A POLITICAL BIOGRAPHY

DAVID STEELE

# Lord Salisbury A Political Biography

**Helen Taylor, Robert Taylor**

## **Lord Salisbury A Political Biography:**

Lord Salisbury Dr E David Steele, 2002-11-01 First published in 1999 Robert Arthur Talbot Gascoyne Cecil born 3 February 1830 known as Lord Robert Cecil until June 1865 and thereafter as Viscount Cranborne until his succession as the third Marquess of Salisbury in April 1868 This is a study of a notably cerebral politician who revealed the qualities necessary for success and survival in a career to which he appeared unsuited at the start No prime minister was less inclined to accept conventional wisdom at face value or to succumb to the routines of office *Lord Salisbury*, 1999 *Lord Salisbury* Helen Taylor, Robert Taylor, 1975-08 **Lord Salisbury's World** Michael Bentley, 2001-09-06 Lord Salisbury 1830 1903 is now a subject of intense historical attention This important study moves away from conventional biography and presents an original portrait of the mental world inhabited by late Victorian Conservatives at the time when their world view was coming under severe strain At the centre of the picture is the 3rd Marquess of Salisbury but Lord Salisbury's World does not simply tell the story of his life and politics Instead it asks sensitive questions about how the political intellectual and religious environments of the late Victorian period seemed to one of its sharpest intellects and it situates Salisbury and his immediate entourage in a wide landscape of relationships perceptions and problems Professor Bentley takes the reader into Conservative assumptions about time and space property and society religion and the state and the past and the future the very language in which they expressed themselves **The Political Thought of Lord Salisbury, 1854-1868** Michael Pinto-Duschinsky, 1854 *A History of Conservative Politics Since 1830* John Charmley, 2008-03-26 The second edition of this successful text has been thoroughly updated to take into account recent research and now begins at 1830 Charmley examines the history of the party and takes the story through the recent wilderness years following the 1997 election fiasco right up to David Cameron's leadership The Oxford Handbook of Modern Irish History Alvin Jackson, 2014-03-27 The study of Irish history once riven and constricted has recently enjoyed a resurgence with new practitioners new approaches and new methods of investigation The Oxford Handbook of Modern Irish History represents the diversity of this emerging talent and achievement by bringing together 36 leading scholars of modern Ireland and embracing 400 years of Irish history uniting early and late modernists as well as contemporary historians The Handbook offers a set of scholarly perspectives drawn from numerous disciplines including history political science literature geography and the Irish language It looks at the Irish at home as well as in their migrant and diasporic communities The Handbook combines sets of wide thematic and interpretative essays with more detailed investigations of particular periods Each of the contributors offers a summation of the state of scholarship within their subject area linking their own research insights with assessments of future directions within the discipline In its breadth and depth and diversity The Oxford Handbook of Modern Irish History offers an authoritative and vibrant portrayal of the history of modern Ireland *Salisbury* Andrew Roberts, 2000 At six years of age Robert Cecil the 3rd Marquess of Salisbury was sent to a brutal boarding school he likened to an existence among devils By 23 he was a member of the British

Parliament And before his death at age 73 in 1903 he would spend nearly two decades as Britain's Prime Minister single mindedly driving the British Empire to extend its iron grip to five continents This multiple award winning biography sheds uncompromising light on Lord Salisbury's troubled family life his transformational experiences in Australia India and Africa and his dogged pursuit of political power in the court of Queen Victoria The Oxford Handbook of Modern British Political History, 1800-2000 David Brown, Robert Crowcroft, Gordon Pentland, 2018-03-29 The two centuries after 1800 witnessed a series of sweeping changes in the way in which Britain was governed the duties of the state and its role in the wider world Powerful processes from the development of democracy the changing nature of the social contract war and economic dislocation have challenged and at times threatened to overwhelm both governors and governed Such shifts have also presented challenges to the historians who have researched and written about Britain's past politics This Handbook shows the ways in which political historians have responded to these challenges providing a snapshot of a field which has long been at the forefront of conceptual and methodological innovation within historical studies It comprises thirty three thematic essays by leading and emerging scholars in the field Collectively these essays assess and rethink the nature of modern British political history itself and suggest avenues and questions for future research The Oxford Handbook of Modern British Political History thus provides a unique resource for those who wish to understand Britain's political past and a thought provoking long view for those interested in current political challenges *Liberalism and Conservatism, 1846-1905* David Paterson, 2001 Containing sample exam questions at both AS and A2 levels this text aims to show students what makes a good answer and why it scores high marks It should help students grasp the difference between a GCSE and an A level mark

The Political Economy of Grand Strategy Kevin Narizny, 2007 Theory The political economy of the United States 1865 1941 American grand strategy toward the periphery American grand strategy toward the great powers The political economy of Great Britain 1868 1939 British grand strategy toward the periphery British grand strategy toward the great powers Conclusions **The Sexual Constitution of Political Authority** Aleardo Zanghellini, 2015-04-24 While there is no shortage of studies addressing the state's regulation of the sexual research into the ways in which the sexual governs the state and its attributes is still in its infancy The Sexual Constitution of Political Authority argues that there are good reasons to suppose that our understandings of state power quiver with erotic undercurrents The book maintains more specifically that the relationship between ideas of political authority and male same sex desire is especially fraught Through a series of case studies where a statesman's same sex desire was put on trial either literally or metaphorically as a problem for the good exercise of public powers the book shows the resilience and adaptability of cultural beliefs in the incompatibility between public office and male same sex desire Some of the case studies analysed are familiar ground for both political constitutional history and the history of sexuality The Sexual Constitution of Political Authority argues however that only by systematically reading questions of institutional politics and questions of sexuality through each other will we have access to the most

interesting insights that a study of these trials can generate Whether they involve obscure public officials or iconic rulers such as Hadrian and James I these compelling fragments of queer history reveal that the disavowal of male same sex desire has been and partly remains central to mainstream understandings of political authority     The China Question T. G. Otte,2007-04-05 A global study of British policy over the China Question from 1894 1905 emphasizing the connections between European and overseas developments and encompassing diplomatic commercial financial and strategic factors as well as the politics of foreign policy     **Reader's Guide to British History** David Loades,2020-12-17 The Reader sGuide to British History is the essential source to secondary material on British history This resource contains over 1 000 A Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6 12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication

