New Frontiers of Land Control Nancy Peluso, Christian Lund, 2013-09-13 Questions about land control have invigorated thinkers in agrarian studies and economic history since the nineteenth century Exclusion alienation expropriation dispossession and violence animate histories of land use property rights and territories More recently agrarian environments have been transformed by processes of de agrarianization urbanization migration and new forms of primitive accumulation Even the classic agrarian question of how the social relations of agriculture will be influenced by capitalism has been reformulated at critical historical moments reviving or producing new debates around the importance of land control The authors in this volume focus on new frontiers of land control and their active creation These frontiers are sites where established power relationships are challenged by new enclosures and property regimes producing new social and environmental dynamics in their stead Contributors examine labor and production processes engaged by new configurations of actors new agrarian and environmental subjects and the networks connecting them and new legal and violent means of challenging established or imminent land controls Overall we find that land control still matters though in changed degrees and manners Land control will continue to inspire struggles for a long time This book was originally published as a special issue of the Journal of Peasant Studies

Nubian Pharaohs and Meroitic Kings NECIA DESIREE HARKLESS, 2006-08-30 NUBIAN PHARAOHS AND MEROITIC KINGS THE KINGDOM OF KUSH Necia Desiree Harkless has completed her odyssey of 24 years initiated by a poem that emerged in the odd moments of early morning and her studies as a Donovan Scholar at the University of Kentucky with Dr William Y Adams the leading Nubiologist of the world The awesome result is her attempt to map the cultural social political history of Nubia as a single people as actors on the world stage as they act out their destinies in the cradle of civilization The underlying purpose of her book is to reconstruct the collective efforts of the past and present Nubian campaigns and their collaborative scholarship so that the African American as well as all Americans can begin to understand the contributions of the civilization of Africa and Asia as a continuous historical entity The history of the Kingdom of Kush begins with its earliest kingdom of Kerma in 2500 BC It continues with the conquest of

Egypt by the Nubian Pharaohs in 750 BC reluctantly recognized as the Twenty fifth Dynasty of Egyptian Pharaohs They ruled as black pharaohs from their Kingdom at Napatan until they were forced one hundred years later to retreat to Napata by the Assyrians who assumed control of the Egyptians It was at Meroe the last empire of the Kush that forty generations of Meroitic kings and queens continued the Kingdom of Kush reaching monumental and dynastic heights Their symbiotic relationship with Egypt was over allowing them to develop their own indigenous culture with a language and script of their own Their architecture arts politics material and spiritual culture in the minds of many scholars surpassed that of Egypt Over two hundred pyramids have been investigated It is an epic that will be long remembered The dawn of Christianity in the Kingdom of Kush has been found in the treasure cove of the Frescoes of Faras
