- Working magic on Blue Moons and Lunar Eclipses

If you are looking for a practical guide to start mastering the energy and the magic of the moon to improve your life, then keep reading. When cloudless starry nights happen, many people linger for a few moments looking up at the sky to admire the beauty of the moon, like the call of a natural instinct. But few know that the energy of the moon has been essential for life on Earth since the first cell evolved and that our whole existence revolves around the phases of the moon. Already, for our ancestors, it had a key role in hunting, fishing, agriculture, and even for pregnancy. Unfortunately, today in society, this connection with the moon and humanity no longer exists, but in the Wicca religion, the moon is still a vital element. The Wiccans are intimately connected to the moon because it is considered one of the most powerful forces to influence magical energy. For this reason, this book has a theoretical explanation, but it also contains a collection of spells and rituals with a step-by-step methodology that will allow you to start mastering magic and the moon's energy. As your skills grow, Lisa Moon will explain to you how to experiment and create spells that suit you best with the deepening of your intuition and psychic awareness. In short, here is what you will learn in this Wiccan Guide: Why the moon has been essential to life on Earth.
