Kevin J. Harty, 2015-08-13 Those tales of old King Arthur Robin Hood The Crusades Marco Polo Joan of Arc have been told and retold and the tradition of their telling has been gloriously upheld by filmmaking from its very inception From the earliest of Georges Melies's films in 1897 to a 1996 animated Hunchback of Notre Dame film has offered not just fantasy but exploration of these roles so vital to the modern psyche St Joan has undergone the transition from peasant girl to self-assured saint and Camelot has transcended the soundstage to evoke the Kennedys in the White House Here is the first comprehensive survey of more than 900 cinematic depictions of the European Middle Ages date of production country of origin director production company cast and a synopsis and commentary A bibliography index and over 100 stills complete this remarkable work      Serial Killer Cinema Robert Cettl, 2007-10-18 The release of Silence of the Lambs in 1991 which swept the major Academy Awards categories legitimized the serial killer movie a genre that dates back as far as the silent era From Absence of the Good to Zodiac Killer this reference work allows a detailed study of the development of the serial killer film as a distinct genre with its own character types narrative patterns and styles An introduction outlines the historical evolution of this film genre and covers the whole range of cinematic interpretations from the response to Jack the Ripper and other real life serial killers through the late 1960s to the current state of the genre Arranged alphabetically by title the filmography covers over 500 feature films and select television movies Each entry contains a listing of the film's main credits a synopsis of the film a summary of the film's respective merits and a discussion of how they fit into the themes and structures outlined in the introduction Only films that portray the serial killer as a repeat pattern killer and directly or by suggestion reveal the killer's aberrant sexual motivations or their craving for manipulation domination and control with subsequent desires to punish women or society are included      *Reading Rocky Horror* Jeffrey Andrew Weinstock, 2008-11-24 The first scholarly collection devoted to The Rocky Horror Picture Show dissecting the film from diverse perspectives including gender and queer studies disability studies cultural studies genre studies and film studies      *Theatre in a Media Culture* Amy Petersen Jensen, 2014-11-04 As the media have increasingly become the lens through which we see the world media styles have shaped even the fine arts and contemporary theatre is particularly indebted to mass media's dramatic influence In order to stay culturally and financially viable theatre producers have associated theatrical productions and their promotion with film television and the Internet by adopting new theatrical practices that mirror the form and content of mass communication This work demonstrates how mediatization or the adoption of the semantics and the contexts of mass media has changed the way American theatre is produced performed and perceived Early chapters use works like Robert Wilson's 3D digital opera Monsters of Grace and Thecla Schophorst's digitally animated Bodymaps to demonstrate the shifting nature of live performance Critical analysis of the interaction between the live performer and digital technology demonstrates that the use of media technology has challenged and changed traditional notions of dramatic performance Subsequent discussion sustains the argument that theatre has reconfigured itself to access the economic and cultural power of the media Final

chapters consider the extent to which mediatization undermines theatrical authorship and creativity      **How to Read a**
