Natural Forms of Defense Against Biological, Chemical and Nuclear Threats John Brighton, 2007-02-26 The events that took place on September 11th caused Dr John Brighton a naturopathic health consultant to ask himself questions about what role natural forms of healing might have in a

scenario involving weapons of mass destruction WMD As he examined the issues and the nature of the threat he felt assured that a naturalistic approach could make a significant contribution in conjunction with that offered by conventional medicine Moreover he felt that to use both would provide a more powerful deterrent than if either were used alone The naturalistic approach would augment the use of drugs by adding 5 extra lines of defense aimed at supporting and strengthening the immune system to deal with such a dire event These lines include A psychological dimension A social dimension A preventative dimension An environmental dimension A specific dimension The whole idea of this holistic strategy is to employ prevention and immune enhancing factors in order to reduce the level of crisis to begin with As a result the dependency on antibiotics there are no effective antivirals and other valuable medical resources can be considerably reduced and most importantly preserved for when they would be needed most Another benefit of integrating these two systems would add what Dr Brighton calls synergistic complexity as a way to reduce the current crisis of germ resistance to many most potent antibiotics and to provide a holistic approach to all forms of WMD The book clarifies the scope of the threat we face by examining The variety of biological chemical and nuclear threats The factors involved in the creation of WMD The uncanny capacity of microbes to develop resistance to our medications The threat of bioengineering and the creation of superbugs How synergistic complexity could provide a possible solution A chapter is dedicated to focusing on the specific nature and challenges posed by each biological chemical and nuclear agent This includes A description of the agent How it causes harm How it might be used as a weapon and the possibility of it being used How it is detected diagnostically and in the field The conventional method of care and treatment The suggested natural forms of defense including herbs vitamins minerals and other natural substances and healing therapies The book ends with a forward looking chapter on emerging technologies that have promise of increasing our level of defense against WMD A bibliography and a full section on resources are available

of epic fantasy novels by KJ Simmill now in one volume Darrienia It is said that the past always returns to haunt you yet some forgotten pasts have whispered names and a debt for collection Dangerous curiosities stir a hidden darkness one that patiently waits to seize control The subtle periphery between dream and reality is in peril and those chosen must face the evil behind this looming disaster But can would be heroes discover the truth in time or will they become nothing more than pawns of evil The Severaine Across the countless span of time a threat rises heralding the end of man s rule and laying to waste those who defiled its mistress It is known as the Severaine a power that could bring even the Gods themselves to their knees Our heroes had been tasked to save the world yet by their hand it was plunged into peril But fate will not relinquish its hold on the ones who are chosen Creatures once forced into slumber rise their cries heralding a new dawn as the Severaine

awakens Its sole purpose is to purge and remake the world Remedy Before there were legends there was war Before fables became twisted truth and distorted tales Now whispers from an ancient realm threaten the peace drawing a lone adventurer into The Depths of Acheron He seeks something from within this sealed domain and those banished want something in return Something belonging to them The time has come for the forgotten to be unveiled and for the sealed to be unbound Only then will the world know true fear The Dream Walker All which had come to pass had led to this Prophecies and events manipulated through shadows had paved the way for his return Sacrifices bled gateways opened and now The Father of Nightmares was free at last This time there would be no mistakes no force with the power required to stand against him The Mystics thought by sealing him within The Forest of The Epiales they had weakened him but instead they had given him the key to victory Now all must unite to prevent the darkness which is to come Should they fail should darkness fall and unleash its ancient gaolers then all hope will be lost
