Communication and Lonergan Thomas J. Farrell, Paul A. Soukup, 1993 Essays about communication and the thought of Canadian Jesuit philosopher and theologian Bernard Lonergan *Working with Mystical Experiences in Psychoanalysis* Leslie Stein, 2018-10-09 A mystical experience no matter what else is a subjective occurrence in the psyche However when it appears in the psychoanalytic consulting room its origin content and meaning are unknowable Yet it is there in the room and it must be addressed It is not a minor illusion but rather one that requires attention as its occurrence may lead to a profound alteration of consciousness and as Carl Jung suggests a cure for neurosis Leslie Stein interviewed twenty nine mystics in order to understand the origin progression phasing emotions and individual variations of a mystical experience in order to make sense of how it should be addressed the appropriate analytic attitude in the face of a mystery the way to work with its content and its psychological meaning In doing so he uncovered that there may be specific development markers that create a proclivity to be receptive to such an experience that has clinical significance for psychoanalysis *The Maya Book of Life* Michael Owen, 2011-03 THE MAYA BOOK OF LIFE UNDERSTANDING THE XULTUN TAROT is the companion book to the Xultun Tarot Classic Edition It explores the archetypes and alchemy of the major arcana of the Xultun Tarot through indigenous teachings and the analytical psychology of C G Jung and casts new light on the meaning of 2012 The Xultun Tarot was created by Peter Balin in 1976 based on images from Maya history and culture Taken from a single painting it is the only tarot deck where the major arcana form a complete picture This picture is a symbolic image of the alchemical marriage of

spirit and matter and a map of what Jung called the individuation process Only 500 copies of the original Xultun Tarot were ever printed Now Kahurangi Press xultun.com has recreated this classic long out of print deck true to its original large size and vibrant colours together with a book that explains the profound symbolism of the cards Michael Owen is a clinical psychologist in private practice and author of Jung and the Native American Moon Cycles He lives in New Zealand **God Beyond Gender** Gail Ramshaw, 1995 The debate about God language has two opposing extremes One side maintains that biblical language and masculine pronouns must be retained The other argues that female imagery for God is preferable Now Gail Ramshaw presents a third position urging the inclusion of many images for God the correction of others and the total avoidance of any pronouns Liturgical Language Gail Ramshaw, 1996 Through a review of the history of language Ramshaw illustrates the difficulties of forming texts from words that have undergone numerous translations and whose primary meanings have also changed throughout the centuries Her discussion of symbolic imagery and theological language illustrates how essential it is that words be evaluated and chosen with understanding and care Facing the Dragon Robert L. Moore, 2003 Structured around a series of lectures presented at the Jung Institute of Chicago in a program entitled Jungian Psychology and Human Spirituality Liberation from Tribalism in Religious Life this book length essay attacks the related problems of human evil spiritual narcissism secularism and ritual and grandiosity Robert Moore dares to insist that we stop ignoring these issues and provides clear sighted guidance for where to start and what to expect Along the way he pulls together many important threads from recent findings in theology spirituality and psychology and brings us to a point where we can conceive of embarking on a corrective course Traditional doctrinal and historical interpretation both rely heavily on rational analysis But from the disciples at Emmaus to the beginnings of the present century it has been the impact of scripture upon the human heart that has changed human lives In recent decades this impact has been strengthened by advances in linguistic and literary theory by such disparate influences as feminism structuralism Jungianism deconstructionism the analysis of archaic imagery and myth the recovery of Gnostic texts and finally an openness to pluralism whether ethnic geographic religious or interpretive All of these factors are treated here with a brevity and comprehensiveness which convincingly show that the reader of scripture has a creative and not merely passive role If you would understand the deepest roots of terrorism greed and religious fanaticism read Facing the Dragon But be forewarned you may find some offshoots in your own garden June Singer Jungian analyst author of Boundaries of the Soul Robert Moore Phd was an internationally recognized psychotherapist and consultant in private practice in Chicago He was considered one of the leading therapists specializing in psychotherapy with men because of his discovery of the Archetypal Dynamics of the Masculine Self King Warrior Magician Lover He served as Distinguished Service Professor of Psychology Psychoanalysis and Spirituality at the Graduate Center of the Chicago Theological Seminary and has served as a Training Analyst at the C G Jung Institute of Chicago He is Co founder of the Chicago Center for Integrative Psychotherapy **Dancing Between Two**

Worlds Fred Gustafson, 1997 In this thought provoking and sensitive book a noted Jungian scholar explores the deepest elements in the American psyche that need healing to bring forth the best in both of the worlds we walk in the highly differentiated and technologically developed Western civilization and the indigenous native soul that is the essence of each human being The author demonstrates that this soul is forcefully represented in America in the experience of the Native American peoples and their relationship to the land and to the ancient indigenous one at the heart of our human rights The author explores not only the best of Native American spiritual thought to rediscover that soul but also the terrible psychic damage done to later settlers by five hundred years of violence against the original peoples He sketches positive directions that will create a partnership between the two worlds of our past and bring them together in a dance that will encourage a more redemptive spiritual order

ABBA KEDDUS 'RASTAFARI AND THE RETURN OF OUR SACRED ORIGINS'

2015 Tyson Brown, 2011-11-15 This book is a new approach to the Rastafari movement It connects the ancient history of Nile River Valley civilizations the Ethiopian Tewahedo Church and its monastic heritage to the global phenomenon of Rastafari At the heart of the story is the legend of the Abba Keddus the sacred elder who arrives to transform the world and return us to our primordial origins

Appeal and Attitude Steven G. Smith, 2005-11-16 In Appeal and Attitude Steven G Smith offers a multicultural view into issues at the heart of existentialism hermeneutics and the phenomenology of religion By looking closely at the concepts of appeal or what commands our attention and attitude or the quality of the attention we pay Smith probes into the core of religious ideals to answer questions such as why faith and rationality are compelling and how religious experience becomes meaningful Smith turns to philosophical and religious texts from Eastern and Western religious and philosophical traditions including Kant Hegel Heidegger Levinas Derrida Confucius and the Bhagavad Gita He also engages everyday objects such as stones birds boats and minnows to arrive at normative definitions of supreme appeal and sovereign attitude This book provides readers at all levels with a thoughtful and widely comparative window into idealism community responsibility piety faith and love

Second Simplicity Bruno Barnhart, 1999 Bruno Barnhart's new book uncovers the contours of a Christian wisdom and explores the ways that a Christian faith often bound by rule structure and order can open itself to the unitive vision at its root This book proposes an opening of consciousness beyond thought of theological vision beyond rational knowledge and of Christianity beyond the perimeter of church Bruno Barnhart invites us to move into a fuller experience of Christianity an experience of wisdom that brings all created reality into unity with God Therein lies the second simplicity
