Magic Mirror Law In American History

Mark Jones, Peter Johnstone

Magic Mirror Law In American History:

The Magic Mirror Kermit L. Hall, Peter Karsten, 2009 Chronicling American law from its English origins to the present and offering for the first time comprehensive treatment of twentieth century developments this book sets American law and legal institutions in the broad context of social economic and political events weaving together themes from the history of both constitutional and private law The Magic Mirror treats law in society and the legal implications of social change in areas such as criminal justice the rights of women blacks the family and children It further examines regional differences in American legal culture the creation of the administrative and security states the development of American federalism and the rise of the legal profession Hall pays close attention to the evolution of substantive law categories such as contracts torts negotiable instruments real property trusts and estates and civil procedure and addresses the intellectual evolution of American law surveying movements such as legal realism and critical legal studies Hall concludes that over its history American law has been remarkably fluid adapting in form and substance to each successive generation without ever fully resolving the underlying social and economic conflicts that first provoke demands for legal change

American Law from a Catholic Perspective Ronald J. Rychlak, 2015-03-11 Edited by Ronald J Rychlak American Law from a Catholic Perspective is one of the most comprehensive surveys of American legal topics by major Catholic legal scholars Contributors explore bankruptcy corporate law environmental law family law immigration labor law military law property torts and several different aspects of constitutional law among other subjects Readers will find probing arguments that bring to bear the critical perspective of Catholic social thought on American legal jurisprudence Essays include Michael Ariens s account of Catholicism in the intellectual discipline of legal history William Saunders s assessment of human rights and Catholic social teaching Hadley Arkes s look at the place of Catholic social thought with respect to bioethics and many others on major legal topics and their intersection with Catholic social teaching American Law from a Catholic Perspective is essential reading for all Catholic lawyers judges and law students as well as an important contribution to non Catholic readers seeking guidance from a faith tradition on questions of legal jurisprudence Based on well developed and established ideas in Catholic social thought the evaluations suggestions and remedies offer ample food for thought and a basis for action in the realm of legal scholarship

Failures of American Methods of Lawmaking in Historical and Comparative Perspectives James Maxeiner, 2018-03-08 What Americans sought What Americans got deranged laws What Americans can do improve legal methods

United States History James Warren Oberly, 1995

The Myth of the Imperial Judiciary Mark Kozlowski, 2006-01-01 Few institutions have become as ferociously fought over in democratic politics as the courts While political criticism of judges in this country goes back to its inception today s intensely ideological assault is nearly unprecedented Spend any amount of time among the writings of contemporary right wing critics of judicial power and you are virtually assured of seeing repeated complaints about the imperial judiciary American conservatives contend not only that

judicial power has expanded dangerously in recent decades but that liberal judges now willfully write their policy preferences into law They raise alarms that American courts possess a degree of power incompatible with the functioning of a democratic polity The Myth of the Imperial Judiciary explores the anti judicial ideological trend of the American right refuting these claims and taking a realistic look at the role of courts in our democracy to show that conservatives have a highly unrealistic conception of their power Kozlowski first assesses the validity of the conservative view of the Founders intent arguing that courts have played an assertive role in our politics since their establishment He then considers contemporary judicial powers to show that conservatives have greatly overstated the extent to which the expansion of rights which has occurred has worked solely to the benefit of liberals Kozlowski reveals the ways in which the claims of those on the right are often either unsupported or simply wrong He concludes that American courts far from imperiling our democracy or our moral fabric stand as a bulwark against the abuse of legislative power acting forcefully as they have always done to give meaning to constitutional promises

American Legal History: A Very Short Introduction G. Edward White, 2014 This Very Short Introduction demonstrates the pivotal role of law in American life Chapters focus on the legal history of Indian tribes slavery property rights the relationship of law to entrepreneurial activity crime and punishment domestic relations civil injuries and tort law as well as legal education and the legal profession

