Magic Shells A Tale Of The Great Barrier Reef:

The Magic Shells Ben Marcus,1985 The Great Barrier Reef Ben Daley,2014-07-17 The Great Barrier Reef is located along the coast of Queensland in north east Australia and is the world s largest coral reef ecosystem Designated a World Heritage Area it has been subject to increasing pressures from tourism fishing pollution and climate change and is now protected as a marine park This book provides an original account of the environmental history of the Great Barrier Reef based on extensive archival and oral history research It documents and explains the main human impacts on the Great Barrier Reef since European settlement in the region focusing particularly on the century from 1860 to 1960 which has not previously been fully documented yet which was a period of unprecedented exploitation of the ecosystem and its resources The book describes the main changes in coral reefs islands and marine wildlife that resulted from those impacts In more recent decades human impacts on the Great Barrier Reef have spread accelerated and intensified with implications for current management and conservation practices There is now better scientific understanding of the threats faced by the ecosystem Yet these modern challenges occur against a background of historical levels of exploitation that is little known and that has reduced the ecosystem s resilience The author provides a compelling narrative of how one of the world s most iconic and vulnerable ecosystems has been exploited and degraded but also how some early conservation practices emerged
