

THE MAGIC PRAGUE TOUR 2016

Magic Prague

Clive Barker, Simon Trussler

Magic Prague:

Magic Prague Angelo Maria Ripellino, 1994 Angelo Maria Ripellino goes beyond the tourist cliché of Prague as the golden city to bring out all the mystery ambiguity madness turbidity and hidden fascination of the city on the Vltava He uses melodrama and ghost stories the anecdotes of the enchanted traveler and raunchy barroom tales to evoke the sorcery of the Bohemian capital in a wonderful mixture of fact and fiction The point of departure for each vignette in this series inspired by the Czech capital may be a Prague neighborhood monument or artifact it may be a historical figure or literary character associated with Prague Ripellino one of Italy's leading Slavists is drawn to the haunting mystical even occult city beneath the surface He invokes the Golem Prague's Jewish Frankenstein monster as a recurring leitmotif and particularly relishes the excesses of the Gothic and Baroque eras and in the twentieth century the period of high modernism As the book opens Kafka and Hasek are still stalking the streets of the Old Town chatting with their characters Josef K and Josef Svejsek And on we go through Prague's bordellos theatres alchemists laboratories cafes and ghetto with everyone from Rudolf II to Apollinaire and the Czech dadaists for company The result of this imaginary guided tour is a deeper knowledge of the city than any conventional guidebook might provide and an introduction to Czech culture as intellectually rigorous as it is exhilarating

Magic Prague Angelo Maria Ripellino, 1995 Attempting to go beyond the cliché of Prague as the golden city this book brings out all its mystery ambiguity gloom lethargy and hidden fascination More than a literary and cultural history of Prague this book seeks to be both a celebration and requiem for an oppressed culture

The Art of Czech Animation Adam Whybray, 2020-06-25 The Art of Czech Animation is the first comprehensive English language account of Czech animation from the 1920s to the present covering both 2D animation forms and CGI with a focus upon the stop motion films of Jir Trnka Herm na T rlov Jan vankmajer and Jir Barta Stop motion is a highly embodied form of animation and The Art of Czech Animation develops a new materialist approach to studying these films Instead of imposing top down Film Theory onto its case studies the book's analysis is built up from close readings of the films themselves with particular attention given to their non human objects In a time of environmental crisis the unique way Czech animated films use allegory to de-centre the human world and give a voice to non human aspects of the natural world points us towards a means by which culture can increase ecological awareness in viewers Such a refutation of a human centred view of the world was contrary to communist orthodoxy and it remains so under late stage consumer capitalism As such these films do not only offer beautiful examples of allegory but stand as models of political dissent The Art of Czech Animation is a unique endeavour of film philosophy to provide a materialist appraisal of a heretofore neglected strand of Central Eastern European cinema

The Flâneur Abroad Richard Wrigley, 2014-10-17 This volume offers new perspectives on a crucial figure of nineteenth century cultural history the flâneur Recent writing on the flâneur has given little sustained attention to the widespread adaptation of the flâneur outside Paris let alone outside France and indeed Europe whether in the form of historic antecedents modern sequels or

contemporary echoes Yet it is clear that the allure of the fl neur s persona has led to its translation and adoption far beyond Parisian boulevards and passages and this in different media and literary genres This volume maps some of the fl neur s travels and transpositions How far the fl neur is dependent on Paris as a milieu is opened up for questioning for all the international dispersal of this idea and model in some sense Paris is always present if only as a reference to kick against or replace When modern fl neurs step out in foreign cities how much of a Parisian ethos clings to them however they might claim independence Cities which provide counterpoints to Paris discussed here are Amsterdam Brussels Dublin Le Havre London Madrid New York Prague and St Petersburg This internationalised view also reconsiders the nature of the fl neur and revises stereotypes based on Walter Benjamin s account of Baudelaire Another key feature is the chapters which analyse the fl neur in terms of visual representations whether graphic illustration streetscapes urban design cinema or album covers related to musical examples from the 1950s to the present

