candidate for the priesthood could only succeed to office by slaying the priest and having slain him he held office till he was himself slain by a stronger or a craftier This strange rule has no parallel in classical antiquity and cannot be explained from it To find an explanation we must go farther afield No one will probably deny that such a custom savours of a barbarous age and surviving into imperial times stands out in striking isolation from the polished Italian society of the day like a primeval rock rising from a smooth shaven lawn It is the very rudeness and barbarity of the custom which allow us a hope of explaining it For recent researches into the early history of man have revealed the essential similarity with which under many superficial differences the human mind has elaborated its first crude philosophy of life Accordingly if we can show that a barbarous custom like that of the priesthood of Nemi has existed elsewhere if we can detect the motives which led to its institution if we can prove that these motives have operated widely perhaps universally in human society producing in varied circumstances a variety of institutions specifically different but generically alike if we can show lastly that these very motives with some of their derivative institutions were actually at work in classical antiquity then we may fairly infer that at a remoter age the same motives gave birth to the priesthood of Nemi Such an inference in default of direct evidence as to how the priesthood did actually arise can never amount to demonstration But it will be more or less probable according to the degree of completeness with which it fulfils the conditions indicated above The object of this book is by meeting these conditions to offer a fairly probable explanation of the priesthood of Nemi I begin by setting forth the few facts and legends which have come down to us on the subject According to one story the worship of Diana at Nemi was instituted by Orestes who after killing Thoas King of the Tauric Chersonese the Crimea fled with his sister to Italy bringing with him the image of the Tauric Diana The bloody ritual which legend ascribed to that goddess is familiar to classical readers it is said that every stranger who landed on the shore was sacrificed on her altar But transported to Italy the rite assumed a milder form Within the sanctuary at Nemi grew a certain tree of which no branch might be broken Only a runaway slave was allowed to break off if he could one of its boughs Success in the attempt entitled him to fight the priest in single combat and if he slew him he reigned in his stead with the title of King of the Wood Rex Nemorensis Tradition averred that the fateful branch was that Golden Bough which at the Sibyl's bidding Aeneas plucked before he essayed the perilous journey to the world of the dead The flight of the slave represented it was said the flight of Orestes his combat with the priest was a reminiscence of the human sacrifices once offered to the Tauric Diana This rule of succession by the sword was observed down to imperial times for amongst his other freaks Caligula thinking that the priest of Nemi had held office too long hired a more stalwart ruffian to slay him    *The Sacred Magic of Ancient Egypt* Rosemary Clark, 2003 In *The Sacred Magic of Ancient Egypt* Rosemary Clark presents a comprehensive guide to a modern practice of ancient Egyptian theurgy Included are daily rituals annual ceremonies and the founding of a temple tradition for either the sole practitioner or a gathering of celebrants The dimensions of Sacred Science esoteric architecture cosmic resonance and magical practice are outlined in detail and demonstrated in a

program for practical everyday use Authentic and richly detailed this guidebook also Presents beautiful rituals patterned on ancient Egyptian texts for modern initiates Serves as an excellent reference on many aspects of the Egyptian mysteries that have not been accessible elsewhere Contains a complete repertoire of ancient hymns litanies spells and ceremonies that allows for reading in the ancient tongue Enter the timeless realm of Egyptian sacred ritual Experience for yourself the ultimate realization of ancient Egyptian spirituality the assumption of divine knowledge and grace     *Delver Magic Book I: Sanctum's Breach* Jeff Inlo, 2010-08-20 A rolling tremor passes through the land of Uton signaling a return of long absent magic as well as an ancient evil that accompanies it Ryson Acumen purebred delver senses the changes and begins his explorations to discover the source behind the upheaval In his investigations he learns that legends he considered fables hold more truth than fantasy The delver encounters elves and learns the Sphere of Ingard a talisman that captured all magical energies long ago is free from its tomb in Sanctum Mountain As violent evil creatures return to shred the very fabric of reality the sphere gains awareness and chooses to spew corrupted magical energies to obliterate all life The sphere must be destroyed but it rests within Sanctum a hollow mountain with a single path to its center The way to the sphere remains defended by devices created long ago forged by members of each race to thwart entry to the mountain's core Those that wish to defeat the sphere must not only overcome these barriers they must conquer the mistrust which has flourished during the long period of separation Human elf dwarf algor and delver must reunite to defeat the obstacles that now protect the sphere Once inside Sanctum representatives of each race face the secrets of the ages that once undone will change their lives forever     *Earnings Magic and the Unbalance Sheet* Gary Giroux, 2006-03-20 Praise for Earnings Magic and the Unbalance Sheet Gary Giroux brings a breezy entertaining writing style that really helps the reader untangle arcane accounting practices including stock options pensions off balance sheet items and the rest of his dirty thirty Edward Swanson Durst Chair and Professor of Accounting Texas A M University Earnings Magic and the Unbalance Sheet provides equity investors with clear explanations of today's financial environment together with specific analysis tools to assess the quality of earnings Gary Giroux provides a valuable and easy to use scoring system where investors assign grades to help them in their investment decisions Earnings Magic is a must read for any investor in the Dow Jones Industrial Average Dow 30 Giroux thoroughly analyzes some of the biggest and best known companies Andrew McLellan Assistant Professor of Accounting Auburn University YOUR KEY TO EVALUATING A COMPANY'S EARNINGS QUALITY Wouldn't you like to know as much as you could about a company before you invest in it Financial information on companies is readily available but not necessarily easy to interpret With shrewd tips and state of the art analytical tools Earnings Magic and the Unbalance Sheet arms you with the key strategies and principles to help you evaluate whether a company's bottom line is headed toward excellence or financial abuse This eye opening guide expertly walks you through the tangle of potentially inflated earnings and misleading accounting disclosures to determine a company's financial reality