*International Bibliography of Political Science* Compiled by the British Library of Political and Economic Science,2000-02 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge on the social sciences     **The Routledge Companion to Britain in the Nineteenth Century, 1815-1914** Chris Cook,2005-11-30 The Routledge Companion to Britain in the Nineteenth Century 1815 1914 is an accessible and indispensable compendium of essential information on the Victorian and Edwardian eras Using chronologies maps glossaries an extensive bibliography a wealth of statistical information and nearly two hundred biographies of key figures this clear and concise book provides a comprehensive guide to modern British history from the end of the Napoleonic Wars to the outbreak of the First World War As well as the key areas of political economic and social development of the era this book also covers the increasingly emergent themes of sexuality leisure gender and the environment exploring in detail the following aspects of the nineteenth century parliamentary and political reform chartism radicalism and popular protest the Irish Question the rise of Imperialism the regulation of sexuality and vice the development of organised sport and leisure the rise of consumer society This book is an ideal reference resource for students and teachers alike     **The Shaping of Modern Britain** Eric Evans,2014-01-14 In this wide ranging history of modern Britain Eric Evans surveys every aspect of the period in which Britain was transformed into the world s first industrial power By the end of the nineteenth century Britain was still ruled by wealthy landowners but the world over which they presided had been utterly transformed It was an era of revolutionary change unparalleled in Britain yet that change was achieved without political revolution Ranging across the developing empire and dealing with such central institutions as the church education health finance and rural and urban life The Shaping of Modern Britain provides an unparalleled account of Britain s rise to superpower status Particular attention is given to the Great Reform Act of 1832 and the implications of the 1867 Reform Act are assessed The book discusses the growing role of the central state in

domestic policy making the emergence of the Labour party the Great Depression the acquisition of a vast territorial empire Comprehensive informed and engagingly written *The Shaping of Modern Britain* will be an invaluable introduction for students of this key period of British history **The Conservatives - A History** Robin Harris, 2011-11-10 The history of the Conservative party has extraordinarily rarely been written in a single volume for the general reader There are academic multi volume accounts and a multitude of smaller books with limited historical scope But now Robin Harris Margaret Thatcher's speechwriter and party insider has produced this authoritative but lively history book which tells the whole story and fills a gaping hole in Britain's historiographical record Taking as his starting point the larger than life personalities of the Conservative Party's leaders and prime ministers since its inception Robin Harris's book also analyses the interconnected themes and issues which have dominated Conservative politics over the years The careers of Peel Disraeli Salisbury Baldwin Chamberlain Churchill Eden Macmillan Heath Thatcher Major Hague and Cameron together amount to an alternative history of Britain since the early nineteenth century This landmark book is essential reading for anyone with an interest in history or politics or anyone who has ever wondered how Britain came to be the nation it is today **Vietnam's Second Front**

Andrew L. Johns, 2010-01-21 The effects of domestic politics on the Vietnam War are revealed in this groundbreaking historical study by the author of *The Price of Loyalty* In *Vietnam's Second Front* Andrew L. Johns examines how American domestic politics effected the Vietnam War He pays special attention to the role of the Republican Party from the Nixon administration to grassroots organizations The revealing analysis sheds new light on the relationship between Congress and the imperial presidency as they struggled for control over US foreign policy Johns argues that from 1961 through the Paris Peace Accords of 1973 the Kennedy Johnson and Nixon administrations failed to achieve victory on both fronts of the Vietnam War military and political because of their preoccupation with domestic politics Johns details the political dexterity required of all three presidents and of members of Congress to maneuver between the countervailing forces of escalation and negotiation offering a provocative account of the ramifications of their decisions With clear incisive prose and extensive archival research Johns's analysis covers the broad range of the Republican Party's impact on the Vietnam War offers a compelling reassessment of responsibility for the conflict and challenges assumptions about the roles of Congress and the president in US foreign relations *Brokering Culture in Britain's Empire and the Historical Novel* Matthew C.

Salyer, 2020-08-03 *Brokering Culture in Britain's Empire and the Historical Novel* examines the relationship between the historical sensibilities of nineteenth century British and American romancers and the conceptual frameworks that eighteenth century imperial interlocutors used to imagine and critique their own experiences of Britain's diffused tenuous and often accidental authority Salyer argues that this cultural experience more than what Lukács had in mind when he wrote of a mass historical consciousness after Napoleon gave rise to the Romantic historiographical approach of writers such as Walter Scott James Fenimore Cooper Charles Brockden Brown and Frederick Marryat This book traces the conversion of the eighteenth

century imperial speaker into the nineteenth century romance hero through a number of proto novelistic responses to the problem of Imperial history including Edmund Burke in the Annual Register and the celebrated court case of James Annesley among others The author argues that popular Romantic novels such as Scott's Waverley and Cooper's The Pioneers convert the problem of narrating the political geographies of eighteenth century Empire into a discourse of history placing the historical realities of negotiating Imperial authority at the heart of a nineteenth century project that fictionalized the possibilities and limits of political historical agency in the modern nation state

## Decoding **Lord Salisbury A Political Biography**: Revealing the Captivating Potential of Verbal Expression

In an era characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