Contemporary Slavic horror across media Agnieszka Jezyk, 2025-06-17 In the Western cultural production that puts individual or collective fear at its center East Central Europe has been portrayed as an othered space of horror lawless frightening zones where anything can happen Incorporating articles on literature film visual arts video games music videos and music festivals Contemporary Slavic horror across media Cursed zones is a pioneering anthology of academic essays devoted to Slavic horror fiction The book focuses on works from the mid 20th century through the present particularly the post Soviet period Assessing current trends in Czech Polish Russian Slovak Ukrainian and East Central European horror media the book looks at similarities and idiosyncrasies of the genre in its Slavic variant With this anthology we hope to tame the Easterner Other and start exorcising monstrous East Central Europe

Women's Artistic Dissent Brenda A. Flanagan, Hana Waisserová, 2023-12-15 To survive Totalitarianism and retain their humanity Czech women writers went underground to write paint sculpt and create supportive communities This book explores fiction poetry and life sustaining activities of Eva vankmajerov Mother of Czech Surrealism and Eda Kriseov journalist fiction writer essayist and activist who served in President V clav Havel s first Cabinet among other Czech women who wrote and engaged in dissent during the years when Czechoslovakia ached under Soviet rule Women s Artistic Dissent Repelling Totalitarianism in pre 1989 Czechoslovakia highlights and unearths the work of women that is often undervalued and unacknowledged Flanagan and Waisserov carefully detail the variety of ways in which women resisted through literature and ecological activities shedding new light on the ways in which individuals and communities can retain their humanity even as they resist and repel dictatorial regimes in their countries

Live Evil: Of Magic and Men Sophia Vivienne Kottmayer, 2020-04-14 This volume was first published by Inter Disciplinary Press in 2011 Magic and the Supernatural have become de rigeur in popular culture to an extent that it is well nigh inconceivable to imagine our quotidian lives without them It is most probably the notion of danger and prohibition that incites our curiosity for these conceptions they can be used for the Good but out of control they trigger Evil Oftentimes it is claimed that something is only

magical until it can be explained in rational terms and that therefore we remain in a state of childish ignorance if believing in it We are made to think that it is more conducive to focus on what happens in the here and now than to worry about the afterlife From a perfectly logical point of view though this must be a misconception for there is no such thing as purity Consequently rationality cannot exist by itself And after all do stark facts not mar the pleasure of the marvellous This collection of academic papers seeks to analyse how over centuries mankind has cast supernatural experiences into narrative into archetypal stories which account for a specific culture s heritage all the while trying to conserve the marvel emerging from the inexplicable

Art and Magic in the Court of the Stuarts Vaughan Hart,2002-03-11 Spanning from the inauguration of James I in 1603 to the execution of Charles I in 1649 the Stuart court saw the emergence of a full expression of Renaissance culture in Britain Hart examines the influence of magic on Renaissance art and how in its role as an element of royal propaganda art was used to represent the power of the monarch and reflect his apparent command over the hidden forces of nature Court artists sought to represent magic as an expression of the Stuart Kings divine right and later of their policy of Absolutism through masques sermons heraldry gardens architecture and processions As such magic of the kind enshrined in Neoplatonic philosophy and the court art which expressed its cosmology played their part in the complex causes of the Civil War and the destruction of the Stuart image which followed in its wake

Central and Eastern European Literary Theory and the West Michał Mrugalski,Schamma Schahadat,Irina Wutsdorff,2022-12-05 Literary theory flourished in Central and Eastern Europe throughout the twentieth century but its relation to Western literary scholarship is complex This book sheds light on the entangled histories of exchange and influence both within the region known as Central and Eastern Europe and between the region and the West The exchange of ideas between scholars in the East and West was facilitated by both personal and institutional relations both official and informal encounters For the longest time however intellectual exchange was thwarted by political tensions that led to large parts of Central and Eastern Europe being isolated from the West A few literary theories nevertheless made it into Western scholarly discourses via exiled scholars Some of these scholars such as Mikhail Bakhtin become widely known in the West and their thought was transposed onto new Western cultural contexts others such as Olga Freidenberg were barely noticed outside of Russian and Poland This volume draws attention to the schools circles and concepts that shaped the development of theory in Central and Eastern Europe as well as the histoire crois e the history of translations transformations and migrations that conditioned its relationship with the West

