Kennell, 2000 The first comprehensive study of Magnus Felix Ennodius as both Latin literary figure and historical personality *Magnús Eiríksson* Gerhard Schreiber ,Jon Stewart ,2017-03-06 The present volume is the first anthology devoted to the Icelandic theologian and religious author Magn s Eir ksson 1806-81 a forgotten contemporary of S ren Kierkegaard in Golden Age Denmark With his remarkably modern views thoughts and ideas of society politics and religion Eir ksson has taken on the role of a widely unknown pioneer in various contexts As early as in his debut book *On Baptists and Infant Baptism* 1844 Eir ksson made a name for himself as a devoted advocate of tolerance and freedom of thought and conscience in matters of religion Although Eir ksson s numerous and multifaceted writings provoked a wide spectrum of reactions by members of the Danish society the central figures at that time constantly took care to avoid engaging Eir ksson or his ideas in public debate and instead met him with lofty silence The present volume aims to end this silence which has continued after Eir ksson s death and it marks the beginning of a serious discussion of Eir ksson s works and ideas The articles featured in this anthology are written by international scholars from different fields With its strategic organization the collection covers the key topics of Eir ksson s writings and provides insights into his historical cultural background Understanding Eir ksson s polemics with his Copenhagen contemporaries such as Hans Lassen Martensen Henrik Nicolai Clausen N F S Grundtvig and S ren Kierkegaard on some of the main theological issues of the day sheds light on the period as a whole and provides a new perspective on the complex and diverse discussions concerning religion in the Golden Age *Olaus Magnus, A Description of the Northern Peoples, 1555* P.G. Foote, 2017-09-29 The Swedish scholar and prelate Olaus Magnus 1490-1557 last Catholic archbishop of Uppsala lived the latter half of his life in exile His devotion to his country and his people never faltered nor his determination to give them a glorious place on the European cultural map by his writings On his justly famous *Carta Marina* published in Venice in 1539 he promised a fuller account of the North and its marvels This he accomplished in January 1555 when he issued from his own press in Rome his magnificent *Historia de gentibus septentrionalibus* This quarto volume of 815 pages divided into 22 books and a total of 778 chapters was lavishly illustrated with some 480 woodcuts most of them closely relevant to the technical matters discussed by the author The book was an immediate success and half a dozen editions appeared in the century after Olaus s death It became even better known in an epitome published in Antwerp in 1558 which was also frequently reprinted and translated This appeared in English in 1658 but it is only with the present version complete with illustrations that the whole work is made available to the English reading world It is indeed only the second full translation to appear in modern times preceded a Swedish version published in four parts between 1909 and 1925 There is little history in the sense of chronological narrative in Olaus Magnus s *Historia* It is rightly regarded as an ethnographic essay on an encyclopaedic scale touching on a vast variety of topics snowflakes and sea serpents elks and artillery sables and saltpetre watermills and werewolves Much of it was culled from ancient authorities

it was a matter of patriotic pride to identify the Swedes as the only legitimate descendants of the Goths but much of it was derived from the author's personal observations especially those made on his early travels in North Sweden His pioneering and sympathetic account of the Lapps and their way of life has attracted p **Transactions** Ecclesiological Society,1915
