Pitch dark You can't see your hand in front of your face You don't see anything When you don't see you don't know you aren't known Something like nothingness But suddenly as if you've pushed a button everything becomes illuminated visible known What a beautiful thing it is to exist Living is a beautiful thing indeed Life is the button of that light Our Lord gave us life while we were far from life and friends He gave us both life and friends What a beautiful thing life is Whatever is beautiful we know it through life we taste it through life we experience all the beauties of life We also find ourselves with life Life is such a beautiful thing It's beautiful like air like breathing It's beautiful like feeling as if you're drowning surfacing quickly and taking a deep breath We save ourselves from drowning with every breath It would be so good if we could enjoy being kept alive with every breath How to be grateful for living how to pay for the blessing of life Getting used to things makes us blind we can no longer see Although the blessing we take for granted is staring us in the face we throw it into that pitch darkness When you can't see it as a blessing you can't be grateful Is there a cure for habituation Yes there is Let's close our eyes for a few seconds Let's open our eyes as if we were using them for the first time after the darkness What is it like to see to be able to see What would you miss if you didn't see You can apply such a method of breaking habituation for every blessing you have received and everything you love This is how you can tear the veil of habituation As the poet says Living is such a beautiful thing By understanding like a master a book Like a love song Living in wonder like a child As we get used to something and take it for granted the taste meaning and beauty of seeing it for the first time disappears We can tear the veil of habituation and renew the meaning of life in our minds by changing our perspective There lies the taste of life Isn't this important too The perfect level of life is the life of heaven Our most vital issue is to turn this world into heaven on the one hand and to do things that will elevate our lives to heavenly life on the other hand Man was created for happiness in two worlds However happiness on earth and happiness in heaven are not the same Since opposites coexist in the world it will be unrealistic to seek full happiness However man can find peace with a faithful attitude among the waves turmoil changes and the hustle and bustle of the world One should live life to the fullest He should increase his good deeds He should fill his life with beauty Living is really beautiful if you live like this One should not forget the one who gave this beautiful life We should not forget that we have Lord who loves us more than anything He created He is the one who creates love He is the one most worthy of being loved we should not forget it Flowers roses especially butterflies the stars the moons the sun the seasons one should live by appreciating them In other words we should give them their due on behalf of Allah Living is really beautiful when you live like that Otherwise you see that living has become a dungeon and something meaningless Inshallah Living is a Beautiful Thing will touch hearts and lead people to good deeds May Allah be with you *Life, It's a Beautiful Thing* Laura

Leo Strauss On Plato's Symposium Leo Strauss,2001-08 The first major piece of unpublished work by Leo Strauss to appear in more than thirty years Leo Strauss On Plato s Symposium offers the public the unprecedented experience of encountering this renowned scholar as his students did Given as a course in autumn 1959 under the title Plato s Political Philosophy at the University of Chicago these transcripts previously had circulated in samizdat fashion passed down from one generation of students to the next They show Strauss at his best in his subtle and sometimes indirect style of analysis which has attracted almost as much commentary as has the content of his

thought Strauss presents a coherent and complete interpretation of the Symposium proceeding by a meticulous reading from beginning to end Operating on the once common hypothesis that commentary is an excellent method of expounding the truth Strauss sheds light not only on the meaning of the dialogue and its place in the Platonic corpus but also on a host of important topics including the nature of eros and its place in the overall economy of human life the perennial quarrel between poetry and philosophy and the relation of both to piety politics and morality the character of Socrates and the questions of his trial and many other matters As provocative as they were a half century ago these important lectures will be welcomed by students of classics philosophy politics psychology and political philosophy **Classics of Western**