H. G. Adler Peter Filkins,2019-02-12 The biography of H G Adler 1910 88 is the story of a survivor of Theresienstadt Auschwitz and two other concentration camps who not only lived through the greatest cataclysm of the 20th century but someone who also devoted his literary and scholarly career to telling the story of those who perished in over two dozen books of fiction poetry history sociology and religion And yet for much of his life he remained almost entirely unknown A writer s writer a scholar of seminal pioneering works on the Holocaust a renowned radio essayist in postwar Germany a last

representative of the Prague Circle of literature headed by Kafka a key contributor to the prosecution in the trial of Adolf Eichmann Adler was a man of his time whose times lived through him His is the story of many others but also one that is singularly his own And at its heart lies a profound story of love and perseverance amid the loss of his first wife Gertrud Klepetar who accompanied her mother to the gas chamber in Auschwitz and the courtship and extended correspondence with Bettina Gross a Prague artist who escaped to the Britain only to later learn that her mother had also been in Theresienstadt with Adler before her eventual death in Auschwitz His delivery of a lecture in Theresienstadt commemorating Kafka's sixtieth birthday and with Kafka's favorite sister present the nurturing of a younger generation of artists and intellectuals including the Israeli artist Jehuda Bacon and the Serbian novelist Ivan Ivanji the preservation of Viktor Ullmann's compositions and his opera The Emperor of Atlantis only to see them premiered decades later to world acclaim and the penury of postwar life while churning out the novels poetry and scholarship that would make his reputation all of these are part of a life survived in the moment but dedicated to the future and that of a man committed to helping human dignity survive in his time and that to come

Metamorphosis and Place Mohamed Bakari,Joshua Parker,Lucie Tunkrova,2009-05-27 If personal and national identity is often constructed in terms of place how do our identities and values change as places themselves are transformed What happens to the spaces in which we live as societal values and identities change These questions can be asked of almost any discipline whether one is taking a photograph or mapping a literary topography tracing linguistic change in a geographic region or language's importance to our conception of a political territory building a house or place of worship on a physical plot of land or constructing them from words on a page or computer software Few places are ever uniquely our own We share them knowing that the geographic points stabilizing our own identities serve on their reverse side to support an entirely different set of meanings We project our cultural or disciplinary markers onto landscapes which are already hardly blank but full of others meanings This collection brings together scholars from a range of disciplines including literary and cultural studies history political science architecture anthropology photography and art history communications sociology lexicography linguistics tourism management and theoretical psychoanalysis each shedding light on how place is both a transforming subject and a transformed object

Manfred Macmillan Carleton Bulkin,Brian James Baer,Jirí Karásek ze Lvovic,2024-10-16 Decadence meets gothic in Manfred Macmillan 1907 a carefully constructed tale of doppelgangers magical intrigue and the rootless scion of a noble house This annotated first ever English translation presents an early queer novel long unavailable except in the original Czech Author Ji Kar sek ze Lvovic 1871 1951 was a major cultural figure in his native Bohemia and cultivated ties with fellow artists from across Central Europe In their extensive scholarly introduction translator Carleton Bulkin and translation scholar Brian James Baer situate the novel within longer histories of gay literature fascinations with the occult and the cultural and linguistic politics of so called peripheral European nations They persuasively frame Kar sek as a queer author and cultural

disruptor in the fin de siècle Habsburg space Karas k rejected Czech translations of ancient Greek writers that bowdlerized gay themes and he personally and vigorously defended Oscar Wilde in print both on the grounds of artistic freedom and of private morality He also published a cycle of homoerotic poems under the title Sodom confiscated by the Austrian authorities but republished in 1905 and repeatedly afterward A colonized subject a literary decadent and a sexual outlaw Karas k s complex responses to his own marginalization can be traced through his fantastically strange novel trilogy Three Magicians As the first volume in that series Manfred Macmillan is a gorgeous compelling and important addition to expanding canons of LGBTQI literature

