Because while vegetarians are a great vital passionate niche their healthy way of eating and the earth friendly values it inspires appeals to an increasingly large group of Americans. VT's goal To embrace both **What If ... ?** Frederick Gans, 2009-08-31 Conventional probability theory states that the odds of tails coming up when flipping a coin are fifty percent. This figure is not quite correct. Once a penny slipped from my hand and fell on the kitchen table with a single knock. Strangely the usual noise of a coin settling on a tabletop was missing. To my amazement the penny was standing on the kitchen table on its edge. The odds against such an event are astronomic. The penny was standing there as if an invisible hand from another dimension held the coin steady. Nothing happens by chance say the spiritualists. What if such a hand is there for me to steady my life and shape my future. This book describes unbelievable events in my life that prove the existence of such a helping hand. **Words on Cassette, 1999** Bowker Editorial Staff, Staff Bowker R R, Bowker, 1999-02 Popular Mechanics, 1985-02 Popular Mechanics inspires instructs and influences readers to help them master the modern world.