Constitutional Context Kathleen S. Sullivan, 2007-03-15
Publisher Description **The History of Nebraska Law** Alan G. Gless, 2008 In the aftermath of the Civil War legislators in the Nebraska Territory grappled with the responsibility of forming a state government as well as with the larger issues of reconstructing the Union protecting civil rights and redefining federal state relations In the years that followed Nebraskans coped with regional and national economic collapses Nebraska women struggled for full recognition in the legal profession Meyer v Nebraska a case involving a teacher in a one room rural Nebraska schoolhouse changed the course of American constitutional doctrine and remains one of the cornerstones of civil liberties law And Roscoe Pound a boy from Lincoln went on to become one of the nation s great legal philosophers Nebraska holds a prominent position in the field of Native American legal history and the state s original inhabitants have been at the center of many significant developments in federal Indian policy Nebraska Indian legal history is replete with stories of failure and success heartache and triumph hardship and hope These stories are more than a mere record of the past of treaties broken or trials won they are reminders of the ongoing and sometimes tense relations among the many peoples and nations that make up the heartland Much of Nebraska law reflects mainstream American law yet Nebraskans also have been open to experiment and innovation The state revamped the legislative process by establishing the nation s only unicameral legislature and pioneered public employment collective bargaining and dispute resolution through its industrial relations commission and its relaxation of strict separation of powers These seemingly contradictory trends however are but differing expressions of a single underlying principle inscribed in the state s motto Equality Before the Law

A History of Water Rights at Common Law Joshua Getzler, 2004

This volume describes how the courts created rights for land owners and users competing to appropriate water for factories town supply drainage and transport It covers the period from early times to the late nineteenth century illustrating the changing common law of property and tort and throwing new light on the growth of the economy and the social and legal dimensions of technological innovation

History of Criminal Justice Mark Jones, Peter Johnstone, 2011-07-22 Covering criminal justice history on a cross national basis this book surveys criminal justice in Western civilization and American life chronologically from ancient times to the present It is an introduction to the historical problems of crime law enforcement and penology set against the background of major historical events and movements Integrating criminal justice history into the scope of European British French and American history this text provides the opportunity for comparisons of crime and punishment over boundaries of national histories The text now concludes with a chapter that addresses terrorism and homeland security

The Chief Justiceship of Melville W. Fuller, 1888-1910 James W. Ely, 2012-11-01 A study of the man who led the Supreme Court as the nineteenth century ended and the twentieth began exploring issues of property government authority and more In this comprehensive interpretation of the Supreme Court during the pivotal tenure of Melville W Fuller James W Ely Jr provides a judicial biography of the man who led the Court from 1888 until 1910 as well as a comprehensive and thoughtful analysis of the jurisprudence dispensed under his leadership Highlighting Fuller s skills as a judicial administrator Ely argues that a commitment to economic liberty the security of private property limited government and states rights guided Fuller and his colleagues in their treatment of constitutional issues Ely directly challenges the conventional idea that the Fuller Court adopted laissez faire principles in order to serve the needs of business Rather Ely presents the Supreme Court s efforts to safeguard economic rights not as a single minded devotion to corporate interests but as a fulfillment of the property conscious values that shaped the constitution making process in 1787 The resulting study illuminates a range of related legal issues including the Supreme Court s handling of race relations criminal justice

governmental authority and private law disputes

The Oxford Handbook of the History of Crime and Criminal Justice Paul Knepper, Anja Johansen, 2016-04-15 The historical study of crime has expanded in criminology during the past few decades forming an active niche area in social history Indeed the history of crime is more relevant than ever as scholars seek to address contemporary issues in criminology and criminal justice Thus The Oxford Handbook of the History of Crime and Criminal Justice provides a systematic and comprehensive examination of recent developments across both fields Chapters examine existing research explain on going debates and controversies and point to new areas of interest covering topics such as criminal law and courts police and policing and the rise of criminology as a field This Handbook also analyzes some of the most pressing criminological issues of our time including drug trafficking terrorism and the intersections of gender race and class in the context of crime and punishment The definitive volume on the history of crime The Oxford Handbook of the History of Crime and Criminal Justice is an invaluable resource for students and scholars of criminology

