Magistrates Tale A Front Line Report From A New Jp:

The Magistrate's Tale Trevor Grove, 2012-08-07 When Trevor Grove was called up for Jury service he became so intrigued with the justice system that he wrote a successful book about it *The Jurymans Tale* Now he s joined the magistracy and gives a fascinating funny and insightful account of just how the magistracy works at a time of great change Lay magistrates deal with more than 95 per cent of all criminal cases in England and Wales yet they are all volunteers drawn from local communities with no legal training or special qualifications and are not paid a penny for what they do Astonishingly little is known about what it is like to serve as a magistrate Each year 5 000 people apply to become magistrates only 25 per cent are successful This book is the first for many years to shed light on the experience Interweaving his own personal experience of becoming a magistrate in north London with general observations relevant interviews and a little history Trevor Grove takes us on a fascinating journey into this extraordinary and unique institution He has visited courts all over the country to talk to magistrates and observe how crimes and criminals differ from region to region and how the benches dealing with them differ too He has visited jails and Young Offenders Institutions and he has interviewed all of the principal players from the Lord Chief Justice and Home Secretary to more integral characters such as justices clerks ushers probation officers local police and offenders His journey uncovers a remarkable act of national faith in the good sense of ordinary people which says a great deal more about the strength and health of our democracy than is sufficiently appreciated **Criminal Justice** Ursula Smartt, 2006-03-15 This Course Companion in Criminal Justice by Ursula Smartt is to be applauded It is an essential handbook for all students and practitioners who are studying the criminal justice system The user friendly framework provides students with practical support in how they can organise their approach to studying to maximise their knowledge and revision skills I have no hesitation in commending this Companion as a valuable complementary text Professor Allyson MacVean John Grieve Centre for Policing Community Safety Buckinghamshire Chilterns University College Congratulations to Ursula Smartt and SAGE on a most welcome skills text for Criminal Justice students The book is concise clear well organised and accessible highly recommended Stephen Parrott Birkbeck University of London Criminal Justice by Ursula Smartt is part of an exciting new series from SAGE It is designed to help students to make the most of their undergraduate or foundation course in Criminal Justice or Criminology Developed as accessible reference tools SAGE Course Companions offer an introduction to the subject and encourage students to extend their understanding of key concepts issues and debates This book provides a basic grounding in criminal justice alongside pointers to further reading and advice on study skills It can be used as an overview of the subject and referred to throughout the degree for tips and revision guidance Smartt s Criminal Justice is designed to complement rather than replace existing textbooks for the course and will provide Helpful summaries of the course curriculum to aid exam revision and essay planning Key summaries of the approach taken by the main textbooks on the course Guidance on the essential study skills required to pass the course Help with developing critical

thinking Route maps to aid the development of wider learning above and beyond the textbook Pointers to success in course exams and written assessment exercises A tutor's eye view of what course examiners are looking for An insider's view of what key course concepts are really all about SAGE Course Companions are much more than revision guides for undergraduate They are an essential tool to success in undergraduate courses enriching the learning experience and developing students understanding

Justice Reform and Development Linn A. Hamnergren, 2014-04-29 This book explores the objectives pursued in donor programs the methods used to advance them

and the underlying assumptions and strategies It emphasizes the unexpected and sometimes unpleasant consequences of ignoring not only political and societal constraints but also advances in our technical approaches to performance improvement the one area where the First World has a comparative advantage The geographic scope of the work is broad incorporating examples from Eastern and Central Europe Latin America Africa and the Asia Pacific region as well as from several First World nations Justice Reform and Development examines First World assistance to justice or rule of law reforms in developing and transitional societies arguing that its purported failure is vastly exaggerated largely because of unrealistic expectations as to what could be accomplished Change nonetheless is needed if the programs are to continue and would be best based on targeting specific performance problems incorporation of donor countries experience with their own reforms and greater attention to relevant research While contributing to an on going debate among practitioners and academics involved in justice programs this book will also be accessible to readers with little exposure to the topics especially advanced undergraduate and graduate students in law political science and areas studies *The justice of the peace reports* ,1913
