 Downer, 2017-10-20 Admiral Lord Nelson's diamond Chelengk is one of the most famous and iconic jewels in British history
 Presented to Nelson by the Sultan Selim III of Turkey after the Battle of the Nile in 1798 the jewel had thirteen diamond rays
 to represent the French ships captured or destroyed at the action A central diamond star on the jewel was powered by
 clockwork to rotate in wear Nelson wore the Chelengk on his hat like a turban jewel sparking a fashion craze for similar
 jewels in England The jewel became his trademark to be endlessly copied in portraits and busts to this day After Trafalgar
 the Chelengk was inherited by Nelson's family and worn at the Court of Queen Victoria Sold at auction in 1895 it eventually
 found its way to the newly opened National Maritime Museum in Greenwich where it was a star exhibit In 1951 the jewel was
 stolen in a daring raid by an infamous cat burglar and lost forever For the first time Martyn Downer tells the extraordinary
 true story of the Chelengk from its gift to Nelson by the Sultan of Turkey to its tragic post war theft charting the jewel's

 rapidly changing world In a climate that reproduces the religious quest in seemingly secular places it's no longer clear
 exactly what the term pilgrimage infers and Shrines and Pilgrimage in the Modern World critiques our notions of the secular
 and the sacred while commenting on the modern media's multiplication of images that renders the modern pilgrimage a
 quest without an object Using new ethnographical and theoretical approaches this volume offers a surprising new vision on
 the non secularity of the secular pilgrimage This book will be sure to stoke our intellectual fire and heat up the discussion

Roi Ottley's World War II Mark A. Huddle, 2012-08-14 When black journalist Vincent Roi Ottley was assigned to cover the European theater in World War II he provided a perspective shared by few other war correspondents But what he really saw has taken more than sixty years to come to light Already famous as the author of *New World A Coming* in which he decried the hypocrisy of America fighting for freedom in Europe while denying it to blacks at home Ottley was sent to cover the experiences of African American soldiers that neither white journalists nor the American military felt obliged to report But while his dispatches documented this assignment his personal diary reveals a different war one that included mess hall brawls between Southern white soldiers and their black counterparts the British public's ignorance toward their own black

soldiers and other subtle glimpses of wartime life that never made it into print That journal remained buried in a collection of Ottley s papers at St Bonaventure University until Mark Huddle discovered it in the school s archives With this book he offers us a new look at World War II as he brings a forgotten figure out of history s shadow While Ottley may have had an agenda in his published articles of proving the worth of black soldiers his diary is rich in personal reflections from his fears while enduring a bombing raid in London to his true feelings about fellow reporters to his encounters with celebrities such as Ernest Hemingway and Edward R Murrow And at every turn Ottley kept a keen eye on race issues revealing a highly political as well as entertaining writer while reflecting a growing awareness that the African American freedom movement was part of a larger international struggle by peoples of color against Western imperialism Huddle s introduction frames Ottley s career and contributions and his annotations throughout the book provide additional context to the reporter s experiences Huddle also includes thirteen of Ottley s published dispatches to demonstrate the differences between his personal musings and his professional output The publication of this lost diary restores the reputation of a trailblazing figure showing that Roi Ottley was both a brilliant writer and one of America s keenest observers of race issues It offers all readers interested in race relations or World War II a more nuanced picture of life during that conflict from a perspective rarely encountered