criminal justice and legal history The Revolutionary Constitution David J. Bodenhamer, 2012-08-15 The framers of the Constitution chose their words carefully when they wrote of a more perfect union not absolutely perfect but with room for improvement Indeed we no longer operate under the same Constitution as that ratified in 1788 or even the one completed by the Bill of Rights in 1791 because we are no longer the same nation In The Revolutionary Constitution David J Bodenhamer provides a comprehensive new look at America s basic law integrating the latest legal scholarship with historical context to highlight how it has evolved over time The Constitution he notes was the product of the first modern revolution and revolutions are by definition moments when the past shifts toward an unfamiliar future one radically different from what was foreseen only a brief time earlier In seeking to balance power and liberty the framers established a structure that would allow future generations to continually readjust the scale Bodenhamer explores this dynamic through seven major constitutional themes federalism balance of powers property representation equality rights and security With each he takes a historical approach following their changes over time For example the framers wrote multiple protections for property rights into the Constitution in response to actions by state governments after the Revolution But twentieth century courts and Congress redefined property rights through measures such as zoning and the designation of historical landmarks diminishing their commercial value in response to the needs of a modern economy The framers anticipated just such a future reworking of their own compromises between liberty and power With up to the minute legal expertise and a broad grasp of the social and political context this book is a tour de force of Constitutional history and analysis **A History & Guide to the United**

States Courts for the Ninth Circuit Mark Mendenhall, Chet Orloff, 1992 Crow Dog's Case Sidney L. Harring, 1994-02-25 The first social history of American Indians role in the making of American law sheds new light on Native American struggles for sovereignty and justice during the century of dishonor a time when their lands were lost and their tribes reduced to reservations **Promises to Keep** Donald G. Nieman, 2020-02-03 Widely considered the first history of US Constitutionalism that places African Americans at the center **Promises to Keep** is a compelling overview of how conflict over African Americans place in American society has shaped the Constitution law and our understanding of citizenship and rights Both authoritative and accessible this revised and expanded second edition incorporates key insights from the last three decades of scholarship and makes sense of recent developments in civil rights from the War on Drugs to the rise of Black Lives Matter **Promises to Keep** shows how African Americans have played a critical role in transforming the Constitution from a bulwark of slavery to a document that is truer to the nation s promise of equality The book begins by examining debates about race from the Revolutionary Era at the Constitutional Convention and covers the establishment of civil rights protections during Reconstruction the Jim Crow backlash and the evolution of the civil rights movement from the formation of the National Association for the Advancement for Colored People to legal victories and massive organized protests Comprehensive in scope this book moves from debates over slavery at the nation s founding to contemporary