Surrealism and Photography in Czechoslovakia Krzysztof Fijalkowski, 2017-07-05 Surrealism and Photography in Czechoslovakia On the Needles of Days sheds much needed light on the location of the greatest concentration of Surrealist photography and examines the culture and tradition within which it has taken root and flourished The volume explores a rich and important artistic output very little of which has been seen outside of its land of origin Based on extensive research at museums in Prague and Brno and many conversations with participants in and historians of the movement Krzysztof Fijalkowski Michael Richardson and Ian Walker analyse how this photographic work has developed cohesively and rigorously from the beginnings of Czech Surrealism in 1934 to the intriguing researches of the present day Czech and Slovak Surrealist group by way of mysterious veiled responses to the repressive contexts with which they were faced from the 1950s to the 1980s The main chapters ordered chronologically are intersected with shorter texts examining specific works The reader will find in this volume images that present challenges to our understanding of how photographic work has been used within surrealism pinpointing individual pictures whose dynamic charge may induce instants of compelling interrogation and disruption

Fine Incisions Eric Ormsby, 2014-05-14 A poem I thought is a physical object as tactile as a statue I began to consider poems in textual terms there were shaggy surfaces knobbly ones mere veneers as sleek as glassine but my favourites were those in which a complex and tensile music prevailed Eric Ormsby that gracious intelligent and occasionally fractious poet has produced another vigorous collection of essays to shake North American literary criticism from its lethargy Opinionated and hilarious Ormsby indulges his wide ranging interests and discusses writers from Bob Dylan to S D Goitein La Fontaine to Leo Tolstoy Fine Incisions also draws connections between Ormsby s literary criticism and his travel writing as his essay Shadow Language notes the music of another language can seep pleasurably into a writer s work and as Ormsby also notes the lack of such linguistic overlap cheapens much of contemporary poetry Although the topics vary widely Ormsby s viewpoint remains sharp and uncompromising and his familiarity with North American British and Arabic literary cultures informs each essay and leads to new and provocative reflection Most of all each essay is an expression of Ormsby s own romance with language and his devotion is clear in his adamant insistence on all writers very best

Speaking Memory Sherry Simon, 2016-12-01 Speaking Memory evokes the complex language scapes that form at the crossroads of culture and history in cities While engaging with current debates on the nature and role of

translation in globalized urban landscapes the contributors offer a series of detailed and nuanced readings of translational cities their histories their construction and transformation in memory and the artistic projects that tell their stories The three sections of the book highlight historical case studies conceptual issues and text based analyses of city scripts in particular as they relate to creative literary practices and language interventions on the surface of the city itself In this volume translation points to the dissonance of city life but also to the possibility of a generalized public discourse a space vital to urban citizenship where the convergence of languages can be the source of new conversations Essays cover a variety of topics and approaches bringing new voices and insights to discussions on multilingualism and translation in the urban contexts of cities including Dublin Montevideo Montreal Prague and Vilnius Defining cities as fields of translational forces where languages are both in conversation and in tension translation in Speaking Memory is stretched beyond its usual confines encompassing literary artistic and cultural practices that permeate everyday contemporary life Contributors include Liamis Briedis Vilnius University Matteo Colombi University of Leipzig Michael Cronin Dublin City University Michael Darroch Windsor University Roch Duval Universit de Montr al Andre Furlani Concordia University Simon Harel Universit de Montr al William Marshall Stirling University Sarah Mekdjian Universit Paris III Alexis Nouss Universit d Aix en Provence Katia Pizzi University of London Sherry Simon Concordia University Will Straw McGill University and Miriam Suchet Universit Paris III

Janáček Beyond the Borders Derek Katz, 2009 This contextual study of Jan cek s operas reveals the composer s creative responses to a wide range of Czech and non Czech traditions Leos Jan cek is increasingly recognized as one of the major operatic masters of the early twentieth century In Jan cek beyond the Borders Derek Katz presents an interpretive and critical study of Jan cek s major operas that questions prevailing views of the composer s relationship to the Czech language and to Slavic culture and demonstrates that the operas are deeply indebted to various existing operatic traditions outside of the Czech speaking realm Katz discusses the implications for Jan cek s operas of the composer s notorious speech melody theories and of his fascination with Russia He also points out revealing and persuasive parallels to certain major operas in non Czech traditions French Italian and German that deserve notice and that demonstrate how the composer developed a practical operatic aesthetic through emulation and creative adaptation In this fresh and novel approach Katz goes beyond the normal evidentiary record letters sketches and published writings and allows Jan cek s works to speak for themselves Derek Katz is Associate Professor of Music History at the University of California Santa Barbara He has written about Czech music for American and European academic journals and for the New York Times

