For us believing physicists the distinction between past present and future is only an illusion even if a stubborn one from Magic Mystery and Science The triumph of science would appear to have routed all other explanations of reality No longer does astrology or alchemy or magic have the power to explain the world to us Yet at one time each of these systems of belief like religion helped shed light on what was dark to our understanding Nor have the occult arts disappeared We humans have a need for mystery and a sense of the infinite Magic Mystery and Science presents the occult as a third stream of belief as important to the shaping of Western civilization as Greek rationalism or Judeo Christianity The occult seeks explanations in a world that is living and intelligent quite unlike the one supposed by science By taking these beliefs seriously while keeping an eye on science this book aims to capture some of the power of the occult Readers will discover that the occult has a long history that reaches back to Babylonia and ancient Egypt It proceeds alongside and frequently mingles with religion and science From the Egyptian Book of the Dead to New Age beliefs from Plato to Adolf Hitler occult ways of knowing have been used and hideously abused to explain a world that still tempts us with the knowledge of its dark secrets
