Communes in America, 1975-2000 Timothy Miller, 2019-03-26 Communes in America 1975 2000 is the final volume in Miller's trilogy on the history of American intentional communities Providing a comprehensive survey of communities during the last quarter of the twentieth century Miller offers a detailed study of their character scope and evolution Between 1975 and 2000 the American communal experience evolved dramatically in response to social and environmental challenges that confronted American society as a whole Long accepted social norms and institutions family religion medicine and politics were questioned as the divorce rate increased interest in spiritual teachings from Asia grew and alternative medicine gained ground Cohousing flourished as a response to an increasing sense of alienation and a need to balance community and private lives At the same time Americans became increasingly concerned with environmental protection and preservation of our limited resources In the face of these social changes communal living flourished as people sought out communities of like

minded individuals to pursue a higher purpose Organized topically each chapter in the volume provides basic information about various types of communities and detailed examples of each type from ecovillages and radical Christian communities to pagan communes and cohousing experiments Miller also takes a step back to look at the prevalence of communal living in American life over the twentieth century Based on exhaustive research Miller's final volume provides an indispensable survey and guide to understanding utopianism's enduring presence in American culture

A Marriage of Alphas Chloe Higgins, 2023-11-21 Harper Cole has been preparing her whole life to become her pack's next Alpha. When her father gives the title to her youngest brother, Harper will proposition a fellow Alpha with a fake marriage, hoping to reclaim her position as heir. Asher, Black Alpha of the Rising Moon Pack, is struggling to lead his Pack and get rid of his controlling uncles when he is offered a strange proposition from a beautiful young wolf. As Harper and Asher fight to secure their positions, their fake relationship will be tested, as will the growing feelings between the two. Our lips brush each other's and I can taste strawberry. They're soft, warm, and inviting. I hope it appears that sparks are flying around the room. I ignore the little butterflies in my stomach. Like I said, Harper smiles wide when we pull apart. We're getting married, and I'm leaving tomorrow. *A Marriage of Alphas* is created by Chloe Higgins, an EGlobal Creative Publishing signed author.

Stories of Service, Volume 2 Janice Stevens, 2011-12-01 Perfectly blending a vast historical scope with intensely individual viewpoints, this stirring collection of stories brings a man on the ground perspective to a huge range of military history with stories of a quarter century of war from nearly every corner of the earth, including Europe, the Pacific mainland, Asia, a tense confrontation in Guantanamo Bay during the Cuban Missile Crisis, POW camps in Germany, Japan, and California, and the San Joaquin Valley home front from the 1940s through the 1960s. These 72 highly individualized narratives of combat, military service, and the personal sacrifices of war, penned by ordinary San Joaquin Valley residents and buttressed with more than 100 personal photographs, bring commentaries from soldiers, sailors, airmen, marines, nurses, ambulance drivers, and civilians. In simple, direct, and authentic language, with stories both horrific and touching, *Stories of Service, Volume 2* perfectly illustrates the personal side of war.

Finding Faith Today Bryan P. Stone, 2018-10-31 How do persons come to faith in our time? Are they active seekers or brought in by others? Is it a journey? Or is it a more sudden conversion? Are spouses, relatives, and friends most important to the process? Do clergy matter? What sorts of values, practices, and lifestyles tend to change for those who newly come to faith? What are the differences among the various religious traditions in how one comes to faith? This book presents the findings of a multi-year study on how people come to faith in the US context. It involves about 1,800 persons who recently made a new profession of faith or some other public commitment across various religious traditions in the US. An initial study was conducted twenty-five years ago on Christian populations in England by Bishop John Finney, but surprisingly little research has been done since then. *Finding Faith Today* is an expansion and follow-up of that study. The book sheds new light on how people come to faith and what sort of spiritual, practical, and social changes accompany that. The book will be a help to those seeking to open up their communities of faith to others with hospitality and integrity.