The Cambridge Companion to Kafka Julian Preece, 2002-02-21 Franz Kafka s writing has had a wide reaching influence on European literature culture and thought The Cambridge Companion to Kafka offers a comprehensive account of his life and work providing a rounded contemporary appraisal of Central Europe s most distinctive Modernist Contributions cover all the key texts and discuss Kafka s writing in a variety of critical contexts such as feminism deconstruction psycho analysis Marxism Jewish studies Other chapters discuss his impact on popular

culture and film The essays are well supported by supplementary material including a chronology of the period and detailed guides to further reading and will be of interest to students of German European and Comparative Literature Jewish Studies

Italian Literature since 1900 in English Translation Robin Healey, 2019-03-14 Providing the most complete record possible of texts by Italian writers active after 1900 this annotated bibliography covers over 4 800 distinct editions of writings by some 1 700 Italian authors Many entries are accompanied by useful notes that provide information on the authors works translators and the reception of the translations This book includes the works of Pirandello Calvino Eco and more recently Andrea Camilleri and Valerio Manfredi Together with Robin Healey's Italian Literature before 1900 in English Translation also published by University of Toronto Press in 2011 this volume makes comprehensive information on translations from Italian accessible for schools libraries and those interested in comparative literature

New Theatre Quarterly 67: Volume 17, Part 3 Clive Barker, Simon Trussler, 2001-10-26 New Theatre Quarterly provides a lively international forum where theatrical scholarship and practice can meet and where prevailing dramatic assumptions can be subjected to vigorous critical questioning It shows that theater history has a contemporary relevance that theater studies need a methodology and that theater criticism needs a language The journal publishes news analysis and debate within the field of theater studies

The Journey Sergio Pitol, 2015-07-20 Sergio Pitol is not only our best active storyteller he is also the bravest renovator of our literature Ivaro Enrigue in Letras Libres Pitol is probably one of Mexico's most culturally complex and composite writers He is certainly the strangest most unfathomable and eccentric His voice reverberates beyond the margins of his books Valeria Luiselli author of Faces in the Crowd Reading him one has the impression of being before the greatest writer in the Spanish language in our time Enrique Vila Matas The Journey features one of the world's master storytellers at work as he skillfully recounts two weeks of travel around the Soviet Union in 1986 From the first paragraph Sergio Pitol dislocates the sense of reality masterfully and playfully blurring the lines between fiction and fact This adventurous story based on the author's own travel journals parades through some of the territories that the author lived in and traveled through Prague the Caucasus Moscow Leningrad as he reflects on the impact of Russia's sacred literary pantheon in his life and the power that literature holds over us all The Journey the second work in Pitol's remarkable Trilogy of Memory which Deep Vellum is publishing in its entirety which won him the prestigious Cervantes Prize in 2005 and inspired the newest generation of Spanish language writers represents the perfect example of one of the world's greatest authors at the peak of his power

web proper design of gearbox has a significant place in power transmission applications traditional methods used in its design do not have ability in automating the process thus an attempt to automate preliminary design of gearbox has been accomplished in the paper

multi objective gearbox design optimization for xev axle - Jul 02 2022

web sep 6 2018 in the gearbox design process of a new edrive fig 2 several input parameters have to be considered 2 e g a transmission ratio b range of offset between input and output shaft c load spectrum and service life to guarantee reliability d desired installation space

machine design ii gearbox design coursecontent - Aug 15 2023

web overview introduction togearbox function of transmission box gear box inautomobile main components of a gearbox

working of a principle gearbox laws of stepped regulation of speeds in multi speed gearbox design procedure of gear box sliding gear type structural diagram kinematic diagram ray diagram speed chart example what is gearbox

design and build of a multi stage gearbox for undergraduate - Apr 11 2023

web the gearbox demonstration unit is designed and built to give future students in the machine design course a visual hands on way to understand and internalize the working of gear trains as either speed reducers or torque reducers the paper

design optimization of a gearbox problem formulation procedure - Jan 08 2023

web oct 4 2018 design optimization of a gearbox problem formulation procedure abstract gear systems have the capability of adjusting an input motion from a prime mover to output of torque speed mix due to this capability they are an important element in the transmission industry

