## Magical Dead:

*Virtual War and Magical Death* Neil L. Whitehead, Sverker Finnström, 2013-04-19 Virtual War and Magical Death is a provocative examination of the relations between anthropology and contemporary global war. Several arguments unite the collected essays which are based on ethnographic research in varied locations including Guatemala, Uganda, and Tanzania as well as Afghanistan, Pakistan, Iraq, and the United States. Foremost is the contention that modern high tech warfare as it is practiced and represented by the military, the media, and civilians is analogous to rituals of magic and sorcery. Technologies of virtual warfare such as high altitude bombing, remote drone attacks, night vision goggles, and even music videos and computer games that simulate battle reproduce the imaginative worlds and subjective experiences of witchcraft, magic, and assault sorcery long studied by cultural anthropologists. Another significant focus of the collection is the U.S. military's exploitation of ethnographic research, particularly through its controversial Human Terrain Systems (HTS) Program, which embeds anthropologists as cultural experts in military units. Several pieces address the ethical dilemmas that HTS and other counterinsurgency projects pose for anthropologists. Other essays reveal the relatively small scale of those programs in relation to the military's broader use of and ambitions for social scientific data. Whitehead. *Open Fantasy* Anthony Uyl, 2016-08-14 The crawling dungeon awaits. Dark terrors lurk within its depths that need brave adventurers to go and clean out. In *Open Fantasy* you can take the role of a wide variety of non-class based characters to clean out as many dark and dangerous places as your heart may desire. Of course the game master may have something to say about this depending on whether you've bribed her with enough soda and chips tonight. *Open Fantasy* is an OpenD6 system that allows for great flexibility and character building options. Literally anything is possible within the options listed within these pages; the only limiting factor is your own imagination along with the dungeon your game master builds for you to explore. **The Magical Origin of Kings** James George Frazer, 1920 [The Backpacker who sold his Supercar](#) Patrick Hamilton Walsh, 2013-11 If I could have or do any three things in the world, what would they be?
