Oldfield Howey, 1923 **Magic, Myth, and Money** William H. Desmond, 1962 The subtitle to William H Desmond's 1962 *Magic Myth and Money* is *The Origin of Money in Religious Ritual* As such Desmond draws on the work of German polymath Bernhard Laum who explored the idea that currency was born of religious ritual in his 1924 work *Heiliges Geld Holy Money* Desmond's contribution is to set Laum's idea of tokens arising from the sharing of meat from ritualistic slaughter within a Freudian context Specifically Desmond draws on Freud's later works on society in particular *Totem and Taboo* And in doing so he offers a view on currency very much at odds with that espoused by economists Desmond doesn't even consider barter in his explanation for the development of currency Amazon.co.uk from customer review *Myth, Magic, and Morals* Frederick Cornwallis Conybeare, 1909 *Magic, Myth and Medicine* Donald Taylor Atkinson, 1958 **The Encyclopedia of Jewish Myth, Magic & Mysticism** Geoffrey W. society C S Lewis defined Christianity and being truly human as a relationship between the personal Creator and his creation mediated through faith in his son Jesus The influential writer and mythologist Joseph Campbell had a different perspective understanding Christianity as composed of mythical themes similar to those in other religious and secular myths While accepting certain portions of the biblical record as historical Campbell taught the theological and miraculous aspects as symbolic as stories in which the reader discovers what it means to be human today In contrast Lewis presented the theological and the miraculous in a literal way Although Lewis understood how one could see symbolism and lessons for life in miraculous events he believed they were more than symbolic and indeed took place in human history In *True Myth* James W Menzies skilfully balances the two writers differing approaches to guide the reader through a complex interaction of myth with philosophy media ethics history literature art music and religion in a contemporary world

Imdeduya Gunter Senft, 2017-07-12 This volume presents five variants of the Imdeduya myth two versions of the actual myth a short story a song and John Kasaipwalova's English poem *Sail the Midnight Sun* This poem draws heavily on the Trobriand myth which introduces the protagonists Imdeduya and Yolina and reports on Yolina's intention to marry the girl so famous for her beauty on his long journey to Imdeduya's village and on their tragic love story The texts are compared with each other with a final focus on the clash between orality and scripturality Contrary to Kasaipwalova's fixed poetic text the oral Imdeduya versions reveal the variability characteristic for oral tradition This variability opens up questions about traditional stability and destabilization of oral literature especially questions about the changing role of myth and magic in the Trobriand Islanders society which gets more and more integrated into the by now literal nation of Papua New Guinea

Human Agents of Cosmic Power in Hellenistic Judaism and the Synoptic Tradition Mary E. Mills,2015-01-29 The ancient world believed that the universe was made up of elements both material and spiritual These elemental forces affected human life positively or negatively and any human being who could share their energy was a person of great significance a human agent of cosmic power This is a significant part of the background of the life and career of Jesus of Nazareth The present work is a reappraisal of Synoptic accounts of Jesus and his followers in the light of recent developments in the study of ancient magic *Defining Magic* Bernd-Christian Otto,Michael Stausberg,2014-09-11 Magic has been an important term in Western history and continues to be an essential topic in the modern academic study of religion anthropology sociology and cultural history Defining Magic is the first volume to assemble key texts that aim at determining the nature of magic establish its boundaries and key features and explain its working The reader brings together seminal writings from antiquity to today The texts have been selected on the strength of their success in defining magic as a category their impact on future scholarship and their originality The writings are divided into chronological sections and each essay is separately introduced for student readers Together these texts from Philosophy Theology Religious Studies and Anthropology reveal the breadth of critical approaches and responses to defining what is magic CONTRIBUTORS Aquinas Augustine Helena Petrovna Blavatsky Dennis Diderot Emile Durkheim Edward Evans Pritchard James Frazer Susan Greenwood Robin Horton Edmund Leach Gerardus van der Leeuw Christopher Lehrich Bronislaw Malinowski Marcel Mauss Agrippa von Nettesheim Plato Pliny Plotin Isidore of Sevilla Jesper Sorensen Kimberley Stratton Randall Styers Edward Tylor **Myth and Creative Writing** Adrian May,2013-11-19 Myth and Creative Writing is a unique and practical guide to the arts of creative writing It Gives a historical perspective on the storyteller s art Takes a wide view of myth to include legends folklore biblical myth classical myth belief myths balladry and song Considers all aspects of the creative process from conception to completion Provides tips on seeking inspiration from classical and mythic sources Shows how myths can be linked to contemporary concerns Enables beginning writers to tap into the deeper resonances of myth Guides students to further critical and creative resources A secret that all writers know is that they are part of a long tradition of storytelling whether they call it mythic intertextual interactive or original And in the pantheon of storytelling myths those stories that tell us in often magical terms how the world and the

creatures in it came to be are the bedrock a source of unending inspiration One can dress the study of literature in the finest critical clothing or intellectualise it until the cows come home but at its heart it is nothing more and nothing less than the study of the human instinct to tell stories to order the world into patterns we can more readily understand Exploring the mythic nature of writing by considering where the connections between instinct and art are made and where the writer is also seen as a mythic adventurer is a way of finding close links to what it is we demand from literature which is again something to do with the essences of human nature Further in the course of examining the nature of myth Adrian May provides a very practical guide to the aspiring writer whether in a formal course or working alone on how to write stories myths of their own from how to begin how to develop and how to close
