The Eartheart Experience Charles Anthony Lallo, 2020-01-16 The Eartheart Experience PLAN ET A Plan called Eartheart The Eartheart Experience is a philosophy transcending all that separate us Based upon our two most basic essential elements our EARTH our home EXternal and our HEART our home INternal these two common denominators to every one of us create a platform for us to all come together in a spirit of love and beauty emanating from Divine Expression It is not happenstance nor coincidence that these two most important elements to our existence happen to have exact same characters in exact same sequence with exact same numerological value It is not mere happenstance that Matthew 12 verse 40 of the Holy Bible King James Version quotes Jesus saying As Jonas lay in the belly of the whale for three days and three nights so shall the Son of man lay in the HEART of the EARTH E A R T H E A R T The Eartheart Experience points us homeward toward our spiritual mystical essence This philosophical perspective gives glimpse to an underlying Truth Reality showing us there is more than meets the eye in life The Eartheart Experience is an expression of the flow of grace This FLOW expresses a FLOWer of higher consciousness and greater awareness A deeper level of reality is that we all come from the same Source of Life It is this Source of Life that awakens each of us into every new day This is a common truth for us all How real do YOU want to get The answer determines how well we get to know ourselves A must do The EARTH is our HOME HOME is where the HEART is A perfect alignment for ENLIGHTENED ILLUMINATED LIVING YOUiverse is the book God is the author Charles Lallo The Eden family;

shewing the loss of our Paradise home, and our obligations for our rescue Jeremiah Dodsworth,1858      **The Breakthrough Experience** Dr. John F. Demartini,2002-03-01 From a renowned inspirational speaker comes an motivational guide to understanding your own greatness and potential and the magnificence of every single human soul This book is about breaking through the barriers that keep us from experiencing our true nature as light It contains an inspiring combination of science and philosophy presented in a completely accessible way that makes even the most profound concepts easily understood Through the extraordinary but true stories of ordinary people having astonishing life experiences you ll discover and explore the universal laws and principles that underlie your very existence Most important this is a practical manual for understanding why you live the way you do and how to transform your life into your highest vision You ll learn a formula to manifest your dreams discover the secrets of opening your heart beyond anything you ve imagined receive profound insights on how to create more fulfilling caring relationships reawaken your birthright as a true genius transcend the fears and illusions surrounding the myth of death and reconnect with your true mission and purpose on Earth Translated into over 36 languages The Breakthrough Experience is based on Dr John F Demartini s decades of experience as a researcher of human behavior and as one of the world s leading inspirational speakers Here Demartini offers not just a book but an Experience one that is impossible to go through without being moved challenged and changed      The God Particle Bible Michael Mathiesen,2016-10-09 It should be obvious even to the Scientists that discovered the God Particle otherwise known as the Higgs Boson that only some form of God would be the one to send out all of his particles But too many of us are so objective and jaded that we miss the most obvious lessons in Science right in front of our eyes The God Particles were the first of such things created during the Big Bang and we know this because it is only the God Particle that can give all of the other particles their mass Not only in the subatomic world but all of our lives depend on the God Particle Field remaining in effect from the beginning of Time all the way to the end of Time And if it was the first thing to be created in the universe by the Creator of the universe do we not owe this most amazing event in the history of the universe just a little more investigation and perhaps even reverence When you look at the universe both to the outside of us or to the inside of us you see the magnificent footprints and fingerprints of a master Creator Nothing is more obvious than the fact that the way things snap together so perfectly can t possibly be an accident or a random series of events There is an obvious patter to it so God s Particles the ones in the center of the current model of the common understanding of Physics and subatomic physics had to have something in the middle like a keystone for a building something that keeps it all together and in this model we finally have reality cemented together or at least most of it Today they are saying there may be a Fifth Force in the universe and a particle that carries it But in order to understand that fifth force should it prove to be real we need to fully understand the God Particle first This book is for anyone who has ever wondered why major events take place in their lives for which there seems to be no explanation The explanation is clear now thanks to the discovery in Geneva Switzerland in 2012 using the

most expensive scientific apparatus in history the Large Hadron Collider to discover the God Particle God is no longer just a myth and part of a mythology no longer is God based on fairy tales or stories in children s books God is now based on the best Scientific exploration that is possible using the human mind The God Particle it turns out is the most basic fundamental force that makes everything in the universe happen according to a plan Since the discovery of this amazing new energy we now have at our disposal a pathway to finding our source Since the God Particle was the first thing created by the Big Bang and since it gives everything else in the universe it s mass the stuff that makes things matter it is simple logic to see that the God Particle Field is the way that God promulgates his will all over the universe That means these particles are constantly working to create all of our life s events in such a way that follows God s laws especially the ones we call the Laws of Physics The good news is that anyone can understand these laws and use them to their own advantage You don t need a Ph D in any scientific discipline to fully appreciate these concepts All you need is a little bit of curiosity as to how the universe works and your place in it The God Particle Bible is a new Book that will take you on an adventure in Science where they have proven the existence of God Not only has Science proven the existence of God in the manner of the discovery of the God Particle but they have shown us how God works his miracles in our daily lives This book authored by noted Science Fiction writer Michael Mathiesen is the first of its kind to describe not only how God works but also where God lives The author presents us with an entire new form of Technology that anyone can learn to use to exploit the greatest Force in the universe to alter one s fate or change their own destiny as well as the destiny of our entire civilization The Force mentioned in Star Wars actually exists It has now been proven to exist The God Particle Bible is the first primer on how to use The Force to benefit the individual life as well as the life of the planet and all future generations

**Neo-Classical Physics or Quantum Mechanics?** Dilip D James, 2016-10-27 There is an uncanny resemblance between Christianity in the middle ages and Physics in the twenty first century Formerly the common man could neither read nor understand the scriptures as they were written in Latin the clergy had to interpret

the scriptures for the laity with predictable results Physics in the twenty first century is similar Only mathematicians with doctoral degree can understand the universe and how it works to the rest of mankind the universe is an area of darkness This is not by any means a desirable development As human beings we are all sentient individuals and as such are expected to enquire about our environment the world around us and the universe we live in On a fundamental philosophical basis it is wrong to believe that such knowledge whether by circumstance or by design is limited to a privileged few This book explains the universe for the first time in a way that is comprehensible to everyone Neo classical physics undertakes the study of the behaviour of the universe as an entity and the physics of sub atomic particles is easy to understand in everyday terms Neo classical physics is the language that sets you free free to see free to comprehend and free to wonder anew **A Pen Named Man: Our Destiny** John W.