discussions of affirmative action voting rights mass incarceration and police brutality In the process it provides readers with a historical perspective critical to understanding some of today s most important social and political issues A History of the Tennessee Supreme Court ,2002 In this first comprehensive history of the Tennessee Supreme Court seven leading scholars explore the role played by the Court in the social economic and political life of the state Charting the evolution and organization of the Court and its predecessor the Superior Court of Law and Equity the authors also assess the work of the Court within the larger context of the legal history of the South Arranged chronologically this volume covers the period from statehood in 1796 through the judicial election of 1998 and traces the range of contentious issues the Court has faced including slavery Reconstruction economic rights the regulation of business and race and gender relations The authors also outline the Court s relationship with the Supreme Court of the United States and chronicle the achievements of the Court in public and private law state constitutional law property law criminal justice and family law The central themes that emerge include the nature of federalism the search for judicial independence and the practice of judicial review As the authors demonstrate the work of the Tennessee Supreme Court highlights the importance of state courts to the federal system and illuminates the interplay between regionalism and national norms in shaping a state s legal culture Indeed as mediator of conflicts between traditional southern values and national economic and social trends the Court has generally if sometimes belatedly adopted national legal standards Further while the Court has tended to defer to the state s legislative decision making process it has on occasion assumed a more activist role in order to assert individual rights for Tennessee s citizens Sponsored by the Tennessee Supreme Court Historical Society this book is written for anyone interested in Tennessee history in general or legal history in particular Appendixes include a comprehensive table of cases and biographical information about all the Court s judges The Editor James W Ely Jr is Milton R Underwood Professor of Law and professor of history at Vanderbilt University His books include The Chief Justiceship of Melville W Fuller 1888 1910 and The Guardian of Every Other Right A Constitutional History of Property Rights He is also the series editor of the six volume Property Rights in American History Crude Politics Paul Sabin,2005 Paul Sabin offers a study of the oil market in California before World War II showing how the development of an economy society very heavily dependent upon oil production consumption was largely directed by policy decisions regarding property rights regulatory law public investment **Biographical Encyclopedia of the Supreme Court** Melvin I. Urofsky,2006-05-25 The recent dramatic shift in makeup of the U S Supreme Court has led to great interest in the rulings and legal opinions of its justices Now CQ Press brings you a comprehensive volume that analyzes the lives and legal philosophies of all past and present justices of the Court Biographical Encyclopedia of the Supreme Court includes signed essays profiling the men and women who have served and are serving on the U S Supreme Court This one of a kind reference includes not only important biographical information but also in depth details of the legal contributions made by the men and women of the nation s highest bench Keeping up with the recent

changes to the Court this volume includes all current justices New essays profile Chief Justice John Roberts and Justice Samuel Alito Justices are arranged in an easy to use alphabetical format Each essay is prefaced with key biographical information for each justice such as Birth and death dates Date of nomination to the Court The name of president who nominated the justice The date he or she was seated Date range of service on the Court Within each essay written by a top legal expert scholar or journalist Biographical Encyclopedia of the Supreme Court provides facts and context along with analysis of the opinions and legal philosophies for each justice This new volume is an updated edition of The Supreme Court Justices A Biographical Dictionary 1994 It will prove a valuable resource for academic community college law school and public libraries

Litigation and Inequality Edward A. Purcell, 1992 Litigation and Inequality explores the dynamic and intricate relationship between legal and social change through the prism of litigation tactics and out of court settlement practices from the 1870s to the 1950s Developing the synthetic historical concept of a social litigation system Purcell analyzes the role of both substantive and procedural law as well as the impact of social and political factors in shaping the de facto processes of litigation and claims disputing Focusing on tort and insurance contract disputes between individuals and national corporations he examines the changing social and economic significance of the choice between state and national courts that federal diversity jurisdiction gave litigants Litigation and Inequality scrutinizes the increasingly sophisticated methods that parties developed to exploit their ability to choose between forums It also traces the changing responses of the courts and legislatures to the escalation of tactical maneuvering It locates the origins of modern litigation practice in the quarter century after 1910 Purcell points to fundamental flaws in the efficiency theory of tort law of the late nineteenth and early twentieth century He identifies specific ways in which the legal system regularly subsidized corporate enterprise He seriously qualifies and refines the progressive charge that the federal courts favored business interests The book argues that during the period from the turn of the century to World War I especially the critical period from 1905 to 1908 the Supreme Court reoriented the federal judicial system and essentially created the twentieth century federal judiciary It also challenges the idea that diversity jurisdiction is best understood as a device to protect nonresidents from local prejudice It illuminates a range of related historical and legal issues from the ostensible formalism of the late nineteenth century judicial thinking to the origins of the workmen's compensation movement Examining these developments with clarity and insight this work will interest historians and sociologists as well as lawyers and legal scholars
