Wiens-Tuers,2015-01-28 This classic text offers a broader intellectual foundation than traditional principles textbooks It introduces students to both traditional economic views and their progressive critique Revised expanded and updated for this new edition the text puts the study of microeconomics macroeconomics and globalization in their historical context While covering the same topics as a traditional text it also offers a richer discussion of economic history and the history of economic thought including the ideas of Karl Marx Thorstein Veblen and John Maynard Keynes This allows students to see economics as a way of understanding the world as a lens for social analysis rather than as immutable truth or ideal to which the world should be molded This completely revised edition incorporates new chapters on microeconomics and macroeconomics as well as more graphs to enhance the theoretical presentations Unlike the previous editions it includes many pedagogical tools to encourage student participation and learning Each of the 56 chapters opens with Learning Objectives and key terms appear in boldface within the text and are listed at the end of each chapter Other end of chapter material includes Summary of Major Points Analytical Questions and References An online Instructor s Manual is available to professors who adopt the text **General Tax**

Summary of Garrett Sutton & Robert Kiyosaki's Loopholes of Real Estate Everest Media,2022-04-05T22:59:00Z

Please note This is a companion version not the original book Sample Book Insights 1 There are two types of real estate loopholes those that can be opened and those that can be closed From a tax standpoint there are real estate loopholes to be opened From the legal side there are real estate loopholes to be closed 2 Real estate offers great financial advantages to those who understand the system It is easier to raise capital for real estate ventures than with other assets such as stocks bonds and tax deferred retirement funds 3 There are three types of income earned passive and portfolio Earned is what you get after a long day of work Passive is what comes to you from an investment such as real estate Portfolio income is what comes from the dividends and increases in value of paper assets such as stocks bonds and mutual funds 4 The point of this book is not to encourage you to invest only in real estate The Rich Dad philosophy is to diversify and put your savings and earnings into three different areas businesses real estate and paper assets
