record straight