calculation design and analysis of two stage single speed gearbox - Dec 07 2022

web jan 1 2021 1 introduction a gearbox is used to increase or reduce the rpm or torque the gearbox is designed for baja sae atv in baja teams should use briggs and stratton model 19 10hp engine that produces a torque of 19nm as the torque is not enough in this condition we are using reduction gearbox to increase the torque and reduce the rpm

pdf gear box design 01 researchgate - Nov 06 2022

web jan 26 2021 pdf basics about gear box design for machine tools find read and cite all the research you need on researchgate

machine tool gearbox design udemy - Feb 26 2022

web description this course basically deals with the study of mechanical system design subject most probably related to the mechanical engineering stream the course will provide the design procedure and understanding specifically for the

gearbox design part 1 youtube - Oct 05 2022

web aug 15 2020 drivetrain lead sergio perez goes over his procedure to designing and cad of the cal state la baja gearbox 00 00 26 geartrain design using geargenerator com0

back to basics gear design gear technology - May 12 2023

web gear design national broach and machine division of lear siegler inc a gear can be defined as a toothed wheel which when meshed with another toothed wheel with similar configuration will transmit rotation from one shaft to another

gearbox calculations made easy mdesign gearbox - Dec 27 2021

web complete gearboxes in one gear mdesign gearbox allows for the rapid combination of machine elements and immediate evaluation as an assembly comprising shafts their bearings and gears intuitive modelling with the 3d assistant leads to complete calculation of all components used in one go

gear design procedure in practical design khk gears - Feb 09 2023

web in this series we explain how to design gears and peripheral parts according to procedures using simple mechanisms 1 clarify specifications and determine basic elements 2 design shapes of spur gears 3 check spur gear s strength 4 design of peripheral structures of gears 5 executing the drawings of the parts related to the gears

design shapes of spur gears khk - Mar 30 2022

web this page explains how to calculate the dimensions and other factors that determine the basic shape of a gear based on the provisional gear specifications we will also explain how to use the gear calculation software

pdf design and analysis of 9 speed gearbox researchgate - Sep 04 2022

web jun 18 2020 this function is done by gearbox the purpose of this design and development is to produce a prototype gearbox system for agricultural transportation vehicles with a 750 kg transport capacity

gearbox design mech 393 final project pdf slideshare - Jan 28 2022

web apr 26 2017 headed by our chief engineer mark driscoll the team embarked on the proposed design for a double branch double reduction gearbox intended for use on the final aircraft the team had 3 main design goals minimize weight maximize efficiency and endure the aircraft s lifetime

methodology for designing a gearbox and its analysis ijert - Jul 14 2023

web jan 29 2016 when the gear design completes the next stage of gear drive development is fabrication of parts and assembly this stage included technological process selection and tool design 4 i design process material selection the first step in the gearbox design process is to select the material

pdf design of a two speed gearbox researchgate - Jun 13 2023

web jun 18 2021 pdf this report is about the design of a two speed gearbox based on the engineering standard for gears find read and cite all the research you need on researchgate

understanding motor and gearbox design instructables - Jun 01 2022

web this tutorial will teach you the fundamentals of gearbox design and implementation first i will teach you about motor characteristics next i will discuss how to choose a motor and gear ratio given application requirements

design of a three speed manual gearbox for industry applications - Apr 30 2022

web jul 1 2017 in this gearbox design mild steel was selected for the material of the gear wheels and shafts once the gear dimensions were finalized the design of the shafts was initiated the

design and optimization of planetary gears gear technology - Mar 10 2023

web gear design process light weight construction and consideration of available resources result in gearbox designs with high load capacity and power density at the same time expectations for gear reliability are high additionally there is a diversity of planetary gears for different applications

[america history of our nation 1st edition quizlet](#) - Mar 10 2023

web our resource for america history of our nation includes answers to chapter exercises as well as detailed information to walk you through the process step by step with expert solutions for thousands of practice problems you can take the guesswork out of studying and move forward with confidence

united states history 1st edition solutions and answers quizlet - Jul 14 2023

web now with expert verified solutions from united states history 1st edition you ll learn how to solve your toughest homework problems our resource for united states history includes answers to chapter exercises as well as detailed information to walk you through the process step by step
