must start with me In so many cases we as women are the ones that give our love so freely so openly and so honestly But in return we accept the negativity of a relationship We accept the name calling the abuse whether its verbal or physical by the ones we have given our all This is not the love that God has blessed us with but the behavior that we have accepted and think it is love Life is a lesson learned daily The ups and the downs of relationships that we think are based on love are only stepping stones to a better understanding about love and how it is given and how it is accepted But first take a look in the mirror and admire the reflection you see looking back at you Love her respect her and admire her beauty her uniqueness She is rare one of a kind There is no one like her and her values are beyond any wealth It is only then when you began to love that person and accept that person you will learn what this unspeakable love is all about and how to receive and to give it without doubt

To Me, From Myself Kanchan Choudhary , Love is the most natural and blissful energy ever yet we find it hard to ever confess it to ourselves In all of the rat races to get the perfect job relationship life and everything else we literally keep running towards destinations that seldom give peace to our soul What does provide the much needed tranquillity to our existence is being on this journey to know and love ourselves for who we are The theme of this anthology lets people find and love themselves and in doing so to inspire the readers to do the same This book of love letters to self written by the most beautiful souls will inspire the readers to embark on their own self love journey
