Mamecestre John Harland,1861 **Mamecestre** John Harland,2022-06-25 Reprint of the original first published in 1861 **Stewards, Lords and People** D. R. Hainsworth,2008-04 Stewards Lords and People analyses the role of the estate steward in the social mechanisms of later Stuart England Lords and Lordship in the British Isles in the Late Middle Ages Rees Davies,2009-06-11 It is well known that political economic and social power in the British Isles in the Middle Ages lay in the hands of a small group of domini lords In his final book the late Sir Rees Davies explores the personalities of these magnates the nature of their lordship and the ways in which it was expressed in a diverse and divided region in the period 1272 1422 Although their right to rule was rarely questioned the lords flaunted their identity and superiority through the promotion of heraldic lore the use of elevated forms of address and by the extravagant display of their wealth and power Their domestic routine furnishings dress diet artistic preferences and pastimes all spoke of a lifestyle of privilege and authority Warfare was a constant element in their lives affording access to riches and reputation but also carrying the danger of capture ruin and even death while their enthusiasm for crusades and tournaments testified to their energy and bellicose inclinations Above all underpinning the lords control of land was their control of men a complex system of dependence and reward that Davies restores to central significance by studying the British Isles as a whole The exercise and experience of lordship was far more varied than the English model alone would suggest **Mamecestre: being chapters form the early recorded history of the barony** John Harland,1861 *Remains, Historical and Literary, Connected with the Palatine Counties of Lancaster and Chester* ,1861 **The Compleat English Copyholder, Or, A Guide to Lords of Manors, Justices of the Peace, Tenants ... &c. Being the Common and Statute Law of England, Together with the Adjudged Cases Relating to Manors, Copyhold Estates, Courts-leet and Courts-baron, Common Placed** Gentleman of the Inner Temple,1735 **The Royal Manor of Hitchin, and Its Lords, Harold, and the Balliols** Wentworth Huyshe,1906 Chitty's Annual Statutes Great Britain,Joseph Chitty,1912 *The Law Times Reports of Cases Decided in the House of Lords, the Privy Council, the Court of Appeal ... [new Series].* ,1861 **The Compleat English Copyholder : Or, a Guide to Lords of Manors, Justices of the Peace, Tenants, Stewards,** Sir Bartholomew Shower,1735 **The Craven and North-west Yorkshire Highlands** Harry Speight,1892 *Remains, Historical and Literary, Connected with the Palatine Counties of Lancaster and Chester* ,1861 The English Reports: House of Lords (1677-1865) ,1901 *The Customs of the Manors of Braunton* Robert Dymond,1888 *Report and Transactions of the Devonshire Association for the Advancement of Science, Literature and Art* Devonshire Association for the Advancement of Science, Literature and Art,1888 Gives officers financial reports by laws and papers written for the association *The Antiquary* ,1889 **The Antiquary** Edward Walford,George Latimer Apperson,1889 *Promised to the Crusader* Anne Herries,2013-09-01 In this medieval romance a knight and a noblewoman endure a murderous earl and the scars of war to rekindle their childhood love Haunted by war Sir

Zander de Bricasse is no longer the idealistic youth who left his sweetheart to join the Crusades Years have passed and he now fully expects to find Elaine married to another Instead he discovers she is in grave danger Fleeing from a murderous earl Lady Elaine is rescued by a mysterious knight her beloved Zander She s never forgotten his promise to wed her but to restore their lost love she must help this brooding tormented stranger heal the wounds of his troubled past

The Politics of the Prussian Nobility Robert M. Berdahl, 2014-07-14 Measured by its capacity to endure the Prussian nobility was the most successful in the modern history of continental Europe Throughout the long vicissitudes of its history this class the Junkers displayed a remarkable ability to adapt to new circumstances and maintain its own political power Robert Berdahl presents a comprehensive interpretation of the tenacity of the Prussian nobles from the late eighteenth century until the revolution of 1848 At one level he provides a richly detailed economic social and political history the story of how the landowning nobility coped with changes in rural social relations after the emancipation of the serfs in 1807 and of how it survived the agrarian depression of the 1820s by the development of capitalist agriculture At another level he shows how the Junkers developed an ideology of conservatism that justified their control of a society that was becoming increasingly bourgeois The domination of society by members of the nobility was traditionally supported by their experience in governing landed estates and particularly by the imagery of paternalism Capitalist agriculture undermined the old landlord peasant relations but the nobility continued to exploit paternalistic images of domination Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
